Political Philosophy in Motion *.mkv Dan Dungaciu,2019-01-18 This book approaches the visual clues acknowledged by political philosophy, interested in the relationship of the philosophy and the politics of film. It also expresses and highlights a precise way of "looking at things", indicating a frame able to verify the domain's themes and constructs, in order not only to offer some illustrating insights, but also to provide reflections able to re-define the relationship between film and political philosophy. It will appeal to the wider academic community, PhD students, professors, and researchers with an interest in political philosophy, postmodern philosophy, media studies and cultural studies.

The Supermarine Spitfire MKV Lance Cole,2018-07-30 The story of the Supermarine Spitfire has been told across many years and the debate about it is enduring, yet the Spitfire remains a true icon. For aviation enthusiasts, for historians, for modellers, the word Spitfire conjures many stories and affections. This book presents the Spitfire enthusiast with an up-to-date history of the Spitfire not just in its design and application in war, but also as a flying memorial and as an aero modellers vital focus. The text examines recently revealed forgotten aspects of the Spitfire story; by combining the elements of design, the story of a weapon of war and a revered scale model, this book frames an essential chapter in aviation history. Packed with original and contemporary images and information, and displaying unique Spitfire model collections, the narrative bridges an important gap and is a worthy addition to the FlightCraft series.

Flipside of Hindu Symbolism M.K.V. Narayan,2007-04 Hinduism is one of the major religions of the world with considerable antiquity and complexity. It is identified by its ancient scriptures called Vedas, Upanishads, Puranas and Epics, its iconography and temple culture visible in India and abroad. The popular epics Ramayana and Mahabharata attract interest all over the world for their thematic stories. Many books publicise the spiritual symbolism of these facets of Hinduism. Author of this book deviates from this general trend and analyses Hindu symbolism in the light of sociological perspectives and scientific parallels visible in the ever changing Indian society in the form of cultural expressions.
