GRC (Glass Fibre Reinforced Cement) TRUE G,2003-09-02 This E. & F. N. Spon title is now distributed by Routledge in the US and Canada This title available in eBook format. Click here for more information.Visit our eBookstore at: www.ebookstore.tandf.co.uk.

The Anime Movie Guide Helen McCarthy,1997 The phenomenally popular Power Rangers, the most mainstream offshoot of anime, or Japanese animation, is just the tip of the iceberg. There are hundreds of these virtually astonishing films, appealing to people of all ages and tastes. This guide features detailed listings of feature films and direct-to-video features, arranged by title, year of release, and subject, that have been released since 1983. Illustrations throughout.

Structural Analysis of Historical Constructions - 2 Volume Set Claudio Modena,P.B. Lourenço,P. Roca,2018-10-30 Structural Analysis of Historical Constructions contains about 160 papers that were presented at the IV International Seminar on Structural Analysis of Historical Constructions that was held from 10 to 13 November, 2004 in Padova Italy. Following publications of previous seminars that were organized in Barcelona, Spain (1995 and 1998) and Guimarães, Portugal (2001), state-of-the-art information is presented in these two volumes on the preservation, protection, and restoration of historical constructions, both comprising monumental structures and complete city centers. These two proceedings volumes are devoted to the possibilities of numerical and experimental techniques in the maintenance of historical structures. In this respect, the papers, originating from over 30 countries, are subdivided in the following areas: Historical aspects and general methodology, Materials and laboratory testing, Non-destructive testing and inspection techniques, Dynamic behavior and structural monitoring, Analytical and numerical approaches, Consolidation and strengthening techniques, Historical timber and metal structures, Seismic analysis and vulnerability assessment, Seismic strengthening and innovative systems, Case studies. Structural Analysis of Historical Constructions is a valuable source of information for scientists and practitioners working on structure-related issues of historical constructions
