**Kate Berridge**

*Mortis* John French, 2022-10-11 Book 5 in the global bestselling series, *The Horus Heresy: Siege of Terra*. The victories of Saturnine and the sacrifices of the Eternity Wall space port have faded into the hope of yesterday. Denied but not defeated, the traitors intensify their assault on the Imperial Palace. With the principal space ports in Horus' hands, the Warmaster now drains the heavens of his reserves. As the pressure of the assault increases, the power of Chaos waxes. The waking lives of the defenders are filled with despair, while their dreams pull them in search of a false paradise. As the fabric of the defences fails and the will of those who stand on them cracks, Horus commands the Titans of the Legio Mortis to breach the walls. Against them stands the might of Mercury Wall and the strength of the Legio Ignatum. Ancient rivals, the god-engines of both Legions meet in battle, while within the walls a few desperate individuals seek a way to turn back the tide of the warp's malign influence. Across Terra lost warriors and travellers make their way through wastelands and gardens of horror, towards home and an unknown future.

*The Mortis Chronicles: Trials Of Eden* □ *Flesh Trade* Phillip Pullen, 2017-10-09 *Mortis* is an ancient demon, a hunter of hunters, and he roams the ravaged landscape as a hired gun. With his latest mission completed, he heads to Spring Water to collect his bounty. Once there, Blood Moon's top Ork military commander asks Mortis to investigate the murder of a visiting dignitary in the nearby outpost Posideon. With a promised pay-out four times more than his going rate, Mortis accepts and begins the trek. A loner, Mortis's plans are suddenly altered when a succubus joins him and the pair head to Posideon together. His travel companion, Synclair, is as unpredictable and mysterious as the terrain, but they are inexplicably drawn to one another. Deep undercover in debauchery, Mortis and Synclair find themselves thrust into a realm of slavery where the flesh traders rule.

*Vigor Mortis* Kate Berridge,2002 *Vigor Mortis* lobs a grenade at the idea that death is taboo. It reveals the new approach to death with a lively and provocative analysis of how and why death is reverting from the private to public domain. This is a social change as significant as the sexual revolution of the 1960s. Death is out of the closet. Mourners (and the deceased if they buy a 'pre-plan service'), now have an unprecedented range of coffins and funeral styles to choose from. This extraordinary cultural phenomenon has gone largely unremarked, despite the fact that death is now such a prominent theme in advertising and contemporary art; death sells. 'To a journalist's instinct for gathering facts, Ms.Berridge adds a scholarship that gives them meaning and a writer's ear for what rings true. On matters mortuarial, last things, the way we live and die and grieve and carry on, *Vigor Mortis* is the business' - Thomas Lynch

*Doc Mortis (Invisible Fiends, Book 4)* Barry

Hutchison,2011-08-04 The fourth thrilling book in this darkly funny, horror series Darren Shan called 'deliciously nightmarish'. The first book, *Mr Mumbles*, is shortlisted for the Royal Mail Awards for Scottish Children's Books.

*Rigor Mortis* Richard Harris,2017-04-04 An essential book to understanding whether the new miracle cure is good science or simply too good to be true American taxpayers spend \$30 billion annually funding biomedical research, but over half of these studies can't be replicated due to poor experimental design, improper methods, and sloppy statistics. Bad science doesn't just hold back medical progress, it can sign the equivalent of a death sentence for terminal patients. In *Rigor Mortis*, Richard Harris explores these urgent issues with vivid anecdotes, personal stories, and interviews with the top biomedical researchers. We need to fix our dysfunctional biomedical system -- before it's too late.

*Mortis Virum* P. M. Johnson,2015-04-29 P. M. Johnsons

exciting debut novel chronicles the ill-conceived account of a brilliant but socially awkward history professor innocently conducting research for a paper on a religious-cult-based terror attack occurring almost twenty years earlier and half-way around the globe. Professor Cary Parker OConnor inadvertently stumbles upon a current day plot by a marginal group of extremists known as the MHHB to infect a willing suicidal flock of human mules with an extremely deadly and infectious viral hybrid of Zaire Ebola and a little-known nasty bug named Morgellons. Not only does this fanatical sect possess the biological agent, but they are already on U.S. soil, have the means to release it, and have already alpha tested it. Their plan is to release the infected martyrs on an unsuspecting populace in the continental United States with the help of a notorious individual known only as KAJI. The professor, along with his two colleagues; Vincent, a student of his working on his Masters Degree and Caroline, a companion of chance whose father is brutally assassinated by the terror group due to his misguided interaction with the professor; devise a magnificently deductive plan to have the entire plot exposed and the wannabe terrorists captured before they can successfully release the lethal mixture as planned. But, the three soon discover there to be an unknown alternate contingency portion to the plot which leads to a tense confrontation on a fast moving train bearing a lone wolf possessing the Mortis Virum and headed for a major populated city. In this fast-paced and humorous thrill ride, individuals discover themselves forced to the limits of their intellectual capacity to survive and find themselves changed forever.

Graves de Mortis Mathew Charpentier, 2011-04-26 The Graves de Mortis, a tome older than humanity itself. Within it's cursed pages lie ineffable horrors and suggestions most foul. It has ended up in the hands of famous occultists, foolish men, powerful witches, and vile priests dedicated to blasphemous deities. This anthology follows five such stories.

In Articulo Mortis (Book 1) S Eliza Gregory, 2020-10-29 We all have moments in our lives when we see or experience something that we can't explain. Most people have stories from their childhood about seeing Santa Claus on a rooftop, a ghost in the basement, or even Bigfoot on a camping trip. When I was a little girl, my brother died in a car accident, and I thought I saw the Grim Reaper. After more than twenty years, I saw him again. Only this time, he didn't leave me alone. In this first novel of Mortis, S. Eliza Gregory takes us on a journey to the unseen world that surrounds our everyday lives with a deeper look inside the true meaning and connection of life and death. Excerpt: There was a certain majesty to the mountains in autumn, when the trees that grew on the slopes began their show of dying colors. Even when the sun died beyond the western horizon, the sky displayed a rainbow of hues. This alone had taught me, even in the early

adventurous years of my childhood, that there was something beautiful about the moment of death. From the back cover: When funeral director Theresa Fairholm is called to collect a body found on the local train tracks, she expected to have an eventful morning. However, she did not expect to encounter the Grim Reaper in the flesh. When he offers to recruit her among his ranking officers to help collect souls, things are set in motion, and a growing darkness begins to linger over her town—Old Midland County—a place she was still learning to call home. As what becomes known as the swallowing darkness seeps into her, she must begin to face the demons of her past or become lost to the darkness forever.

Mortis Vampire Series: Bundle 1 J.C. Diem, 2016-03-30 This bundle includes the first three books of the Mortis Vampire Series. *Death Beckons*: Working late one night, Natalie Pierce is kidnapped by a creature that looks like a harmless old man, but is something far more terrifying. Waking up in a creepy mausoleum, she is forced to endure three nights of indescribable agony. Her life is forever altered when she is transformed into a monster of myth and legend; a vampire. Lonely and full of despair, she comes face to face with the irresistible and enigmatic Lord Lucentio. Justice bringer for the European Vampire Council, Luc has been sent to Australia to kill Natalie's maker, but someone has already beaten him to it. He quickly discovers that Nat is far from an ordinary fledgling. He suspects that she is Mortis, a figure of both

hope and dread among their kind. Natalie is propelled into a dark and mysterious underworld that takes her far away from her hometown of Brisbane. Her arrival was foretold long ago and her fate is already sealed. Nat's entire species is in danger and it is her job to save them. She desperately wants to escape from the burden that has been thrust upon her, but she is inextricably linked to a two thousand year old prophecy. An unknown enemy has begun to whittle down their already limited numbers. If Nat fails to accept her destiny, all vampires will soon cease to exist.

**Death Embraces:** Natalie Pierce awakens to find herself buried in a box that strongly resembles a coffin. After some initial confusion she remembers that she has become a member of a very exclusive club; the living dead. Natalie has three important tasks ahead of her. One: escape from her underground prison. Two: hunt down the creature responsible for imprisoning her. Three: discover who or what is behind the cause of the sentient shadows that only she can see. As the long awaited and highly unanticipated Mortis, Nat has abilities that no other vampire has ever before possessed. She must utilize the strangeness that sets her apart from her new kin to fulfill a prophecy that was written over two thousand years ago. The ancient text predicts that it is her destiny to wipe out the vast bulk of her own kind. Despite all of the weird and wacky powers that she has gained, not even Mortis can avoid her fate.

**Death Deceives:** From the moment she'd been turned into Mortis, Natalie Pierce had been fated to come face to face with the first vampire ever created. Hideously transformed over thousands of years by the diseased blood that runs through his veins, the First had created an army of grey skinned imps. His plan is to enslave humanity and to turn them into a vast herd of cattle to feed his offspring. Nat and her friends are all that stands between the humans and the bat faced, orange eyed imps. Aside from the overwhelming odds against them, Natalie foresaw an even bigger danger. As vampires, they were all highly susceptible to becoming possessed by their shadows. Once that happened, they could then

be turned into imps by the First. Luc, Geordie, Igor and Gregor would be doomed from the instant they set foot inside the First's lair. A recent prophecy had foretold that an army would come to Natalie's aid. With many of her new kin already possessed by their shadows, Nat was uncertain where this mystery army would come from. She could only hope that the prophecy would come true. If it didn't, she would be facing the First and his growing army of ravenous offspring alone.

Trigger Mortis Frank Kane,2012-02-15 Johnny Liddell, private investigator, is not accustomed to a quiet life. But life was never less quiet for him than after he was called in by Celeste Pierce, a redhead who is giving several famous bosomy blondes a run for their money. Everything was going swimmingly for Celeste until she was blackmailed by *Bare Facts*, a magazine which had some bare facts about Celeste from her girl-in-the-pie period. She is willing to pay for pictures and films, and Johnny sets off to get them back. Unfortunately for Johnny's peace of mind, impetuous Celeste goes off herself to see Murray Carter, the unattractive publisher of the unattractive periodical. The next day she is found

dead in his apartment, and someone has obviously lent a helping hand since there is a bullet hole in the back of his skull. Johnny is given forty-eight hours and a free hand by the police to check on other blackmailers of Bare Facts. His search leads him everywhere from a Harlem dope joint to a boxers' hangout, with trouble all the way. He finally solves the riddle, no thanks to anybody but himself.

**Dominus Mortis** David J. Luy, 2014-11-01 Modern interpreters typically attach revolutionary significance to Luther's Christology on account of its unprecedented endorsement of God's ontological vulnerability. This passibilist reading of Luther's theology has sourced a long channel of speculative theology and philosophy, from Hegel to Moltmann, which regards Luther as an ally against antique, philosophical assumptions, which are supposed to occlude the genuine immanence of God to history and experience. David J. Luy challenges this history of reception and rejects the interpretation of Luther's Christology upon which it is founded. *Dominus Mortis* creates the conditions necessary for an alternative appropriation of Luther's Christological legacy. By re-specifying certain key aspects of Luther's Christological commitments, Luy provides a careful reassessment of how Luther's theology can make a contribution within ongoing attempts to adequately conceptualize divine immanence. Luther is demonstrated as a theologian who creatively appropriates the patristic and medieval theological tradition and whose constructive enterprise is significant for the ways that it disrupts widely held assumptions about the doctrine of divine impassibility, the transcendence of God, dogmatic development, and the relationship of God to suffering.

**Carpe Mortis** Graveyard Greg, 2017-05-15 Can life be awesome during a zombie apocalypse? A follow up to the Carpe Diem Halloween Special, Carpe Mortis follows the struggle for survival of the characters from Profiles and Welcome to Cappuccinos as they fight to for their lives as the dead rise and the world collapses around them.
