In a Dark Wood , In a Dark Wood presents a history of debates among ecologists over what constitutes good forestry, and a critique of the ecological reasoning behind contemporary strategies of preservation, including the Endangered Species Act. Chase argues that these strategies, in many instances adopted for political, rather than scientific reasons, fail to promote biological diversity and may actually harm more creatures than they help. At the same time, Chase offers examples of conservation strategies that work, but which are deemed politically incorrect and ignored. In a Dark Wood provides the most thoughtful and complete account yet written of radical environmentalism. And it challenges the fundamental—but largely unexamined—assumptions of preservationism, such as those concerning whether there is a balance of nature, whether all branches of ecology are really science, and whether ecosystems exist. In his new introduction, Chase evaluates the response to his book and reports on recent developments in environmental science, policy, and politics. In a Dark Wood was judged by a recent national poll to be one of the one hundred best nonfiction books written in the English language during the twentieth century. A smashing good read, this book will be of interest to environmentalists, ecologists, philosophers, biologists, and bio-ethicists, and anyone concerned about ecological issues.

Legendary Keys Anthony Quiles Colón,2014-06-11 Joseph Brant is a sixteen-year-old with a bright future. He is a good student and has a girlfriend. One day, the chemistry teacher at his school, along with two other teachers and the principal, drug the whole school! Their plan is to find the valuable Stone of the Mahlekarag, one way or another. Joseph and his friends escape, but leave his brother Michael behind. When they go back to get Michael, they decide to rescue the rest of the students. A cop goes undercover at the school to investigate the incident and the CIA also gets involved. What will happen to the drugged students, the bad guys, and the stone?

Chain and Other Stories John Omar Larnell Adams,2015-02-11 The book Chain and Other Stories contains nine stories. The first story, Chain, is about two federal agents who go undercover in Anchorage, Alaska, with two NYC detectives to investigate whether or not an oil mogul is using kidnapped kids to make weapons sold throughout the United States if so stop him. The next story, Gradill, is about an FBI agent who is investigating a case in Chicago where a bioterrorist is using SARS and Anthrax to poison or sicken CEO's of biochemical companies and local politicians who are giving them leeway to get funding and do research. The last of the first stories is Shatter Blue Magic—a story dealing with a young man who is an assassin who leaves a person alive he was supposed to kill, now he is only having to kill the person before he kills him and the lady he loves. The second batch of stories starts with Shatter Blue Magic 2, which is about the assassin from the first story having to kill his younger brother and sister-in-law, who have both been assigned to kill him, his wife, son, and employers. Web is the sequel to Chain where the two federal agents from the first story go undercover in Phoenix, Arizona, with two Phoenix detectives to investigate and stop two nightclub owners in Phoenix from kidnapping teenage girls and selling them to the adult entertainment industry to work as adult film stars. Gradill 2 is where the FBI agent from the first story is going undercover in Chicago to investigate a local domestic terrorist group and stop them from wrecking havoc in Chicago. The third batch of stories is Gradill 3 where the FBI agent from the two previous stories goes undercover with her sister to investigate a growing local domestic terrorist group who is causing trouble in Chicago and to stop them. The Last Call for Shatter Blue Magic picks up where the second story left off, healing his wounds from his encounter with his brother and sister-in-law, the assassin takes one last job where he must go around the world killing criminal organizations, corrupt policemen, crooked politicians, and terrorists, or he and his family and employers will be killed. Link is the last story in the Chain series where the two federal agents must go to Honolulu, Hawaii, with two Honolulu detectives to go undercover at a local sweatshop to investigate and stop a local rich woman and her friends from using children from Asia and America to work in her sweatshop making clothes that end up in department stores.

Chasing the Wind John V. Cauthen,2012-08-24 Chasing the Wind by John Cauthen NORAD spy satellites detect an unscheduled and totally unexpected 400 kiloton nuclear explosion in a remote part of the Atlantic, far from land and shipping lanes. It did no harm and left no clue as to its origin or why it was detonated. Nor was there any indication as to what the delivery system was. It was this total lack of information that made the event so mysterious, perplexing, and threatening. The president was immediately notified of the event and of the steps being taken by the military and the CIA to learn more about the detonation. He was also informed of the Defense Departments decision to issue the militarys highest alert for forces in that defense zone. In the frantic days that followed, the nation found itself on the brink of a nuclear disasterthe circumstances of which would ultimately destroy America as a functioning nation if not stopped.

EJFS Episode 1: Vritra's Rebirth Michael J. Beasley,2020-12-15 In the year 2023: Caleb Porter, 22, lives in a modest apartment building and down on his luck while searching for his calling in life. He was forced to move to the cramped living space after a shady politician spearheaded a budget proposal to increase taxes in the city dramatically. Hoping to escape his quandary, Caleb dreamed of enlisting in the US Military. However, his lack of physical development prevented his ambition from becoming a reality. Until one September day, he was offered a role with a new secret agency comprised of undercover superhuman super-agents posing as taxi drivers, stealthily correcting corruption, tyranny, and terrorism worldwide. Soon, Caleb is swept in a whirlwind of events that lead to a bizarre chain of events that lead to a significant geopolitical struggle and a cataclysmic world event threatening humanity's survival. ----- Using highly-advanced technology, the EJFS can build their

recruits into superhuman brutes with various capabilities ranging from powerful wind breath to other forms of weather manipulation and control. The EJFS network possesses a massive presence worldwide, monitoring all levels of the chain of power in each region and locality within its scope across the globe. ----- Caleb, a.k.a. Abhu Dhuval Sandeep (Caleb's alternate persona), and his trainer, Agent Singh Puneet Sherpa, embark on an epic chase, attempting to avert an impending global calamity from occurring. Together, they soon form a long-lasting friendship after a perilous situation takes shape, separating Singh and the star agent from protecting his new best friend. Khali, the chief commander of the EJFS, operates and manages the super-agency in which he formed. Serving alongside his second-in-command (Agent Raj Ajith Kalidas) is well-respected among his subordinates. The mission to prevent Vritra's rebirth faces complications as two moles within the agency, working for the rival Final Wave terrorist organization, plan their betrayal of the EJFS to rejoin Final Wave in its bid to conquer the world with Vritra seizing control of Planet Earth. Will the EJFS succeed in stopping the apocalypse, or will their efforts come up short? ----- The journey spans the globe from Atlanta, Georgia to Dubai, UAE, and Kuala Lumpur, Malaysia, to Berlin, Germany, and Siberia, Russia.

A Good Forest for Dying Patrick Beach,2004-04-06 Early on a September morning in 1998, David "Gypsy" Chain and eight fellow Earth First! activists went into the redwood forests of Scotia, California. Their loosely organized plan to protest the destruction caused by the logging industry almost immediately turned farcically tragic. A. E. Ammons, a logger for Pacific Lumber, confronted the group, threatening them in an obscenity-ridden diatribe: if they didn't leave I'll make sure I got a tree comin' this way! The group retreated, moving deeper into the wilderness. A short time later, just as they were attempting to confront the logger yet again, Gypsy was dead, crushed to death by a tree Ammons felled. A GOOD FOREST FOR DYING traces the long history of bitter clashes between environmental concerns and economic interests in the American West and shows why these tensions came to a head in northern California in the 1990s. It tells the story of how Pacific Lumber, once an environmentally friendly, family-owned business, became part of a conglomerate whose business practices made it a ripe target for environmental activists. But A GOOD FOREST FOR DYING is also the story of Gypsy Chain, a troubled young man raised in a loving family. A social misfit in his small Texas hometown, he died in a faraway forest before he had a chance to come to terms with himself and his family. His mother never lost faith in her sometimes wayward, idealistic son. After his death, and helped by a team of shrewd, leftist lawyers, she mounted a fight for justice in the name of her son and the cause of saving the redwoods. A balanced, highly readable examination of complex, emotionally charged issues, A GOOD FOREST FOR DYING will appeal to a wide audience. Its insights into the inner workings of the radical environmental movement and its dissection of corporate greed and misdeeds are reminiscent of such provocative exposés as A Civil Action and Erin Brockovich. The story of Gypsy's strange odyssey and the disturbing circumstances of his death—seen primarily through the eyes of his mother—is as powerful and as moving as Jon Krakauer's classic Into the Wild.

Zulir Warrior Mates Volume One Kate Rudolph,2021-05-11 Human heroines are ready to fight back against their alien abductors alongside their mates in the Zulir Warrior Mates bundle! Synnr's Saint Emily was a normal law student until she was abducted by aliens. Forced to perform death defying feats by night and undergoing medical tests by day, she doesn't know how much longer she can take it. When one alien takes particular interest in her she's afraid things have gone from bad to worse. He's got wings and fangs, and he makes her heart pound. But she can't want an alien like that... can she? Synnr's Hope When Lena and Solan fail to gel as a unit, they're sent off to intensive training in the middle of nowhere. Just Solan, Lena, and a house determined to hone them into the best team they can be. When sparks start flying, there's nothing to stop the two of them from crashing together with explosive heat. Synnr's Spark Grace has never quite fit in. One hundred percent human, but raised by a Synnr father and human mother, she has a foot in two worlds and belongs in neither. A Synnr Match would give her the wings she desperately wants, so why has a human man caught her eye? She's caught between Zac, a human man rescued from enemy Apsyns and their evil experiments, and Crowze, an aristocratic Synnr soldier built for seduction. There's no way she can choose between them. So why not choose both? This collection brings together fated mate alien romances which are perfect for fans of paranormal and sci-fi romance!

Eye for Eye Stuart Graysson,2019-02-20 When a string of grocery store explosions terrorizing the nation goes unsolved, FBI special agent and counterterrorism expert

Chance Cooper is pulled back into service after an extended absence and tasked with stopping the bomber at all costs. After all, it's what Chance does best: tracking and capturing monsters. Just as Chance and his team begin the investigation, a biological attack indiscriminately kills hundreds of unsuspecting Americans. When Chance discovers the attacks are related, he realizes that a new and cunning generation of terrorists has emerged in the United States, intent on crippling the economy and bringing the nation to its knees. Now Chance faces the harrowing task of hunting down the terrorists, all while attempting to stay alive in the process. Will he manage to stop them before they strike again or will he remain one step behind a devastating plot with the power to bring down the United States and the American people? In this suspense-filled thriller, a seasoned FBI agent and his team must battle a terrorist group preparing to instigate an evil plan on innocent Americans.

Marine Force One: Strike Vector David Stuart Alexander, 2002-01-08 Marine Force One. A special detachment of the Marine Corps whose prowess in combat and specialized training sets them apart from the average grunt. They charge where others retreat, and succeed where others fail. They are the best America's got. In the deserts of Iraq, there's trouble under the blistering sun. Using an overland black-market route that stretches from Germany to Iraq, extremist forces have gathered materials to create a new weapon of devastation. It's a hybrid nuclear warhead that needs no missile—it can be fired from artillery. And it could cast a radioactive cloud over the entire Middle East. Now, Major David Saxon and the warriors of Marine Force One must plunge into the heart of enemy territory, and cut the terrorist supply line down to size.

Playable Cities Anton Nijholt, 2016-10-14 This book addresses the topic of playable cities, which use the 'smartness' of digital cities to offer their citizens playful events and activities. The contributions presented here examine various aspects of playable cities, including developments in pervasive and urban games, the use of urban data to design games and playful applications, architecture design and playability, and mischief and humor in playable cities. The smartness of digital cities can be found in the sensors and actuators that are embedded in their environment. This smartness allows them to monitor, anticipate and support our activities and increases the efficiency of the cities and our activities. These urban smart technologies can offer citizens playful interactions with streets, buildings, street furniture, traffic, public art and entertainment, large public displays and public events.

Designer Crimes Lia Matera, 2021-06-15 A high-profile San Francisco lawyer scrambles to save her career, her client, and her life in this mystery by the author of Face Value. When a cash-cow client bails, attorney Laura Di Palma is certain her old boss is out to ruin her. She visits labor lawyer Jocelyn Kinsley to sue the creep for slander, but their meeting is cut short when Jocelyn is shot by an intruder. As she lays dying, she whispers a cryptic clue to Laura: "Designer crimes." Assisted by her friend and former flame, private detective Sandy Arkelett, Laura searches for the meaning behind Jocelyn's last words. Meanwhile, she must defend her one remaining client, an old high school friend accused of murder. His girlfriend left town—a bucket of blood in her wake. Sandy wonders if the bullet that killed Jocelyn was meant for Laura, and when someone tries to shoot her, she begins to agree. Now, Laura must decipher who's out to kill whom and why—before someone makes certain her only client is her last . . . "Complex and satisfying for Ms. Matera's faithful readers, who have come to expect such brain-burners from her." —The New York Times "[Matera's] skill and literary flair are everywhere on display. Every word counts, and the pieces of the puzzle fit together with exhilarating precision." —ABA Journal "Matera once again demonstrates her mastery of characterization, plotting, and pacing." —Booklist
