**Douglas Volk**

From the Realm of Morpheus Steven Millhauser, 1986 A mesmerizing tour of the human imagination, chronicling the adventures of a man who is taken on an enchanting tour of the underworld, guided by Morpheus himself. From the acclaimed author of *Edwin Mullhouse*.

**Morpheus Possessed: The Conflict Between Dream and Reality** W. E.

Gutman, 2015-08-09 *Morpheus Possessed* is a book about dreams. In it, the author, who unabashedly shares some of his most graphic and bizarre visions, asks: Do we dream the life we live? Or are we the misshapen leftovers of someone else's wild imagination? Are the memories we erect and store along the way mere mental constructs lacking tangible reality? If life is a wakeful dream, is reality the lethal mirror image of the dreams we weave? One thing is clear: When we cease to dream, all that we are ceases to be. Everything else is a tawdry cliché.

The Morpheus Conspiracy Douglas Volk, 2012-03 When David Collier commits a brutal atrocity during his year-long tour of duty in Vietnam, he's scarred by a moment of violence he will never forget. But for Collier the horror is just beginning. Having returned to civilian life in the America of 1974, Collier undergoes therapy with a Veterans Administration psychiatrist, Dr. Michael Rogers, who tries to help him recover from a lingering psychological injury that will later come to be known as "Post-Traumatic Stress Disorder." During the therapy sessions, David wrestles with the rage and resentment he still feels toward his ex-girlfriend, Laura Strasnick, who broke off their planned marriage while David was fighting for his life and his country in Vietnam. As the therapy continues, Collier begins to reveal a dark and disturbing secret. Somehow, the atrocity committed in Vietnam has

left him with the ability to invade other people's sleep. Is this "gift" the result of psychological trauma...or is it actually an ancient curse which was visited upon Collier during the war crime he committed in order to save a fellow-soldier's life?Regardless, this new-found power is real and getting stronger. And Collier cannot resist the temptation to use it. His first victim will be the terrified Laura Strasnick. Having moved to Atlanta to pursue a promising career as an advertising executive, Laura will soon begin to experience a series of hideous nightmares in which she screams desperately for help that never arrives.Increasingly afraid to go to sleep and caught up in a growing panic, Laura consults a sleep therapist and Ph.D. researcher, Alix Cassidy, who's hiding a frightening secret of her own.Alix does her best to help, but to no avail. As Alix and Laura struggle together, David's unprincipled and unethical psychiatrist, Dr. Michael Rogers, has discovered the tormented soldier's ability to crash into other people's sleep and then control their dreams.Instead of using his discovery of "Somnambulistic Telepathy" to help David and Laura, however, Dr. Rogers decides to exploit them both...thus setting the stage for a frantic showdown in which Alix will struggle to rescue Laura before David finds a way to destroy her life forever.Based on years of research on the dynamics of human sleep and dreaming, *The Morpheus Conspiracy* is a fast-moving, high-octane thriller that explores the devastating psychological legacy of the Vietnam War.

*Morpheus Unbound* Damian Stephens,2021-11-05 Black Magic! Boltzmann Brains! Bug Bongs! Damian Stephens returns from the grave to bring us the eagerly awaited conclusion to his Means of Escape Trilogy - Morpheus Unbound; Or, Zod-Manas Zi-Ba! Damian Stephens finished the Means of Escape trilogy? That's not possible... No-I'm being totally

serious. It's really not possible. - YOU Finally! A book that reads itself! Damian Stephens delivers absolutely nothing in this mindless thriller about junk and the yards that contain it. But don't let me spoil it for you-he's got that part totally covered. - Nashe St.-Demp, Esq. Right place. Right time. Right drugs. This has been the formula for adventure throughout the history of the world. The morning that the Black God cracked through multiple realities and shattered life on Earth for me forever started out sunny and mild. There was very little traffic; a great hunger-much like the hunger of that Ancient One now hammering at the lid of his coffin-finalized my decision to pull into a diner off the highway. The imminent arrival of Yog-Sothoth's emissary didn't in any way spoil an exquisite breakfast of scrambled eggs with extra cheese, heavily crisped bacon, and buttered toast... ALL AWAKENINGS ARE FALSE AWAKENINGS.

*Falling into the Arms of Morpheus* Keith Daniels Delaney, 2016-01-14 Besides hit records and sold-out concerts, some people in the rock music game use another way to make a killing in the business: murder. A popular headliner, Violette Trend, is led by a one-time runaway Marie Lindeaux, who delights concertgoers with her amazing talents at packed stadiums everywhere. One of the band's silent partners, Kevy Stokes, is a corrupt underground drug operator who sends his big guns after a successful rock journalist, Sagan Hunter, whose claim to fame was writing a spin article that put the band on the map but who is now drinking heavily. Sagan is coerced by a federal agent to be used as bait in a trap set for Kevy Stokes before the evil silent partner uses murder to get ahead of the game. Next on his hit list is the captivating starlet herself, Marie. Kevy figures if he can get her killed, the flood of headlines will create enough uproar to take the spotlight off of him.

Sagan, who's fallen in love with Marie, tries to keep her out of Kevy's reach, but she slips away. After learning of Kevy's evil plan that is already in place for the girl's murder, Sagan runs from both sides of the law to try and save her.

The Morpheus Factor Ashley McConnell, 2001 Based on the hit television series airing on the Sci Fi Channel(. Exploring a distant planet, the SG-1 team encounters a mysterious race of beings who can tap into their dreams and make anything they find there real. Reissue.

*The Morpheus Conspiracy* Douglas Volk, 2014-01-28 In Book I of The Morpheus Series, The Morpheus Conspiracy, a traumatized veteran of the Vietnam War brings the curse - and the power of Somnambulistic Telepathy - home from the killing fields of Indochina. Enraged by the discovery that his fiancée has decided to break off their engagement, David Collier decides to use his special gift in order to revenge himself against the youthful Atlanta advertising rep, Laura Strasnick. To stop him, pioneering sleep scientist Dr. Alix Cassidy must also find a way to shut down the corrupt VA psychiatrist who's been treating Collier - and allowing the twisted vet to kill the people he hates, after invading their nightmares. The situation becomes even more dangerous when Dr. Cassidy unknowingly falls in love with

the immoral shrink. Caught in a web of treachery and lies, Alix now confronts the ultimate challenge: Can she face the truth about her lover and stop the nightmare-killer before it's too late? Volk's first novel is skillfully plotted. . . . A web of conspiracy woven around four people fighting for their lives and their sanity. A stark thriller . . . **Morpheus** Klajdi Ballanca, 2019-05-31 The people of ancient Greece, named the God of Dreams, Morpheus. Like us, he too must awake; to the beauty and the silent symphony that surrounds. To understand and be understood by itself. To shape a new world, by the power

of thought alone. To embark on the voyage within, the only one, that freedom wins. This book is a collection of well crafted poems, that at the very least, do entertain one's mind. For a select few however, it will most definitely prove to be a delightful read, one worthy of a spot in the eternal library of their soul. The play of words, symbols, images and sound, will open to them the Gates of Contentment. Those who are awake, guide the snake.

**Morpheus** Yann Becu, 2024-01-09 In the near future, a sleeping sickness ravages the planet, paralyzing humanity's institutions and plunging the world into chaos. Amidst the wreckage, one woman fights to save her comatose daughter from the terrifying condition known as Morpheus. Five years after a mysterious sleeping sickness known as Morpheus destroys life as we know it, survivors huddle in cities, each cobbled together around the shortened waking hours of their inhabitants. In the city of Prague, life centers around the maintenance and upkeep of automated life support systems. The majority of the populace are content in this repetitive simple life, to exist without thinking about tomorrow. Others turn to religion for guidance, rejecting the science that could not save them from Morpheus. These nihilists believe Morpheus is a punishment from the divine, becoming zealots who will stop at nothing to bring about humanity's downfall. Even in this darkest of times, hope remains in the human heart. Juliette, a young mother, is willing to do anything to "wake up" her daughter, even if it means betraying everything she knows. When a geneticist named Yuri tells her the cure may lie outside of Prague, they embark on a desperate journey to Berlin, accompanied by the geneticist's four robot guards. But nature has reclaimed the land between Prague and Berlin, and the small party is pursued by threats unimaginable, none more dangerous than the invisible Morpheus... which gains ground every day.

Morpheus' Challenge W. E. Gutman, 2019-02-25 In this third and last installment of the Morpheus Trilogy, W. E. Gutman heeds the dream maker's entreaty to wake up, go beyond the dreams, and remind [the reader] of the paradoxes, the aberrations, the deceptions, and the monstrosities that define man and mark the human condition. Calling for the overthrow of false prophets and demagogues, a mission he considers time-sensitive and long overdue, he warns that the greatest obstacle to wisdom is not ignorance but the illusion that we know it all. About the Author Born in Paris, W. E. Gutman is a retired journalist, a former staff writer at the late-great New York City-based futurist monthly magazine, OMNI, the co-founder of a now defunct military intelligence journal, and the past U.S. editor of a Russian scientific and cultural magazine. He reported from Central America from 1994 to 2006, focusing on politics and human rights. He has published hundreds of articles, news analyses and editorials and is the author of eleven books. He lives with his wife in Florida.
