Mechwarrior 4 Mercenaries Comprehensive Strategy Guide Jason Head, 2010-03-06 This comprehensive manual covers all the basic and advanced tactics and styles of play that every Mechwarrior shouldn't be without. This guide takes an in-depth look at all things Mechlab from statistics to components. Specific mechs are explored as well as specific variants - 37 of them with 18 mechs represented, and 5 Battle Armor configurations. Also included are 42 maps with synopsis, terrain and drop zones. The core engine is explained through

experimentation. Lastly, the Battle/Team Battle format is scrutinized in detail with Formulas, Damage Multiplier and the Coolant Equation. If you've ever wondered how to consistently outscore the opponent and be at the top of the scoreboard read this guide!

Mechwarrior 4 Mercenaries Strategy Guide Jason Head, 2010-03-06 THE authority on scoring points in the Battle/Team Battle game type for the Mechwarrior 4 Mercenaries PC game. This unofficial guide will help you to soar to the top of the leaderboards in multiplayer. If you want tips on how to outscore your opponents read this strategy guide!

Mechwarrior 4 Mercenaries Map Strategy Guide Jason Head, 2010-03-06 Mechwarrior 4 Mercenaries MAP Strategy Guide is the second in a series of three Strat Guides. This manual goes into detail about specific multiplayer maps you will encounter when playing Mercs. It will prepare you to tailor the tactics explained in the first guide to the current map. Specific tactics are mentioned played by the author and tested in online play. The first guide helped with scoring points on the Battle/Team Battle format with generalities. However, different maps require different gameplay to be successful. How do you know when to Brawl? How do you know when to use Circle-of-Death? When is Hit-and-Run a viable Style of Play? This guide will answer those questions and send your score soaring even higher.

Mechwarrior 4 Mercenaries Book of Variants is the third and final book in a series. This strategy guide is meant to compliment the previous two. Building these variants may help you to score points, but without the tactics listed in the first book, or picking the right mech and variant for the map that is mentioned in the second book, you really aren't using these variants to their full capacity. Put simply, you may not see a huge change on the scoreboard. Hence, the need for this guide. Specific variants for many mechs are listed in detail allowing you to make them in the Mechlab in just seconds. Then its on to combat where your newly build mech will see action and where you will see your points soar.

MechWarrior 2 - Mercenaries Joe Grant Bell,1996

Mech Warrior 2: Mercenaries is the highly anticipated prequel to last year's blockbuster hit Mech Warrior 2. It continues the exploration of FASA's popular Battletech Universe. Prima Publishing has the exclusive license for this book. There will be no other official books, unlike Mech Warrior 2 which was licensed by two

book publishers.

BattleTech: The Mercenary Life Randall N. Bills, 2021-04-13 A COST IS ALWAYS PAID... Nikolai Reed is a trader on a Lyran JumpShip plying the space lanes... Chloe Mason is a hot-shot tech with the Hsien Hotheads mercenaries... Leaving the Northwind Highlanders, MechWarrior Ryana Nikol fills a billet with the Eridani Light Horse... Disparate lives, but a unified dream that will bring them all together on a fateful course that will span decades, cover hundreds of light years, and involve love, friendship, and loss across a dozen worlds. Each will pay a price along the way, as a cost always comes due. The Mercenary Life anthology is a compilation of stories written by Randall N. Bills. Including tales from several different characters as they cross paths, and the dream to found a new mercenary command is born. Their unique lives showcase the struggles and trials of the men and women who take up the mercenary mantle from a variety of angles, all bound around that central vision. The first eight stories of this anthology were originally posted for free alongside the release of MechWarrior 5: Mercenaries, acting as the origin stories for the mercenary command within that computer game. This is the first time they have been compiled into a single volume to allow for a Print on Demand physical copy. Additionally, an all-new ninth story has been added—The Sun Will Rise—along with postscripts for every story that gives the reader insight into how stories are crafted within a shared universe between tabletop, computer games, and fiction that spans more than thirty years and

tens of millions of words.

Mech Warrior 2 Joe Grant Bell, 1995 First it was BattleTech. Then it was MechWarrior. Now MechWarrior 2, the ultimate Mech game, has escaped from the tabletop dimensions of its forebears into cyberspace. MechWarrior 2: The Official Strategy Guide is the key to victory!

Science Fiction Video Games Neal Roger Tringham, 2014-09-10 Understand Video Games as Works of Science Fiction and Interactive Stories Science Fiction Video Games focuses on games that are part of the science fiction genre, rather than set in magical milieux or exaggerated versions of our own world. Unlike many existing books and websites that cover some of the same material, this book emphasizes critical analysis, especially the analysis of narrative. The author analyzes narrative via an original categorization of story forms in games. He also discusses video games as works of science fiction, including their characteristic themes and the links between them and other forms of science fiction. Delve into a Collection of Science Fiction Games The beginning chapters explore game design and the history of science-fictional video games. The majority of the text deals with individual science-fictional games and the histories and natures of their various forms, such as the puzzle-based adventure and the more exploratory and immediate computer role-playing game (RPG).

101 Ways to Promote Your Web Site Susan Sweeney, 2002 The author presents a comprehensive, hands-on, step by step guide for increasing Web site traffic by using hundreds of proven tips,

tools and techniques. Her advice will help readers attract more of their targeted customers to their Website and optimize the Web site from a marketing perspective.

BattleTech: Embers of War Jason

Schmetzer, 2016-03-01 ONE WAR ENDS...AND ANOTHER

BEGINS... For Ezra Payne and the Stealthy Tiger mercenaries, professionalism is everything. Hired to assist in the bitter, bloody fighting on the planet Hall, they quickly earn a decisive victory for their employer. They settle afterward in for a needed period of rebuilding, and a few months' peace before moving on to the next contract. But their respite does not last. More mercenaries, hired by the Allied Mercenary Command itself, land on Hall. They believe the Tigers' employer to be league with the Word of Blake, a shadowy interstellar organization that worships technology, and which has been building its own empire among the worlds around Terra. The Tigers want nothing of this battle, but war rages across the Inner Sphere. The hard-fought cease-fire cannot last, even on Hall, and when every faction is embittered and fueled by fervor, peace has no chance at all. As a new conflict erupts, will the Stealthy Tigers' BattleMechs be enough to save them? Or will the looming threat of renewed war engulf them in its fiery embrace?

BattleTech Legends: Mercenary's Star William H. Keith, Jr., 1987-06-01 BACKS AGAINST THE WALL... Galatea. The Mercenary's Star. Even the most down on their luck units can find work here. Leading the newly-formed Gray Death Legion has been challenging for Grayson Death Carlyle, so when a job comes their way, he's only too happy to take it. The mission: train the local resistance on the planet Verthandi to resist their Draconis Combine masters. But things do not go well almost from the moment the Legion arrives. Trapped on Verthandi and facing a superior force and a fractured

populace, the men and women of the Legion find themselves in a situation that makes the campaign on Trellwan look like a walk in the park. And Grayson quickly learns repeating his past successes may not be so easy this time...
