Mini Pigs Or Miniature Pigs. A Practical Guide To Keeping Mini Pigs. Steward Stevenson,2015-01-18 Mini pigs can be adorable and pleasant pets. With their sudden popularity, keeping mini pigs is a concept that has taken pet owners by storm. Whether it is walking them on a leash or carrying them around in a handbag, celebrities like Paris Hilton and Rupert Grint have certainly added a new perspective to it. Micro pigs are the latest celebrity pet craze but is it all as cute and easy as it seems? Not always I am afraid. Mini pigs can grow much larger than what a lot of people think. They can live for up to 18 years so you need to make sure you have a lot of years ahead of you to take care of your pig, as too many pigs are being dropped off at animal care centers. Mini pigs need a lot more attention than the usual farm pigs and some mini pigs can become aggressive if not cared for properly. If well looked after, mini pigs are mostly calm and loving animals, once they have bonded with you. They are intellectual animals so you can train them. They love to cuddle, and get along great with children and almost all other pets but only if you give them the right education from the start. Having a miniature pig is a big responsibility! You need to understand what the pig needs to become a happy pig. If you understand mini pigs and you properly care for them, you can become a good piggy parent. This book will give you the information you need to make your pig happy and to make you a happy pig owner. I hope you will have as much fun with your pigs as I have with mine! Covered in this book: - Different types of mini pigs - How big do they get? - Before you buy - Knowing your facts - Checklist - House breaking - Leash training - Grooming - Feeding - Toys and recreation - Health - Daily care - Safety and much more.

Esther the Wonder Pig Steve Jenkins,Derek Walter,Caprice Crane,2016-05-31 Unlikely pig owners Steve and Derek got a whole lot more than they bargained for when the designer micro piglet they adopted turned out to be a full-sized 600-pound sow! This funny, inspirational story shows how families really do come in all shapes and sizes. In the summer of 2012, Steve Jenkins was contacted by an old friend about adopting a micro piglet. Though he knew his partner Derek wouldn't be enthusiastic, he agreed to take the adorable little pig anyway, thinking he could care for her himself. Little did he know, that decision would change his and Derek's lives forever. It turned out there was nothing micro about Esther, and Steve and Derek had actually signed on to raise a full-sized commercial pig. Within three years, Tiny Esther grew to a whopping 600 pounds. After some real growing pains and a lot of pig-sized messes, it became clear that Esther needed much more space, so Steve and Derek made another life-changing decision: they bought a farm and opened the Happily Ever Esther Farm Sanctuary, where they could care for Esther and other animals in need. Funny, heartwarming, and utterly charming, Esther the Wonder Pig follows Steve and Derek's adventure--from reluctant pig parents to farm-owning advocates for animals.
