The Marriage First Aid Kit ,2009-08 In his 35] years as a therapist and marriage counselor, Bryce Kaye has come to know that problems in marriages are not going to be overcome by a self help book, a Marriage For Idiots handbook, or a couple of episodes of Dr. Phil in the afternoon. His work, The Marriage First Aid Kit, is just what the title suggests, a temporary help for couples until more permanent care can be obtained. Dr. Kaye helps his audience work on issues resulting from communication avoidance by showing how to balance the conflicting needs of attachment and autonomy in a relationship. This vital balance is endangered not only by the obvious assassins abuse, affairs, and addictions, but also what Kaye terms hedonic inhibitions the inability by some partners to seek and enjoy fun in a couple's life together. Kaye employs everyday wisdom and therapeutic theory to show individuals in a relationship how to establish autonomy while affirming attachment, how to manage inevitable and healthy conflicts, and how to share power and responsibility throughout their marriage. Incorporating examples culled from his years of helping clients, Kaye peppers his book with problem scenarios to which readers can relate as well as with a useful variety of measurement tools and viable exercises to help couples through the common issues faced in intimate relationships. Rising above the plethora of quick-fix, relationship-help manuals, The Marriage First Aid Kit by Bryce Kaye, PhD offers professional, intelligent suggestions to couples to be employed, not as panaceas, but as temporary help while they work their way through the difficulties of life together.

CharcoalRemedies.com : the Complete Handbook of Medicinal Charcoal and Its Applications John Dinsley,2005 In a day when the fourth leading cause of death in America is due to adverse effects of properly prescribed drugs (Jounal of American Medical Association - July 2000), many are asking, Are there not safer alternatives? Yes there are!! Allow me to introduce to you one extraordinary yet simple natural remedy - Activated medicinal charcoal.Charcoal, What is it?We drink water filtered by it; breath are scrubbed with it; eat food purified through it; wear clothes made with it; preserve things in it; go to war with it; enjoy hundreds of dishes cooked by it; we move mountains with it; we make the night sky sparkle with it; grow our food and flowers in it; we take it with us to the bottom of the deepest oceans and out into space; swim in water washed with it; draw our inspirations with it; record man's history dipped in it: and then we call upon it to clean up many of our environmental mistakes. Not least and not last, medicinal charcoal plays an increasingly significant role in maintaining, restoring and enhancing man's level of health. No wonder we naturally warm up to it.I heartily recomment CharcoalRemedies.com The Complete Handbook of Medicinal Charcoal and It's Applications by author John Dinsley. As a physician, as a mother and grandmother, as a public health educator for the past 41 years, I have come to fully trust the efficacy and safety of charcoal as simple yet powerful home remedy. EVERY FAMILY, every healthcare worker, every traveler abroad, every health conscious individual needs a copy in their home library. --Agatha Thrast, MD (Co-founder Uchee Pines Institute. Medical Examiner for the State of Georgia)

Herbal First Aid Kit Davilyn Atwood,2014-03-22 Herbal First Aid Kit came about through my studies to create my own herbal first aid kit. I love to work with herbs and natural medicines, and wanted to understand the items that I felt were most important to my family. I believe there is a place for modern health care, but I also am a firm believer that there are many things that we could use naturally, to heal minor ailments. I believe that these things in nature are there for us to learn about, and use for our better good. If I can avoid another trip to the doctor, or help heal someone through some of my natural remedies or other suggestions, then I have been successful in creating my own herbal first aid kit. I reference this book often in my own home, and it has helped to heal countless little complaints.
