History of Gage County, Nebraska Hugh Jackson Dobbs,1918

I, Nephi K. M. Mittan,2011-12-02 Folks in Jackson Hole raise kids and hell, and plenty of both. - Bill Menor, owner of Menor's Ferry, Jackson Hole, Wyoming There are those that raise kids and they're good at it. I wasn't one of them. Had no interest in the project. But hell-raising? Now, that was another matter. Folks said I contributed more than my share to it. I don't think I did enough although I sure had fun trying. - Nephi Moulton, homesteader, rancher and prankster extraordinaire. Nephi leaves home with three rules for living: 1-Rise early and work hard 2-Avoid all women 3-Seize every prank playing opportunity. Simple rules that serve him well in Idaho. But Jackson Hole, with its dreaded poachers, self-proclaimed murderers and neighbor's wives bent on revenge, has a way of reordering one's priorities.

Exploring the Dynamics of Second Language Writing Barbara Kroll,2003-04-14 A collection of 13 original articles, this book is intended to provide a series of discussions about multiple aspects of second language writing, presenting chapters that collectively address a range of issues that are important to new teachers at the post-secondary level. The chapters provide scholarly visions, insight, and interpretation oriented toward explaining the field of teaching academic writing to non-native speakers. The book is designed to provide foundational content-knowledge in this area, each chapter authored by recognized experts in the field. Throughout the chapters, presentation and review of scholarship is presented primarily in the interest of understanding how such knowledge directly or potentially impart teaching, making this a pedagogically relevant book. In addition to helping train new teachers, the book will serve as an updated reference book for practicing teachers and scholars to consult.

The Process of Change S Scott Mittan,2013-02-01 Everyone wants to change. Everyone wants to be something more or less than they are. However, actually experiencing the changes we desire often seems out of reach. This is an interactive workbook that examines how change happens. The book has several unique characteristics, which together comprise its biggest strength. It will stand out amongst the plethora of Christian non-fiction and self-help books out on the market today. The Introduction sets a good foundation for the book, intriguing readers with the idea of reading the results of a project, and lessons make the book an experience rather than content that is passively consumed. The book successfully conveys the makeup of a relationship with God, which continues to be elusive for many, even those who have attended church for years. The author uses just the right words to pull readers into a state of mind where they will be able to see the connection between relationships with people and interacting with God. Readers will definitely encounter new ways of thinking and make discoveries about what is happening in their hearts when it comes to the Lord. The different parts of the content, from the author's

commentary to the worksheets, are very well organized. The importance of this cannot be overstated. This book is exemplary and the author's choices make the book a very useful tool that is extremely easy to follow. This book is full of clarity, practicality, and learning.

Teaching L2 Composition Dana R. Ferris,John S. Hedgcock,2013-10-01 This popular, comprehensive theory-to-practice text is designed to help teachers understand the task of writing, L2 writers, the different pedagogical models used in current composition teaching, and reading-writing connections. Moving from general themes to specific pedagogical concerns, it includes practice-oriented chapters on the role of genre, task construction, course and lesson design, writing assessment, feedback, error treatment, and classroom language (grammar, vocabulary, style) instruction. Although all topics are firmly grounded in relevant research, a distinguishing feature of the text is the array of hands-on, practical examples, materials, and tasks that pre- and in-service teachers can use to develop the complex skills involved in teaching second language writing. Each chapter includes Questions for Reflection, Further Reading and Resources, Reflection and Review, and Application Activities. An ideal text for L2 teacher preparation courses, courses that include both L1 and L2 students, and workshops for instructors of L2 writers in academic (secondary and postsecondary) settings, the accessible synthesis of theory and research enables readers to see the relevance of the field's knowledge base to their own present or future classroom settings and student writers.
