**Religion and Sustainable Agriculture** Todd LeVasseur, Pramod Parajuli, Norman Wirzba, 2016-10-21 Distinct practices of eating are at the heart of many of the world's faith traditions -- from the Christian Eucharist to Muslim customs of fasting during Ramadan to the vegetarianism and asceticism practiced by some followers of Hinduism and Buddhism. What we eat, how we eat, and whom we eat with can express our core values and religious devotion more clearly than verbal piety. In this wide-ranging collection, eminent scholars, theologians, activists, and lay farmers illuminate how religious beliefs influence and are influenced by the values and practices of sustainable agriculture. Together, they analyze a multitude of agricultural practices for their contributions to healthy, ethical living and environmental justice. Throughout, the contributors address current critical issues, including global trade agreements, indigenous rights to land and seed, and the effects of postcolonialism on farming and industry. Covering indigenous, Buddhist, Hindu, Christian, Muslim, and Jewish perspectives, this groundbreaking volume makes a significant contribution to the study of ethics and agriculture.

**Europe After Wyclif** J. Patrick Hornbeck II, Michael Van Dussen, 2016-11-01 This volume brings together scholarship that discusses late-medieval religious controversy on a pan-European scale, with particular attention to developments in England, Bohemia, and at the general councils of the fifteenth century. Controversies such as those that

developed in England and Bohemia have received ample attention for decades, and recent scholarship has introduced valuable perspectives and findings to our knowledge of these aspects of European religion, literature, history, and thought. Yet until recently, scholars working on these controversies have tended to work in regional isolation, a practice that has given rise to the impression that the controversies were more or less insular, their significance measured in terms of their local or regional influence. *Europe After Wyclif* was designed specifically to encourage analysis of cultural cross-currents—the ways in which regional controversies, while still products of their own environments and of local significance, were inseparable from cultural developments that were experienced internationally.

*The Good Hand* Michael Patrick F. Smith, 2021-02-16 “A book that should be read . . . Smith brings an alchemic talent to describing physical labor.” —The New York Times Book Review “Beautiful, funny, and harrowing.” – Sarah Smarsh, The Atlantic “Remarkable . . . this is the book that Hillbilly Elegy should have been.” —Kirkus Reviews A vivid window into the world of working class men set during the Bakken fracking boom in North Dakota Like thousands of restless men left unmoored in the wake of the 2008 economic crash, Michael Patrick Smith arrived in the fracking boomtown of Williston, North Dakota five years later homeless, unemployed, and desperate for a job. Renting a mattress on a dirty flophouse floor, he slept boot to beard with migrant men who came from all across America and as far away as Jamaica, Africa and the Philippines. They ate together, drank together, argued like crows and searched for jobs they couldn't get back home. Smith's goal was to find the hardest work he could do—to find out if he could do it. He hired on in the oil patch where he toiled fourteen hour shifts from summer's 100 degree dog days to deep into winter's bracing whiteouts, all the while wrestling with the demons of a turbulent past, his broken relationships with women, and the haunted memories of a family riven by violence. *The Good Hand* is a saga of fear, danger, exhaustion, suffering, loneliness, and grit that explores the struggles of America's marginalized boomtown workers—the rough-hewn, castoff, seemingly disposable men who do an indispensable job that few would exalt: oil field hands who, in the age of climate change, put the gas in our tanks and the food in our homes. Smith, who had pursued theater and played guitar in New York, observes this world with a critical eye; yet he comes to love his coworkers, forming close bonds with Huck, a goofy giant of a young man whose lead foot and quick fists get him into trouble with the law, and The Wildebeest, a foul-mouthed, dip-spitting truck driver who torments him but also trains him up, and helps Smith make a hand. *The Good Hand* is ultimately a book about transformation—a classic American story of one man's attempt to burn himself clean through hard work, to reconcile himself to himself, to find community, and to become whole.

**Sentenced to a Life of Recovery** Michael Patrick Murtaugh,2023-09-20 Michael Patrick Murtaugh has been sober for more than thirteen years. After so much time working on himself, reflecting on where his life went wrong, and sharing his story with thousands of people across the country, the now founder and pastor of Life Recovery

Church wanted to share his message of Jesus with a larger audience. In this book, he recalls the abuse he suffered growing up, multiple stints of homelessness, his service in the Army and what led to his honorable discharge, and the addiction that overtook his life from an early age. By the time he was forty-five, he'd been jailed seven times, and he knew something needed to change. It did when he checked himself into Calvary Addiction Recovery Center in 2010. Early on in his recovery, he realized that his story could make an impact on those who still struggle with pain, resentment, and addiction. That was all the motivation he needed to share the message of how he conquered his demons. Learn how Jesus Christ helped the author change his life forever and fueled him with an unstoppable energy to help others in *Sentenced to a Life of Recovery*.
