Ferrari Hypercars Winston Goodfellow,2014-11-14 The only full history behind all of Ferrari's most outrageous performance cars. For over 60 years, Ferrari has produced cars that fire the imaginations of car lovers worldwide. Embodying the perfect combination of beauty, performance, exclusivity, and Italian flair, its vehicles have made it the world's most iconic carmaker. Though Ferrari has always produced road cars, the company has first and foremost focused on competition models, such as the handful of cars built in low-number serial production that campaigned on race courses the world

over in the 1950s and 60s. In *Ferrari Hypercars: The Story of Maranello's Fastest, Rarest Road Cars*, author Winston Goodfellow profiles some of Ferrari's top creations--vehicles so startling in their performance capabilities that they surpass modern terms and attain the status of hypercar. This book begins by reaching back to the 1950s to establish the lineage of hypercars and goes on to showcase the best known examples since the 288 GTO, including the F40, F50, Enzo, and all-new la Ferrari. These cars were collector vehicles from the moment they rolled off the production line, though that was never the reason for their creation; they were made to be driven. A necessary read for any racing fan, *Ferrari Hypercars* exhaustively traces the history of the company's competition vehicles and establishes its status as a symbol for speed, luxury, and wealth.

What Could Possibly Go Wrong. . . . Jeremy Clarkson,2014-09-25 *What Could Possibly Go Wrong...* is the sixth book in Jeremy Clarkson's bestselling *The World According to Clarkson* series. No one writes about cars like Jeremy Clarkson. While most correspondents are too busy diving straight into BHP, MPG and MPH, Jeremy appreciates that there are more important things to life. Don't worry, we'll get to the cars. Eventually. But first we should consider: · The case for invading France · The overwhelming appeal of a nice sit-down · The inconvenience of gin and tonic · Why clothes are no better than ice cream · Spot-welding with the Duchess of Kent · And why Denmark is the best place in the world Armed only with conviction, curiosity, enthusiasm and a stout pair of trousers, Jeremy hurtles around the world - along motorway, autoroute, freeway and autobahn - in search of

answers to life's puzzles and ponderings without forethought or fear for his own safety. What, you have to ask, could possibly go wrong... Praise for Clarkson: 'Brilliant... laugh-out-loud' Daily Telegraph 'Outrageously funny... will have you in stitches' Time Out 'Very funny . . . I cracked up laughing on the tube' Evening Standard Jeremy Clarkson began his career on the Rotherham Advertiser. Since then he has written for the Sun, the Sunday Times, the Rochdale Observer, the Wolverhampton Express & Star, all of the Associated Kent Newspapers and Lincolnshire Life. Today he is the tallest person working in British television.
