*Swede* Robert G. Masin,2009-07-15 Swede is a memoir to a great father who happened to be a humble, legendary New Jersey athlete. It is also a visit back to a storied time and place, Newarks historic Weequahic section. Swede covers the life of Seymour Swede Masin: his growing up in Newark, the son of Russian Jewish immigrants; his marrying out of the faith, temporarily breaking his parents hearts; his fascinating competitors and contemporaries; numerous anecdotes that best define him; the saga of Newarks Weequahic High School, past and present; and Swedes final years battling Alzheimers Disease. Of special note is the attention he received after serving as an inspiration for Philip Roths main character, Seymour Swede Levov, in the Pulitzer Prize-winning novel, American Pastoral. There was something very special about him, especially some of his fascinating contradictions: strong yet gentle; frugal yet generous; individualistic yet a great team player; a worry wart yet with a great sense of humor. For Robert Masin, this was the father he was so fortunate to have known, admired, and loved. This memoir will allow people a glimpse of the Seymour Swede Masin he idolized.

**The Monster and Other Stories** Stephen Crane,2021-01-05 The Monster and Other Stories (1899) is a collection of short fiction by American writer Stephen Crane. “The Monster,” a novella, was originally published in 1898 in Harper’s Magazine and has since been recognized as one of Crane’s most important works, a story which critiques the racism prevalent in American society. In 1899, it was published alongside “The Blue Hotel” and “His New Mittens” in The Monster and Other Stories, which was the last work by Crane to be published during his lifetime. In “The Monster,” set in the fictional town of Whilomville, an African American coachmen employed by the wealthy Trescott family is horribly disfigured while attempting to save their young son Jimmie from a house fire. Despite his gruesome injuries, Henry Johnson survives, and Dr. Trescott gratefully nurses him back to health and offers him a place to stay on the family property. Meanwhile, the white townspeople, who view Johnson as a monster, vilify the Trescotts for transgressing the unspoken rules of racial segregation. As Johnson attempts to return to some sense of normalcy, he is rejected both by the African American and white communities, and retreats into a lonely, quiet life. “The Blue Hotel” is a story of violence, fate, and hatred, of a place where loneliness reigns among strangers, and where fear is a troublesome friend. With a beautifully designed cover and professionally typeset manuscript, this edition of Stephen Crane’s The Monster and Other Stories is a classic of American literature reimaged for modern readers.

Set This House on Fire William Styron,2010-05-04 A New York Times bestseller by the author of Sophie’s Choice: Two Americans search for the truth about a mysterious long-ago murder in Italy. Shortly after World War II, in the village of Sambuco, Italy, two men—Virginia attorney Peter Leverett and South Carolina artist Cass Kinsolving—crossed paths with Mason Flagg. They both had their own reactions to the gregarious and charismatic movie mogul’s son. For the impressionable Peter, it was something close to awe. For the alcoholic Cass, it was unsettled rage. Then, after the rape and murder of a peasant girl, Mason’s body was found at the base of a cliff—an apparent suicide. He’d been distraught, the authorities said, over committing such a heinous crime. Peter and Cass went their separate ways, and never spoke of it again. Now, years later, Peter is still haunted by what he knows—and by what

he doesn't. He's sought out Cass in Charleston for closure, and something close to the truth. Together both men will share their tales of that terrible season in Italy, each with their own ghosts—and their own reasons to exorcise them. But neither Peter nor Cass is prepared for where this path of revenge, complicity, and atonement will take them. A profound exploration of the evil that men do, and what the innocent must endure to accommodate it, *Set This House on Fire* is more than a byzantine murder mystery, it's "one of the finest novels of our times" from the Pulitzer Prize-winning author of *The Confessions of Nat Turner*, *Darkness Visible*, and other modern classics (San Francisco Chronicle). This ebook features a new illustrated biography of William Styron, including original letters, rare photos, and never-before-seen documents from the Styron family and the Duke University Archives.

**Old Days on the Farm** A. C. Wood,1918

**The Virtues of the Vicious** Keith Gandal,1997 In this compelling work, Keith Gandal reveals how the slum in nineteenth-century America, long a topic for sober moral analysis, became in the 1890s an unprecedented source of spectacle, captured in novels, newspapers, documentary accounts, and photographs. Reflecting a change in the middle-class vision of the poor, the slum no longer drew attention simply as a problem of social conditions and vice but emerged as a subject for aesthetic, ethnographic, and psychological description. From this period dates the fascination with the colorful alternative customs and ethics of slum residents, and an emphasis on nurturing their self-esteem. Middle-class portrayals of slum life as strange and dangerous formed part of a broad turn-of-the-century quest for masculinity, Gandal argues, a response to a sentimental Victorian respectability perceived as stifling. These changes in middle-class styles for representing the urban poor signalled a transformation in middle-class ethics and a reconception of subjectivity. Developing a broad cultural context for the 1890s interest in the poor, Gandal also offers close, groundbreaking analysis of two of the period's crucial texts. Looking at Jacob Riis's *How the Other Half Lives* (1890), Gandal documents how Riis's use of ethnographic and psychological details challenged traditional moralist accounts and helped to invent a spectacular style of documentation that still frames our approach as well as our solutions to urban problems. Stephen Crane's *Maggie: A Girl of the Streets* (1893) pushed ethnographic and psychological analysis even farther, representing a human interiority centered around self-image as opposed to character and exploring not only different customs but a radically different ethics in New York's Bowery--what we would call today a culture of poverty. Gandal meanwhile demonstrates how both Riis's innovative touristic approach and Crane's bohemianism bespeak a romanticization of slum life and an emerging middle-class unease with its own values and virility. With framing discussion that relates slum representations of the 1890s to those of today, and featuring a new account of the Progressive Era response to slum life, *The Virtues of the Vicious* makes fresh, provocative reading for Americanists and those interested in the 1890s, issues of urban representation and reform, and the history of New York City.

**Mysteries and Sea Monsters** Graham Faiella,2021-04-01 The sea realm has ever been mysterious: strange happenings upon it, an unfathomable abyss of 'The Great Unknown' below. Before the scrutiny of scientific Enlightenment and Age of Reason, in the eighteenth century, ghost ships and oceanic monsters were the stuff of superstition, myth and legend to explain the inexplicable, to enthrall the imagination – and enliven the unimaginable. Narratives of phantom ships manned by ghostly (sometimes skeletal) crews, or damned like the Flying Dutchman to roam the seas forever; of sinister, sinuous sea serpents; and the lore of the terrible multi-tentacled kraken. Accounts inspired spirited controversy amongst believers and sceptics, in the awestruck thrill of such frightful enigmas.

The Body Politics of Glocal Social Work Mona B. Livholts,2022-12-30 This book shapes a situated body politics to re-think, re-write, and de-colonise social work as a post-anthropocentric discipline headed towards glocalisation, where human and non-human embodiments and agencies are entangled in glocal environmental worlds. It critically and creatively examines how social work can be theorised, practised, and written in renewed ways through dialogical and transdisciplinary practices. This book is composed of eight essayistic spaces, envisioning social work through embodied, glocal, and earthly entanglements. By drawing on research-based knowledge, autobiographical notes, stories, poetry, photographs, and an art exhibition in social work education, these essays provide readers with analysis and strategies that are useful for research, education, and practice as well as life-long learning. The book constitutes key literature for researchers, educators, practitioners, and activists in social work, sociology, architecture, art and creative writing, feminist and postcolonial studies, human geography, and post-anthropocentric philosophy.
