William Taubman

*Gorbachev* Mikhail Gorbachev,1999-10-20 The last president of the Soviet Union discusses Communism, the Cold War, and bringing democracy to Russia in this sweeping political memoir. Drawing on his own experience and rich archival material, Mikhail Gorbachev shares his illuminating perspective on Russia's past, present, and future place in the world. Beginning with the October Revolution of 1917, he notes how much Vladimir Lenin and the Bolshevik Party did to modernize Russia. While he argues that the Soviet Union had a positive influence on social policy in the West, Gorbachev maintains that this positive development was cut short by Stalinist totalitarianism. Discussing the fall of the USSR in depth, Gorbachev examines the goals of perestroika, awakening ethnic tensions, the inability of democrats to unite, and his own attempts to preserve the union through reform. In retracing those fateful days, he explains the origins of Russia's present crisis. He then lays out a blueprint for Russia's future, charting a path toward meaningful economic and political reforms. He also presents possible resolutions to a number of international dilemmas, including NATO expansion, the role of the UN, the fate of nuclear weapons, and environmental problems

*Mikhail Gorbachev* Mikhail Sergeevich Gorbachev,Green Cross International,2011-01-01 This anthology, compiled to celebrate Gorbachev's eightieth birthday, features speeches and writings, as well as tributes from political contemporaries and partners in the environmental and peace movements. The tributes from the many colleagues and friends reflect the esteem in which Mikhail Gorbachev is held and the special place he occupies in modern history.

*Memoirs* Mikhail Sergeevich Gorbachev,1996 In these long-awaited memoirs, Mikhail Gorbachev looks back on a lifetime that mirrors the fate of the Russian people. From the persecution of his family under Stalin to his first political steps, to his extraordinary rise within the Communist Party, Gorbachev recounts the events that led to his own disillusionment, without which the eventual implosion of communism would not have taken place. He casts an equally sharp eye on the policies of both past communist governments and present-day reformers.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. *Conversations with Gorbachev* Mikhail Gorbachev,Zdenek Mlynar,2012-08-14 Mikhail Gorbachev and Zdenek Mlynar were friends for half a century, since they first crossed paths as students in 1950. Although one was a Russian and the other a Czech, they were both ardent supporters of communism and socialism. One took part in laying the groundwork for and carrying out the Prague spring; the other opened a new political era in Soviet world politics. In 1993 they decided that their conversations might be of interest to others and so they began to tape-record them. This book is the product of that "thinking out loud" process. It is an absorbing record of two friends trying to explain to one another their views on the problems and events that determined their destinies. From reminiscences of their starry-eyed university days to reflections on the use of force to "save socialism" to contemplation of the end of the cold war, here is a far more candid picture of Gorbachev than we have ever seen before.

*Mikhail Gorbachev, a Leader for Soviet Change* Walter G. Oleksy,1989 Describes the life and rise to power of the Soviet leader who has brought about the present openness of the Soviet Union to the West.

**Mikhail Gorbachev and the End of Soviet Power** John Miller,2016-07-27 One of the first studies of the full career of M S Gorbachev as Soviet leader, this book traces his seven-year struggle to reform the Soviet system and his failure to preserve it. Mr Miller analyses characteristics of Gorbachev that puzzled the West - his reformist gradualism, his relationship to the Communist party, his attitudes to communism, revolution, democracy and nationalism - and explores their role in the collapse of Soviet power.

**Gorbachev** Mikhail Sergeevich Gorbachev,2000 Drawing on his own experience, rich archival material, and a keen sense of history and politics, Mikhail Gorbachev offers his rare perspective on a range of subjects concerning Russia's past, present, and future place in the world--including the October Revolution, the Cold War, and key figures such as Lenin, Stalin, and Yeltsin.

*Gorbachev: His Life and Times* William Taubman,2017-09-05 A National Book Critics Circle Award Finalist "Essential reading for the twenty-first [century]." --Radhika Jones, The New York Times Book Review In the first comprehensive biography of Mikhail Gorbachev, William Taubman shows how a peasant boy clambered to the top of a system designed to keep people like him down, found common ground with America's arch-conservative president Ronald Reagan, and permitted the USSR and its East European empire to break apart without using force to preserve them. Drawing on interviews with Gorbachev himself, transcripts and documents from the Russian archives, and interviews with Kremlin aides and adversaries, Taubman's intensely personal portrait extends to Gorbachev's remarkable marriage to a woman he deeply loved. Nuanced and poignant, yet unsparing and honest, this sweeping account has all the amplitude of a great Russian novel.

**Mikhail S. Gorbachev** Strobe Talbott,Donald Morrison,1988 A biography detailing how Gorbachev rises through the ranks of the Communist Party and becomes the leader of the Soviet Union.

**The Struggle to Save the Soviet Economy** Chris Miller,2016-10-13 For half a century the Soviet economy was inefficient but stable. In the late 1980s, to the surprise of nearly everyone, it suddenly collapsed. Why did this happen? And what role did Soviet leader Mikhail Gorbachev's economic reforms play in the country's dissolution? In this groundbreaking study, Chris Miller shows that Gorbachev and his allies tried to learn from the great success story of transitions from socialism to capitalism, Deng Xiaoping's China. Why, then, were efforts to revitalize Soviet socialism so much less successful than in China? Making use of never-before-studied documents from the Soviet politburo and other archives, Miller argues that the difference between the Soviet Union and China--and the ultimate cause of the Soviet collapse--was not economics but politics. The Soviet government was divided by bitter conflict, and Gorbachev, the ostensible Soviet autocrat, was unable to outmaneuver the interest groups that were threatened by his economic reforms. Miller's analysis settles long-standing debates about the politics and economics of perestroika, transforming our understanding of the causes of the Soviet Union's rapid demise.

*Mikhail Gorbachev, the Soviet Innovator* Steven Otfinoski,1989 If there is one man responsible for the end of the Cold War and the fall of the Soviet system, that man is Mikhail Gorbachev. Yet in one of history's ironies, Gorbachev wanted only to reform the USSR, not destroy it. And by the time he tried to rein in the changes he had begun, he found himself no longer in control of his country or his fate.

*The New Russia* Mikhail Gorbachev,2016-06-08 After years of rapprochement, the relationship between Russia and the West is more strained now than it has been in the past 25 years. Putin’s motives, his reasons for seeking confrontation with the West, remain for many a mystery. Not for Mikhail Gorbachev. In this new work, Russia’s elder statesman draws on his wealth of knowledge and experience to reveal the development of Putin’s regime and the intentions behind it. He argues that Putin has significantly diminished the achievements of perestroika and is part of an over-centralized system that presents a precarious future for Russia. Faced with this, Gorbachev advocates a radical reform of politics and a new fostering of pluralism and social democracy. Gorbachev’s insightful analysis moves beyond internal politics to address wider problems in the region, including the Ukraine conflict, as well as the global challenges of poverty and climate change. Above all else, he insists that solutions are to be found by returning to the atmosphere of dialogue and cooperation which was so instrumental in ending the Cold War. This book represents the summation of Gorbachev’s thinking on the course that Russia has taken since 1991 and stands as a testament to one of the greatest and most influential statesmen of the twentieth century.

*Mikhail Gorbachev* George Sullivan,1988 A biography of the Soviet leader, emphasizing his rise to power and his role in forming the present openness of the Soviet Union to the West.

**Perestroika** Mikhail Sergeevich Gorbachev,1988 Relates the Soviet changes in attitudes, ideas, and practices that he is implementing.

*Gorbachev's Gamble* Andrei Grachev,2018-03-12 Gorbachev’s Gamble offers a new and more convincing answer to this question by providing the missing link between the internal and external aspects of Gorbachev’s perestroika. Andrei Grachev shows that the radical transformation of Soviet foreign policy during the Gorbachev years was an integral part of an ambitious project of internal democratic reform and of the historic opening of Soviet society to the outside world. Grachev explains the motives and the intentions of the initiators of this project and describes their hopes and their illusions. He recounts the story of the internal debates and struggles in the Kremlin and behind-the-scene decisions that led to the Soviet withdrawal from Afghanistan, the fall of the Berlin Wall, the break-up of the Warsaw Pact and eventually the demise of the Soviet Union itself. The book is based on exclusive interviews with the leaders of the Soviet Union including Gorbachev, personal notes and diaries of their assistants and advisers and transcripts of the discussions inside the Politburo and Secretariat of the Central Committee. Together they constitute a multi-voice political confession of a whole generation of decision-makers of the Soviet Union that enables us better to understand the origin and the breathtaking trajectory of the events that led to the end of the Cold War and the unprecedented transformation of world politics in the closing decades of the 20th century.

**Mikhail Gorbachev** Michel Tatu,1991 Both a detailed biography and an analysis of Gorbachev's goals and policies through 1990.

Man Who Changed the World Mikhail Gorbachev,1993-04-01

**Gorbachev** Gail Sheehy,1991

**What Is at Stake Now** Mikhail Gorbachev,2020-09-28 Thirty years after the end of the Cold War, world peace is at risk again. The United States has withdrawn from the disarmament treaty with Russia, Europe is disintegrating, China is surging forward and a wave of nationalism and populism is destabilizing established political institutions and endangering hard-won liberties. Moreover, the coronavirus pandemic has brought into sharp relief the fragility of the global order and the speed with which it can slide into chaos. In view of this dangerous and unpredictable state of affairs, Mikhail Gorbachev, the last great statesman of the 1989 revolution, has written this short book to warn us of the grave risks we now face and to urge us all, political leaders and citizens alike, to take action to address them. He focuses on the big challenges of our time, such as the renewal of the arms race and the growing risks of nuclear war, the new tension between Russia and the West, the global environmental crisis, the global threat of diseases and epidemics, the rise of populism and the decline of democracy. He argues that self-serving policies and narrow-minded politics aimed at the pursuit of national interests are taking the place of political principles and overshadowing the vision of a free and just world for all peoples. He offers his view of where Russia is heading and he urges political leaders in the West to recognize that re-establishing trust between Russia and the West requires the courage of true leadership and a commitment to genuine dialogue and understanding on both sides. Now more than ever, the responses to the great challenges we face cannot be purely national in character but must be based on a collaborative effort in which political leaders put aside their differences and work together to advance the human security of all.

## Mikhail Gorbachev Introduction

In today's digital age, the availability of Mikhail Gorbachev books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Mikhail Gorbachev books and manuals for download, along with

some popular platforms that offer these resources. One of the significant advantages of Mikhail Gorbachev books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Mikhail Gorbachev versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Mikhail Gorbachev books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Mikhail Gorbachev books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Mikhail Gorbachev books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students

and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Mikhail Gorbachev books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Mikhail Gorbachev books and manuals for download and embark on your journey of knowledge?
