MG's Abingdon Factory Brian Moylan, 2015-01-20 Brian Moylan started working for MG in 1950 as a mechanic in the service/repair shop. In 1955 he was drafted in to the Racing Department, which was the centre for all BMC competition work. During his time there he was fortunate enough to work on several rally winning Minis including the 1967 Monte Carlo Rally winner. Just before the factory closed in 1980 Bryan was offered the position of manager of a small satellite Morris Garages outlet. Bryan has always been involved in the MG Car Club, serving on the committee of the local Centre in various capacities. Since his retirement he has started giving slide shows on MG history and writing articles for the leading Classic Car magazines, plus three books on MG and rally connected subjects. Bryan also works closely with the Abingdon Museum setting up MG Exhibitions and is currently working towards having a permanent exhibition in the Museum.

MG Century David Knowles,2024-03-12 Celebrate and explore 100 years of MG cars with this impressive volume featuring expert commentary, historical images, period ads, and contemporary photography. For many car enthusiasts, MG is synonymous with "sports car." It is often credited with igniting a passion for European cars in postwar America at a time when roads were otherwise filled with the lumbering output of Detroit. In MG's native England, the company's cars filled roles from family transport to competition driving. MG, as we think of it today, began in the 1920s, but its roots go back even further with a young William Morris. Initially working in the booming bicycle trade, he eventually branched into motorcycle and car repair with the fledgling Morris Garage (hence, MG) in 1907. By the mid 1920s, the successful Morris Garages was in a position to begin manufacture of its own cars under the MG name. MG grew significantly in the years before World War II, building and racing its classic Midgets and Magnettes. World War II provided challenging times for the company as it did for the UK and much of the world. In the postwar period, a focus on sales outside England, and particularly in the United States, both defined MG's product line and ensured its success. Legendary cars followed, including MG TC, TD, and TF followed by thoroughly modern MGA, MGB, MGB GT, and Midget. Magnettes and the 1100 offered options for those wanting sedans and more practical cars. MG ownership moved through a number of UK companies in the postwar period as well as ownership by BMW and today's SAIC, a Chinese-based company through which it operates as MG Motor. Highlights along the way included the MGB GT V8, MG Metro Group B rally car, and MGF. Based on its latest state-of-the-art EV platform, MG will soon

launch an all-new roadster coming full circle over its century in business. Authored by marque expert David Knowles, *The MG Century: 100 Years of Safety Fast!* is a fitting celebration of one of the automotive world's oldest and most beloved brands—and a must-have for every car enthusiast.
