Mfp Mike "Mfp" Pasqua,2009-06 My Name is Mike Pasqua. I was a nondescript person in high school until I started to call into talk radio and comment on different things. As the people know who call into talk radio, they will ask you who you are and where you are calling from. I would answer Mike to name and Plaquemine to where I was calling from. Later on, it simply became MFP. Still later, as I got more into the internet, I started to blog. And this book is an outgrowth of the one of my many blogs. This book is about what is going on in the political world. Correction, most of the information is about events that passed by and some of the information can be considered as a prediction. If one considers a particular note or blog a prediction they you may do the research on whether or not it cam true or not.
