Quit Like a Woman Holly Whitaker, 2019-12-31 NEW YORK TIMES BESTSELLER • “An unflinching examination of how our drinking culture hurts women and a gorgeous memoir of how one woman healed herself.”—Glennon Doyle, #1 New York Times bestselling author of *Untamed* “You don’t know how much you need this book, or maybe you do. Either way, it will save your life.”—Melissa Hartwig Urban, Whole30 co-founder and CEO The founder of the first female-focused recovery program offers a groundbreaking look at alcohol and a radical new path to sobriety. We live in a world obsessed with drinking. We drink at baby showers and work events, brunch and book club, graduations and funerals. Yet no one ever questions alcohol’s ubiquity—in fact, the only thing ever questioned is why someone doesn’t drink. It is a qualifier for belonging and if you don’t imbibe, you are considered an anomaly. As a society, we are obsessed with health and wellness, yet we uphold alcohol as some kind of magic elixir, though it is anything but. When Holly Whitaker decided to seek help after one too many benders, she embarked on a journey that led not only to her own sobriety, but revealed the insidious role alcohol plays in our society and in the lives of women in particular. What’s more, she could not ignore the ways that alcohol companies were targeting women, just as the tobacco industry had successfully done generations before. Fueled by her own emerging feminism, she also realized that the predominant systems of recovery are archaic, patriarchal, and ineffective for the unique needs of women and other historically oppressed people—who don’t need to lose their egos and surrender to a male concept of God, as the tenets of Alcoholics Anonymous state, but who need to cultivate a deeper understanding of their own identities and take control of their lives. When Holly found an alternate way out of her own addiction, she felt a calling to create a sober community with resources for anyone questioning their relationship with drinking, so that they might find their way as well. Her resultant feminine-centric recovery program focuses on getting at the root causes that lead people to overindulge and provides the tools necessary to break the cycle of addiction, showing us what is possible when we remove alcohol and destroy our belief system around it. Written in a relatable voice that is honest and witty, *Quit Like a Woman* is at once a groundbreaking look at drinking culture and a road map to cutting out alcohol in order to live our best lives without the crutch of intoxication. You will never look at drinking the same way again.

Monument Ian Graham, 2015-12-08 Ballas is a drunk and a vagrant. In his eyes there is only greed, and in his heart only bitterness. Such a man is not suited to legend, he is fit only for an unmarked grave. And there are people who seek to hasten his journey there. When a young priest saves him from a beating in the street, Ballas soon finds a way to pay him back - he steals from him. What Ballas chooses to take can easily be hidden under a cloak, but it is no trinket to be sold in the market for a bowl of soup. It is known as the Monument. And the power it contains will bring a god of chaos and destruction into the world. Now Ballas has that power . . . MONUMENT is a masterpiece of storytelling - a new classic of fantasy fiction, now in ebook for the first time. Find out more about this and other fantasy adventures at www.orbitbooks.co.uk

Monument Maker David Keenan, 2021-08-05 A ROUGH TRADE BOOK OF THE YEAR CONCRETE ISLANDS NO. 1 BOOK OF THE YEAR 'In a dizzying gyroscopic vortex of inner archeology, David Keenan sifts through spiraling past lives to unearth his provocative vision of the future. A colossus of imagination' LENNY KAYE 'Visionary and prismatic, gloriously hallucinatory although grounded in the material, Monument Maker's grand sweep takes in distant historical subterrains, a shimmering summer of the present, the transient, the eternal, the profane, the divine' WENDY ERSKINE 'I sometimes think David Keenan dreams aloud. His prose has the effortless enigmatic, unsettling quality of dream' EDNA O'BRIEN 'A masterpiece' WILLIAM BASINSKI Is it possible for books to dream? For books to dream within books? Is there a literary subterranea that would facilitate ingress and exit points through these dreams? These are some of the questions posed by David Keenan's masterly fifth novel, *Monument Maker*, an epic romance of

eternal summer and a descent, into history, into the horrors of the past; a novel with a sweep and range that runs from the siege of Khartoum and the conquest of Africa in the 19th century through the Second World War and up to the present day, where the memory of a single summer, and a love affair that took place across the cathedrals of Ile de France, unravels, as a secret initiatory cult is uncovered that has its roots in macabre experiments in cryptozoology in pre-war Europe. MONUMENT MAKER straddles genres while fully embracing none of them, a book within a book within a book that runs from hallucinatory historical epics through future-visioned histories of the world narrated by a horribly disfigured British soldier made prophetic by depths of suffering; books that interact with Keenan's earlier novels, including a return to the mythical post-punk Airdrie landscape of his now classic debut, THIS IS MEMORIAL DEVICE; whole histories of art and religion; books that are glorious choral appendices; bibliographies; imagined films; tape recorded interviews; building to a jubilant accumulation of registers, voices and rhythms that is truly Choral. Written over the course of 10 years, MONUMENT MAKER represents the apex of Keenan's project to create books that contain uncanny life and feel like living organisms. It is a meditation on art and religion, and on what it means to make monument; this great longing for something eternal, something that could fix moments in time, forever.

The Last Monument Michael C Grumley, 2020-03-31 One small, handwritten letter Sent from a dark, remote corner of the planet And lost in the system for sixty years Is about to change the entire human race. Outside Denver, Colorado, Joe Rickards stands over a small aircraft wreckage, studying burnt remains still smoldering in a field of freshly fallen snow...an investigator for the NTSB, working to carefully roll back the last several hours and identify the cause of the accident. But this time, he can't. The details behind this tragedy don't add up. Unlike every other investigation of Joe's career, the facts make no sense. Each new piece of information only makes the accident more mysterious, and more baffling. Why would a person receive an age-old letter and suddenly disappear into the thick of night...paying to be flown out of a closed airport in the worst possible weather conditions, by a pilot who hadn't had his hand on the stick in years? With the only surviving relative insisting her grandfather would never have climbed into a small airplane in the first place, even in perfect weather. A bizarre string of events culminating in a horrible accident unlike anything Rickards has experienced. Leaving his only hope at understanding it in the hands of the victim's sole remaining relative. Beginning with how a mysterious letter could turn up after being lost in the system for sixty years. Sent by someone who should have already been long dead. A single letter, Joe Rickards is about to discover, with a secret that will change the entire world.

Standing Soldiers, Kneeling Slaves Kirk Savage, 2018-07-31 A history of U.S. Civil War monuments that shows how they distort history and perpetuate white supremacy The United States began as a slave society, holding millions of Africans and their descendants in bondage, and remained so until a civil war took the lives of a half million soldiers, some once slaves themselves. *Standing Soldiers, Kneeling Slaves* explores how the history of slavery and its violent end was told in public spaces—specifically in the sculptural monuments that came to dominate streets, parks, and town squares in nineteenth-century America. Looking at monuments built and unbuilt, Kirk Savage shows how the greatest era of monument building in American history took place amid struggles over race, gender, and collective memory. *Standing Soldiers, Kneeling Slaves* probes a host of fascinating questions and remains the only sustained investigation of post-Civil War monument building as a process of national and racial definition. Featuring a new preface by the author that reflects on recent events surrounding the meaning of these monuments, and new photography and illustrations throughout, this new and expanded edition reveals how monuments exposed the myth of a united people, and have only become more controversial with the passage of time.

Monuments to the Lost Cause Cynthia Mills, Pamela Hemenway Simpson, 2003 This richly illustrated collection of fourteen essays examines the ways in which Confederate memorials - from Monument Avenue to Stone Mountain - and the public rituals surrounding them testify to the tenets of the Lost Cause, a romanticized narrative of the war. Several essays highlight the creative leading role played by women's groups in memorialization, while others explore the alternative ways in which people outside white southern culture wrote their very different histories on the southern landscape. The authors - who include Richard Guy Wilson, Catherine W. Bishir, W. Fitzhugh Brundage, and William M.S. Ramussen - trace the origins, objectives, and changing consequences of Confederate monuments over time and the dynamics of individuals and organizations that sponsored them. Thus these essays extend the growing literature on the rhetoric of the Lost Cause by shifting the focus to the realm of the visual. They are especially relevant in the present day when Confederate symbols and monuments continue to play a central role in a public - and often emotionally charged - debate about how the South's past should be remembered. The editors: Art Historian Cynthia Mills, a specialist in nineteenth-century public sculpture, is executive editor of *American Art*, the scholarly journal of the Smithsonian American Art Museum. Pamela H. Simpson is the Ernest Williams II Professor of Art History at Washington and Lee University. She is the coauthor of *The Architecture of Historic Lexington*.
