Also called the Moon Festival or Mooncake Festival, this celebration is all about appreciating the moon and the harvest. Thanking the Moon: Celebrating the Mid-Autumn Moon Festival Grace Lin,2012-09-26 This simple, young, and satisfying story follows a Chinese American family as they celebrate the Mid-Autumn Moon Festival. Each member of the family lends a hand as they prepare a moonlit picnic with mooncakes, pomelos, cups of tea, and colorful lanterns. And everyone sends thanks and a secret wish up to the moon. Grace Lin's luminous and gloriously patterned artwork is perfect for this holiday tale. Her story is simple—tailor-made for reading aloud to young children. And she includes an informative author's note with further details on the customs and traditions of the Moon Festival for parents and teachers. The Moon Festival is one of the most important holidays of the year along with the Lunar New Year, so this book makes an excellent companion to Grace Lin's *Bringing In the New Year*, which features the same family.

Celebrating the Mid-Autumn Festival Sanmu Tang,2010-09-10 In these charming volumes, Little Mei asks her grandfather about each of the four different Chinese celebrations represented. He tells her the stories of Nian and the monster Xi (Chinese New Year); Qu Yuan, a patriotic poet who loved his kingdom (Dragon Boat Festival); the Jade Emperor of Heaven who ordered the earth to be destroyed by fire (Lantern Festival); and Hou Yi who shot down the suns (Mid-Autumn Festival). In *Celebrating the Mid-Autumn Festival* Little Mei wants to know why her family members have all come together this evening. Grandpa tells her the story of Hou Yi who shot down the suns and his wife, Chang'e, who floats to the moon. Includes a quick recipe for moon cakes.

The Shadow in the Moon Christina Matula,2018-07-17 A unique blend of traditional folklore and contemporary customs brings the Chinese Mid-Autumn Festival to life. Two sisters and their grandmother celebrate a popular Chinese holiday with family. Their favorite part? Mooncakes, of course--along with Ah-ma's story of the ancient Chinese tale of Hou Yi, a brave young archer, and his wife, Chang'E. A long, long time ago, Hou Yi rescued the earth from the heat of ten suns. The Immortals rewarded him with a magic potion that could let him live in the sky with them forever. But when a thief tries to steal the potion, what will Chang'E do to keep it out of dangerous hands? The sisters are mesmerized by Ah-ma's retelling and the fact that the very mooncakes they enjoy each holiday are a symbol of this legend's bravest soul.

□□□□ Jie Wei (Children's author),2021 A sweet story that highlights a family's bond, even when they're far apart. In China, the Mid-Autumn festival is a time to celebrate and reunite with family. However, Maomao's father is away on a business trip this year, and won't be able to enjoy the holiday with his wife and son. Hoping they can celebrate under the same bright moon despite the distance between them, Maomao asks the moon to deliver a postcard to his father; the moon smiles and promises to deliver the message safely. The moon sets off immediately, using the stars in the sky as her guide. During her journey, the moon makes many friends: swimming alongside the fish, chasing clouds and planes, playing hide-and-seek with a little girl. Finally, she delivers the postcard to Maomao's father and, at last, they are all celebrating under the same moon.

Greek Diaspora and Migration since 1700 Dimitris Tziovas,2016-04-22 The Greek diaspora is one of the paradigmatic historical diasporas. Though some trace its origins to ancient Greek colonies, it is really a more modern phenomenon. Diaspora, exile and immigration represent three successive phases in Modern Greek history and they are useful vantage points from which to analyse changes in Greek society, politics and culture over the last three centuries. Embracing a wide range of case studies, this volume charts the role of territorial displacements as social and cultural agents from the eighteenth century to the present day and examines their impact on communities, politics, institutional attitudes and culture. By studying migratory trends the aim is to map out the transformation of Greece from a largely homogenous society with a high proportion of emigrants to a more diverse society inundated by immigrants after the end of the Cold War. The originality of this book lies in the bringing together of diaspora, exile and immigration and its focus on developments both inside and outside Greece.

Ashes of Mid Autumn D. Garcia-Wahl,2003-04-01 Elizabeth. With the utterance of her name, *Ashes of Mid Autumn* begins a series of correspondence from one poet in America to another in Germany. The letters detail a turbulent love affair that reaches down into the wells of madness and obsession. These often poetically-written letters question the nature of both love and despair while telling a complex tale that begins in the heart and ends in the mind. aWhat have I overlooked? It seems impossible that I have overlooked anything when everything now stands in nakedness, as our poet writes.
