

Mercenary

Michael Mallett

Mercenaries Sarah Percy,2007-10-11 With unprecedented historical range, this book examines the use of mercenaries from the courts of medieval Europe through to private security companies in modern-day Iraq, and explores the key ethical questions surrounding the mechanics of private military action.

The Mercenary Paul Vidich,2021-02-02 From acclaimed spy novelist Paul Vidich comes a taut new thriller following the attempted exfiltration of a KGB officer from the ever-changing—and always dangerous—USSR in the mid-1980s. Moscow, 1985. The Soviet Union and its communist regime are in the last stages of decline, but remain opaque to the rest of the world—and still very dangerous. In this ever-shifting landscape, a senior KGB officer—code name GAMBIT—has approached the CIA Moscow Station chief with top secret military weapons intelligence and asked to be exfiltrated. GAMBIT demands that his handler be a former CIA officer, Alex Garin, a former KGB officer who defected to the American side. The CIA had never successfully exfiltrated a KGB officer from Moscow, and the top brass do not trust Garin. But they have no other options: GAMBIT's secrets could be the deciding factor in the Cold War. Garin is able to gain the trust of GAMBIT, but remains an enigma. Is he a mercenary acting in self-interest or are there deeper secrets from his past that would explain where his loyalties truly lie? As the date nears for GAMBIT's exfiltration, and with the walls closing in on both of them, Garin begins a relationship with a Russian agent and sets into motion a plan that could compromise everything.

The Modern Mercenary Sean McFate,2017-05-10 In *The Modern Mercenary*, Sean McFate lays bare this opaque world, explaining the economic structure of the industry and showing in detail how firms operate on the ground. A former U.S. Army paratrooper and private military contractor, McFate provides an unparalleled perspective into the nuts and bolts of the industry, as well as a sobering prognosis for the future of war. While at present, the U.S. government and U.S. firms dominate the market, private military companies are emerging from other countries, and warlords and militias have restyled themselves as private security companies in places like Afghanistan and Somalia. To understand how the proliferation of private forces may influence international relations, McFate looks back to the European Middle Ages, when mercenaries were common and contract warfare the norm. He concludes that international relations in the twenty-first century may have more in common with the twelfth century than the twentieth. This back to the future situation, which he calls neomedievalism, is not necessarily a negative condition, but it will produce a global system that contains rather than solves problems.

Mercenaries and Paid Men John France,2008-03-31 Why were mercenaries such a commonplace of war in the medieval and early modern periods and why have they traditionally been so poorly regarded? Who were mercenaries, and how were they distinguished from other soldiers? The contributors to this volume attempt to cast light on these questions.

The Mercenary Kinsey,2023-06 Ever since the French Revolution and the rise of the rise of national armies, the mercenary has been viewed as a maligned and marginalized actor in international relations. The Mercenary challenges this view, suggesting instead that while delegated to the periphery of Great Power politics, the mercenary remained a coercive instrument of state power who was willing to discretely promote the client's foreign policy when called upon to do so. Never has this been more evident than today. This book offers fresh insight into the future of the mercenary as an instrument of state coercion and explains why there is a mercenary renaissance in the 21st century. The start of the 21st century has seen renewed interest in the mercenary from across the political spectrum. The growing reliance by the US, Russia, and China on military and security contractors suggests that the mercenary remains a key player in International Politics, now emerging from the shadows to help expand state influence on the world stage by serving as an important actor in the conduct of conflict and the winning of small wars. Far from being marginalized, the future of the mercenary is set to be increasingly active.

A History of Modern Mercenary Warfare Harry McCallion,2024-04-04 Since before the time of Alexander the Great trained soldiers have sold their expertise on battlefield around the World, fighting and dying in other people's wars for money, glory or the lust for violence and combat. In this book Harry McCallion explores the development of modern mercenary forces from the British SAS led deniable operation in Yemen in late 1960's, during which the Israelis were persuaded to arm the SAS led Yemeni tribesmen, through the bush wars in Africa, Britain's ill fated intervention in the war in Afghanistan right up to today's War in Ukraine. Many of the modern day British mercenaries were known to the author personally. including such notably figures as the legendary SAS Fijian warriors "Tak" Takevesia who, although in his early sixties shot his way out of an ambush in Bagdad and Fred "Big Fred" Mrafano who devoted himself to the cause of the people of Serra Leone. SAS veteran .Bill Scully who received the Queen's Gallantry Medal single-handedly protected 1,300 civilians from rebel troops during the uprising in May 1997 after the Sierra Leone coup and American Vietnam veteran Major "Mac" Mackenzie, who although badly wounded in Vietnam, rose from trooper to command a Rhodesian SAS squadron and was one of the units most highly decorated soldiers. Also included are more notorious figures like Costas Georgiou also known by his alias Colonel Callan who served in the 1st Battalion of the Parachute Regiment but was dishonorably discharged and sentenced to five years in prison for a post office robbery, later he proclaimed himself a "Colonel" and led a group of psychopathic mercenaries in the Angolan War of Independence, before being captured and executed by Angolan forces. The book explores the roles of modern day mercenaries, who's use has expanded precisely because they are mercenaries, fighting for money and not love of country, their deaths are not seen as a patriotic sacrifice, often they go unreported and in turn helps to conceal the true tragic human cost of waging a war. As one former private military contractor recently stated to Australian TV "If you want to conquer in the 21st century you use mercenaries, special forces, things to keep war secret and nobody's better at secret wars than mercenaries."

A Modern Mercenary Kate Prichard,Hesketh Hesketh-Prichard,1899

Mercenaries and Their Masters Michael Mallett,2009-08-19 The eminent Renaissance historian's classic study of warfare between Italian city-states between the 13th and 16th centuries. Michael Mallett's lucid account of the age of the condottieri—or mercenary captains of fortune—and of the soldiers who fought under them is set in the wider context of the Italian society of the time and of the warring city-states who employed them. Mallett presents a colorful portrait of the mercenaries themselves, as well as their commanders and their campaigns, while also exploring how war was practiced in the Renaissance world. Mallett puts special focus on the 15th century, a confused period of turbulence and transition when standing armies were formed in Italy and more modern types of military organization took hold across

Europe. But it also looks back to the middle ages, and forward to the Italian wars of the sixteenth century when foreign armies disputed the European balance of power on Italian soil. First published 1974, Mallett's pioneering study remains an essential text on the subject of warfare in the late medieval period and the Renaissance.

Medieval Mercenaries William Urban, 2015-11-30 The Middle Ages were a turbulent and violent time, when the fate of nations was most often decided on the battlefield, and strength of arms was key to acquiring and maintaining power. Feudal oaths and local militias were more often than not incapable of providing the skilled and disciplined warriors necessary to keep the enemy at bay. It was the mercenary who stepped in to fill the ranks. A mercenary was a professional soldier who took employment with no concern for the morals or cause of the paymaster. But within these confines we discover a surprising array of men, from the lowest-born foot soldier to the wealthiest aristocrat the occasional clergyman, even. What united them all was a willingness, and often the desire, to fight for their supper. In this benchmark work, William Urban explores the vital importance of the mercenary to the medieval power-broker, from the Byzantine Varangian Guard to fifteenth-century soldiers of fortune in the Baltic. Through contemporary chronicles and the most up-to-date scholarship, he presents an in-depth portrait of the mercenary across the Middle Ages.

The Mercenary Jerry Pournelle, 1977

Mercenaries in Medieval and Renaissance Europe Hunt Janin, Ursula Carlson, 2014-01-10 In medieval and Renaissance Europe, mercenaries--professional soldiers who fought for money or other rewards--played violent, colorful, international roles in warfare, but they have received relatively little scholarly attention. In this book a large number of vignettes portray their activities in Western Europe over a period of nearly 900 years, from the Merovingian mercenaries of 752 through the Thirty Years' War, which ended in 1648. Intended as an introduction to the subject and drawing heavily on contemporary first-person accounts, the book creates a vivid but balanced mosaic of the many thousands of mercenaries who were hired to fight for various employers.

Mercenary Reynolds Mack, 2023-12 Mack Reynolds' novel *Mercenary* is a science fiction novel. This thought-provoking tale takes place in a future society dominated by political beliefs, power struggles, and international interactions. Miles Gilbert, the protagonist, is a professional mercenary, a soldier for hire in a world where nations no longer fight traditional wars but instead hire mercenaries to fight on their behalf. Gilbert is a multifaceted figure who navigates a morally confusing environment where loyalty, politics, and personal ethics collide. As the novel progresses, Gilbert becomes engaged in a succession of worldwide wars, each of which is motivated by the interests of strong nations and companies. His experiences shed insight on the complex mechanics of a society where conflict has become a profitable business. Mack Reynolds deftly employs *Mercenary* as a vehicle for exploring themes of war, diplomacy, and the ethics of violence. The story explores concerns about the role of mercenaries in influencing nations' fates, as well as the blurred lines between patriotism and profit. *Mercenary* is a politically charged and intellectually fascinating work of science fiction that asks readers to consider the implications of a society in which violence is outsourced to private warriors.

Mercenary's Honor Sharron McClellan, 2008-09-01 Keep your friends close and your enemies closer In Bogotá, it could be difficult to tell which was which. Since witnessing a brutal murder, Fiona had been on the run. The reporter's only shot at survival was tracking down the notorious mercenary Angel. As skilled with weapons as Fiona was with words, the dark, sullen merc thought her naive and foolhardy, yet he agreed to get her out of Colombia even at his own peril. But Fiona desired more than safety; she wanted justice. And soon, she realized, she wanted Angel....

Seducing the Mercenary Loreth Anne White, 2007-11-01 To the world, Jean-Charles Laroque was a tyrannical ruler—a powerful mercenary driven by greed. But was he threatening enough to assassinate? Making that assessment was profiler Emily Carlin, a woman whose professionalism masked her phobia of being dominated by an alpha male. A male like Laroque. Working undercover to infiltrate his psyche, Emily discovered a noble man—and an undeniable attraction. Amid the hot nights, Emily found herself falling for the magnetic Laroque. And if he discovered her true identity, she might lose not only her chance at love, but also her life.

The Mercenary Petra Landon, 2017-08-19 When passion flames amidst the embers of a smoldering war, will one warrior's quest for justice bring a mighty Empire to its knees ... In a far corner of the galaxy, a deadly war rages on. The Budheya people are one of the worst affected. Once the most advanced civilization in the quadrant, they now struggle under the cruel yoke of Ketaari occupation. Saakshi, a Budheya rebel imprisoned by the Ketaari Imperial Forces, is sent to a distant space station to work in an alehouse. For a girl who has known only hardship in her short life, things could be worse. Until an old foe from the past walks into the alehouse. Alone, friendless and far from home, desperation forces her to turn to an unlikely source for assistance. Zoran is Hadari'Kor, notorious for their prowess on the battlefield. Their reputation as nomadic mercenaries who owe allegiance to none and only fight for hire make people wary of tangling with them. The fallout from this improbable alliance between a Budheya rebel and the Hadari'Kor mercenary reverberates across space. Old assumptions are broken and new partnerships between unlikely allies forged. Through the minefield of shifting alliances, Zoran must fight to protect Saakshi from a relentless enemy. When a warrior's heart demands justice for his beloved, his quest will set them on a path to alter the destiny of her oppressed people, the course of the war, and the very fate of their corner of the universe.

War Dog Al J. Venter, 1904-07-20 Mercenaries have been with us since the dawn of civilization, yet in the modern world they are little understood. While many of today's freelance fighters provide support for larger military establishments, others wage war where the great powers refuse to tread. In *War Dog*, Al Venter examines the latter world of mercenary fighters effecting decisions by themselves. In the process he unveils a remarkable array of close-quarters combat action. Having personally visited every locale he describes throughout Africa and the Middle East, Venter is the rare correspondent who had to carry an AK-47 in his research along with his notebook and camera. To him, covering mercenary actions meant accompanying the men into the thick of combat. During Sierra Leone's civil war, he flew in the front bubble of the government's lone Hind gunship—piloted by the heroic chopper ace "Nellis"—as it flew daily missions to blast apart rebel positions. In this book the author not only describes the battles of the legendary South African mercenary company Executive Outcomes, he knew the founders personally and joined them on a number of actions. After stemming the tide of Jonas Savimbi's UNITA army in Angola (an outfit many of the SA operators had previously trained), Executive Outcomes headed north to hold back vicious rebels in West Africa. This book is not only about triumph against adversity but also losses, as Venter relates the death and

subsequent cannibalistic fate of his American friend, Bob MacKenzie, in Sierra Leone. Here we see the plight of thousands of civilians fleeing from homicidal jungle warriors, as well as the professionalism of the mercenaries who fought back with one hand and attempted to train government troops with the other, in hopes that they would someday be able to stand on their own. The American public, as well as its military, largely sidestepped the horrific conflicts that embroiled Africa during the past two decades. But as Venter informs us, there were indeed small numbers of professional fighters on the ground, defending civilians and attempting to conjure order from chaos. In the process their heroism went unrecorded and their combat skill became known only to each other. In this book we gain an intimate glimpse of this modern breed of warrior in combat. Not laden with medals, ribbons, civic parades, or even guaranteed income, they have nevertheless fought some of the toughest battles in the post- Cold War era. They simply are, and perhaps always will be, "War Dogs." AL J. VENTER has been an international war correspondent for nearly thirty years, primarily for the Jane's Information Group. He has also produced documentary television films on subjects from the wars in Africa and Afghanistan to sharkhunting off the Cape of Good Hope. Among his previous works are The Iraqi War Debrief: Why Saddam Hussein Was Toppled and Iran's Nuclear Option: Tehran's Quest for the Atomic Bomb. A native of South Africa, he is currently resident in the United Kingdom.

The New Mercenaries Anthony Mockler,1987 Human vermin, African leaders called them. When mercenaries suddenly reappeared on the twentieth century scene in Katanga in 1960, amazement, dismay, and uproar followed. Since that disconcerting revival of an apparent anachronism, the world came to accept mercenary soldiers. Indeed, some of their leaders became household names -- Rolf Steiner, Bob Denard, Black Jack Schramme, and Mad Mike Hoare, who luck finally ran out in the Seychelles. After beginning with a brief history of the mercenary soldier, Mockler continues with a series of lengthy, interconnected chapters which describe political upheavals in South Africa and which chronicle the part hired soldiers have played in these events.

Mercenary David M. Gaughran,2020-01-17 Lee Christmas gets drunk and falls asleep at the throttle of his locomotive, plowing straight into an oncoming train. Blacklisted from the railroad and his marriage in tatters, he flees New Orleans on a steamer bound for the tropics. In Honduras, he begins a quiet new life. But trouble has a way of finding Christmas. With unrest sweeping the countryside, he's kidnapped by bandits. Soon, he finds himself taking sides in an all-out civil war—as leader of the rebellion. MERCENARY is the story of the USA's most famous soldier of fortune: the hard-drinking drifter who changed the fate of a nation. Praise for MERCENARY: "Highly recommended to readers of adventure fiction and history, as well as anyone interested in American adventurism and meddling in Latin America." - Michael Wallace, Wall Street Journal and USA Today bestselling author. "Lee Christmas led a roaring life on and off the battlefield. Gaughran's great, fast-paced read keeps you right alongside all his exploits." - Richard Sutton, author of The Red Gate. Keywords: Historical fiction | Literary fiction | Biographical fiction | Adventure novel | Central America | Latin America | Honduras | New Orleans | Lee Christmas | History

How to Become a Mercenary Barry Davies,2020-05-19 For anyone who's ever considered a career as a warrior-for-hire—or who just wants to learn more about the lifestyle—How to Become a Mercenary is the ultimate guide to all the history, training, and equipment information you'll ever need! Mercenaries—who are often trained as part of the best Special Forces, including American Delta Force, British SAS, French Foreign Legion, Marines, SBS, SEALs, and many others—perform one of the most dangerous and feared jobs in the world. Their task is to go into remote locations and remove their targets by any means necessary. They are "hired hands," and have no remorse for their actions. Now, along with Soldier of Fortune magazine, Barry Davies teaches you the training and knowledge that goes into being a mercenary, as well as the history of the profession and how it has evolved. How to Become a Mercenary will teach you everything you've ever needed to know about becoming a mercenary, and also how to excel at it with information on weapons, escape plans, and overall safety. You will learn: • Where and how to find work • How to understand and apply the most modern tactics • What languages to master • Which weapons are preferred • How to disappear after you've completed your job It's always been about the money, but in this book, you will learn all the skills that you must acquire before you take your first job. Just remember: Article 47 of the Geneva Convention states that "a mercenary shall not have the right to be a combatant or a prisoner of war." Getting caught is not an option, and in this manual, you will learn how to avoid that at all costs.

Mercenary Instinct Ruby Lionsdrake,2015-09-20 Skulking around in the ruins on a planet swarming with treasure hunters, slavers, and bounty hunters isn't good for one's health. But Ankari Markovich needs a few archaeological samples for her latest business venture, a venture that might prove lucrative enough to move her family off the impoverished planet where she grew up. Unfortunately, she has no sooner collected her samples than she's captured by a band of brawny mercenaries. The captain might be handsome, but he's intent on turning her over to some finance lord who has, for reasons unknown, put a bounty on her head, a ridiculously large one at that. If she can't figure out a way to escape before she's delivered to the lord's home world, she could be forced into a life of indentured servitude-or worse. Captain Viktor Mandrake doesn't usually take on piddling bounty hunting gigs, but when his intelligence officer informs him of a criminal on a nearby planet, he decides it wouldn't hurt to take a shuttle down to collect the woman. But Ankari Markovich is trouble from the start, nearly eluding his elite forces, then fighting and tricking his people left and right. He finds himself admiring her spirit, but according to her warrant, she's a criminal. The safest thing is to keep her in the brig and ignore her until she can be handed off to the man who wants her. But the situation grows more complicated when other bounty hunters show up, wanting to claim Ankari for themselves. Thanks to this woman, Viktor's ship is in danger, his crew members are going missing, and he's fighting enemies he never asked for in a jungle in the middle of a hurricane. He's either going to strangle Ankari... or fall in love. Either scenario could get him killed.

Mercenary Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been more evident than ever. They have the capability to inspire, provoke, and ignite change. Such could be the essence of the book **Mercenary**, a literary masterpiece that delves deep into the significance of words and their effect on our lives. Compiled by a

renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall effect on readers.

Mercenary Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Mercenary PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting

that while accessing free Mercenary PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Mercenary free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Mercenary Books

1. Where can I buy Mercenary books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Mercenary book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Mercenary books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Mercenary audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Mercenary books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
