I Am the Law: How Judge Dredd Predicted Our Future Michael Molcher,2023-02-23 He is the law - and you better believe it! Judge, jury and executioner, Judge Dredd is the brutal comic book cop policing the chaotic future urban jungle of Mega-City One, created by John Wagner and Carlos Ezquerra and launching in the pages of 2000 AD in 1977. But what began as a sci-fi action comic quickly evolved into a searing satire on hardline, militarised policing and 'law and order' politics, its endless inventiveness and ironic humour acting as a prophetic warning about our world today - and with important lessons for our future. Blending comic book history with contemporary radical theories on policing, I Am The Law takes key Dredd stories from the last 45 years and demonstrates how they provide a unique wake up call about our gradual, and not so gradual, slide towards authoritarian policing. From the politicisation of policing to 'zero tolerance', from violent suppression of protest to the rise of the surveillance state, I Am The Law examines how a comic book warned us about the chilling endgame of today's 'law and order' politics.

When one of their friends is

brutally raped by a drunk townie, they decide to take matters into their own hands. B-Format Digest Bundle John Wagner, 2018-07-31 **The Day The Law Died:** It is a dark time in the history of Mega-City One. Having employed blackmail and coercion in order to topple the balance of power within the Justice Department, the tyrannical head of the Special Judicial Squad Judge Cal has managed to secure the position of Chief Judge. The crazed Cal has enlisted the help of an army of reptilian alien mercenaries known as the Kleggs, appointed his pet goldfish as deputy Chief Judge and framed Judge Dredd for murder in order to maintain power. But Dredd is the kind of Judge who doesn't go down too easily and together with a rebel army made up of other Judges and citizens, prepares to fight back. **Judge Dredd Luna 1:** In 2061, an international lunar treaty divided a million square miles of the moon's surface between Mega-Cities One, Two and Texas City. Every six months one of these cities has to supply a Judge-Marshall to govern it... enter Judge Dredd! An environment every bit as deadly as the streets of the 'Big Meg', Judge-Marshall Dredd has his work cut out for him - especially when war breaks out during the first Lunar Olympics! **The Judge Child:** When Judge Feyy, Mega-city One's oldest pre-cognitive, has a vision of the city being destroyed in 2120, Judge Dredd and a select group of other Judges, including future Chief Judge Hershey, are sent on a mission to find the Judge Child. After David Wardrop *pegler*, 2011-06-01 Description **AFTER** by David Wardop is a story about mental anguish and suicide told in two parts. Keith Campbell is a quiet and shy boy who loves comic books and science fiction until he begins to contemplate suicide. The first part of the story, which is told in reverse order, describes the world of tragedy that is left after Keith dies with his family struggling to understand why he kills himself. The second half of the story, on the other hand, describes the world that Keith lives in because he did not commit suicide. This is a reflective and revealing account of one person's mental struggle with suicide and the effect that it has on his health and those who care about him. What sets this novel apart is the fact that Keith takes his own life right and the novel opens after his death attempting to illustrate Keith's rationale for his suicide. The novel is, at first, depressing, sombre and dark, yet it progressively gets more blithe and hopeful. The novel's conclusion is ironic and thought-provoking, and the reader has to remind himself/herself that although the novel ends on a positive note, because of the manner in which the narrative has been presented, this is not necessarily the case. About the Author David Keith Wardrop is 23 years old and lives in Bearsden in Glasgow. Currently, David is a full-time gardener at Ruchill Park in Glasgow and has written two other full-length novels entitled *Sexanto* and *The Gardens of Zarma*, along with various short stories for magazines. His main literary influence is Philip K. Dick and his futuristic stories such as *Minority Report* and *Counter-Clock World*. Other works that have inspired him include Margaret Atwood's *The Handmaid's Tale* and Brain K. Vaughn and his comics *Ex Machina*. David aspires to be a prolific sci-fi writer, and the thought of being published helps him to cope with his depression and envision a brighter future for himself.
