*Mecha Rogue* Brett Patton,2012-12-04 When you don't know which side to trust, go rogue. Matt Lowell is the hottest new recruit in the Universal Union's select group of pilots. Their job—control the supremely powerful biochemical robotic avatars known as Mecha. Now, the Prime of Universal Union herself has offered him an unprecedented opportunity: return to Earth to train a new elite force for a covert mission that's imperative to the future of the Union. When he and his team embark on their mission—on a border world that may be a target for the anarchical Corsairs—Matt finds that everything is not as it seems. The world is home to a dark secret that underlies the very foundation of the Union itself, and suddenly Matt doesn't know which side he and his mighty Mecha should be fighting for—or against.

*Mecha Corps* Brett Patton,2011-12-06 Matt Lowell is in hell-and there's no place he'd rather be. At a training camp on the backwater planet of Earth, he and his fellow cadets are learning to ride Mechas: biomechanicals sporting both incredible grace and devastating firepower. Their ultimate aim is to combat the pirates of the Corsair Confederacy, but before they survive a battle, they have to survive their training. Because every time Lowell and his comrades plug in to their Mechas, their minds are slowly being twisted and broken by an unseen power that is neither man...nor machine.

*Mecha Samurai Empire* Peter Tieryas,2018-09-18 The Man in the High Castle meets Pacific Rim in this action-packed alternate history novel from the award-winning author of United States of Japan. Makoto Fujimoto grew up in California, but with a difference--his California is part of the United States of Japan. After Germany and Japan won WWII, the United States fell under their control. Growing up in this world, Mac plays portical games, haphazardly studies for the Imperial Exam, and dreams of becoming a mecha pilot. Only problem: Mac's grades are terrible. His only hope is to pass the military exam and get into the prestigious mecha pilot training program at Berkeley Military Academy. When his friend Hideki's plan to game the test goes horribly wrong, Mac washes out of the military exam too. Perhaps he can achieve his dream by becoming a civilian pilot. But with tensions rising between the United States of Japan and Nazi Germany and rumors of collaborators and traitors abounding, Mac will have to stay alive long enough first...
