Mel and Sue - The Biography Tina Campanella, 2014-10-12 With their silly puns, down-to-earth style and obvious affection for each other, Mel Giedroyc and Sue Perkins were a defining part of 1990s popular culture. For two years their hit show, Light Lunch, was staple viewing for housewives and students up and down the country, and with lucrative advertising deals and endless panel show invitations it seemed like the duo were destined for superstardom. Comedy queens French and Saunders were even ready to hand over their crowns to the young stars, who they saw as their natural successors. But just a few short years later, Mel and Sue had gone their separate ways, leaving their loyal fans in mourning over the loss of the light-hearted double act. While Sue's career progressed steadily over the years, Mel's stalled, and with two young kids and a large mortgage she and her husband were left on the verge of bankruptcy. And although Sue was so popular she was hardly off our screens, her personal life wasn't always so uncomplicated. It would take ten years of hard work and setbacks before the revival of their old partnership would shoot them once more to the top - and cement their place in the nation's heart. In this, the first biography of the cake-loving stars, award-winning journalist and author Tina Campanella gives you a candid insight into Mel and Sue's bumpy journey from funny best friends to much-loved presenters of the BAFTA-nominated, surprise hit show, The Great British Bake Off. It's a recipe for a great read.

From Here to Maternity Mel Giedroyc, 2005 Mel Giedroyc's memoirs a hilarious and hectic nine-month spiral towards motherhood. I'm 35 years old. A low-ranking TV personality. Rather immature and carefree, my only responsibility to date has been a guinea pig. All that's about to change.

Going Ga Ga Mel Giedroyc, 2011-08-31 'Why is my hair starting to go as grey as Blake Carrington's? What is our local pub called? Are bootcut jeans still fashionable? These are just some of the questions I'll never answer now I've had my first baby.' With her TV career hitting the skids and her daughter's nappy doing the same every two hours, her husband suddenly unemployed and the bank writing to her only in red, Mel needs to come up with a scheme, and fast: Move to a house they can't afford, of course! Welcome to an endless cabaret of sleeplessness, removal men, sinister toddler groups, husband-stealing lodgers and competitive mums.

Spectacles Sue Perkins, 2015-10-08 Discover the woman behind the spectacles in the hilarious, incredibly moving memoir from much loved comedian, writer and presenter Sue Perkins, star of Mel & Sue and The Great British Bake Off 'Very funny. Reading her memoir is very like meeting her' Sunday Times 'Tight & bright & full of inspiration' Chris Evans, Radio 2 When I began writing this book, I went home to see if my mum had kept some of my stuff. What I found was that she hadn't kept some of it. She had kept all of it - every bus ticket, postcard, school report - from the moment I was born to the moment I finally had the confidence to turn round and say 'Why is our house full of this shit?' Sadly, a recycling 'incident' destroyed the bulk of this archive. This has meant two things: firstly, Dear Reader, you will never get to see countless drawings of wizards, read a poem about corn on the cob, or marvel at the kilos of brown flowers I so lovingly pressed as a child. Secondly, it's left me with no choice but to actually write this thing myself. This, my first ever book, will answer questions such as 'Is Mary Berry real?', 'Is it true you wear a surgical truss?' and 'Is a non-spherically symmetric gravitational pull from outside the observable universe responsible for some of the observed motion of large objects such as galactic clusters in the universe?' Most of this book is true. I have, of course, amplified my more positive characteristics in an effort to make you like me. Thank you for reading. Praise for Spectacles 'Drama, tears and laughs - Spectacles has got it all. A brilliant, touching memoir suffused with love, it reminds you that life is best lived at wonky angles. I ADORED it' Jessie Burton, bestselling author of The Miniaturist 'It's a proper book . . . so well written. Tight & bright & full of inspiration' Chris Evans, Radio 2 'Very funny . . . It seems there are two Sue Perkins: the TV one, who gabbles and pratfalls, and the sensitive one who aches. The first of course, exists to protect the second. They can both write. The first writes comedy, the second tragedy; in this sense, reading her memoir is very like meeting her' Sunday Times

In Luke, Hannah finds someone she can finally talk to about all the questions she's grappling with. Emory just wants everything to go back to normal -- the way it was before the accident. Crater's Edge Michal Giedroyc, Norman Davies, 2010-05-01 In September 1939, as a 10 year-old boy, Michal Giedroyc watched the Russian security police seize his home in Eastern Poland. His father, a senator and judge, was imprisoned while his mother, with Michal and his two sisters, were left on the streets of the local town to fend for themselves. Later they were transported in cattle trucks to the wastes of Soviet Siberia, with hundreds of thousands of other deportees. Here, by the will of the rulers of the Soviet Empire, we were to toil and die. Eighteen months of deprivation and hunger on a collective farm brought them to the brink of extinction. Exhausted, half starved, and ill, Michal's mother and her children set off on a second grueling journey that would take them across Central Asia to Persia, the Middle East, and finally England. In one dramatic incident their survival hinged remarkably on the just two simple objects—a potato and a penknife.
