The Road Movie Book Steven Cohan, Ina Rae Hark, 2002-01-04 The Road Movie Book is the first comprehensive study of an enduring but ever-changing Hollywood genre, its place in American culture, and its legacy to world cinema. The road and the cinema both flourished in the twentieth century, as technological advances brought motion pictures to a mass audience and the mass produced automobile opened up the road to the ordinary American. When Jean Baudrillard equated modern American culture with 'space, speed, cinema, technology' he could just as easily have added that the road movie is its supreme emblem. The contributors explore how the road movie has confronted and represented issues of nationhood,

sexuality, gender, class and race. They map the generic terrain of the road movie, trace its evolution on American television as well as on the big screen from the 1930s through the 1980s, and, finally, consider road movies that go off the road, departing from the US landscape or travelling on the margins of contemporary American culture. Movies discussed include: * Road classics such as It Happened One Night, The Grapes of Wrath, The Wizard of Oz and the Bob Hope-Bing Crosby Road to films * 1960's reworkings of the road movie in Easy Rider and Bonnie and Clyde * Russ Meyer's road movies: from Motorpsycho! to Faster Pussycat! Kill! Kill! * Contemporary hits such as Paris Texas, Rain Man, Natural Born Killers and Thelma and Louise * The road movie, Australian style, from Mad Max to the Adventures of Priscilla, Queen of the Desert.

Life: The Movie Neal Gabler, 2000-02-29 The story of how our bottomless appetite for novelty, gossip, and melodrama has turned everything—news, politics, religion, high culture—into one vast public entertainment. Neal Gabler calls them lifies, those blockbusters written in the medium of life that dominate the media and the national conversation for weeks, months, even years: the death of Princess Diana, the trial of O.J. Simpson, Kenneth Starr vs. William Jefferson Clinton. Real Life as Entertainment is hardly a new phenomenon, but the movies, and now the new information technologies, have so accelerated it that it is now the reigning popular art form. How this came to pass, and just what it means for our culture and our personal lives, is the subject of this witty, concerned, and sometimes eye-opening book. A thoughtful, in places chilling, account of the way entertainment values have hollowed out American life. --The New York Times Book Review

Horror Movie a Day Brian Collins, 2016-03-31 For over six years, Brian Collins watched and reviewed a different horror movie every single day. Most of them stunk. With over 2500 reviews on the Horror Movie A Day website, finding the worthwhile ones can be a chore, so Collins has curated a selection of choice films - 365 of them in fact, one for every day of the year. Each month has a different theme and offers a variety of films within that theme for your viewing enjoyment. And they're not the ones you've seen already - most of the book's selections are obscure, indie, or foreign titles that a casual horror fan hasn't seen yet. Every movie is someone's favorite movie - perhaps this

book will introduce you to yours.

It's Only a Movie Charlotte Chandler, 2008-12-09
IT'S ONLY A MOVIE is as close to an autobiography by Alfred Hitchcock that you could ever have. Drawn from years of interviews with her subject, his friends and the actors who worked with him on such classics as THE BIRDS, PSYCHO and REAR VIEW WINDOW, Charlotte Chandler has created a rich, complex, affectionate and honest picture of the man and his milieu. This is Hitchcock in his own voice and through the eyes of those who knew him better than anyone could.

Silent Movie Avi, 2003-03 Black-and-white images follow one after another. The story of an immigrant family alone in a big city. Close-ups of a mother, a son -- faces filled with heartache and joy. Plenty of action. Excitement. Melodrama. A Silent Movie.

I Hated, Hated, Hated This Movie Roger Ebert, 2000-04 I Hated, Hated, Hated This Movie is a collection of more than 200 of Ebert's most biting and entertaining reviews of films receiving a mere star or less from the only film critic to win the Pulitzer Prize. Ebert has no patience for these atrocious movies and minces no words in skewering the offenders. Witness: *Armageddon* * (1998) - The movie is an assault on the eyes, the ears, the brain, common sense, and the human desire to be entertained. No matter what they're charging to get in, it's worth more to get out. *The Beverly Hillbillies** (1993) - Imagine the dumbest half-hour sitcom you've ever seen, spin it out to ninety-three minutes by making it even more thin and shallow, and you have this movie. It's

appalling.North no stars (1994) - I hated this movie. Hated hated hated hated hated this movie. Hated it. Hated every simpering stupid vacant audience-insulting moment of it. Hated the sensibility that thought anyone would like it. Hated the implied insult to the audience by its belief that anyone would be entertained by it.Police Academy no stars (1984) - It's so bad, maybe you should pool your money and draw straws and send one of the guys off to rent it so that in the future, whenever you think you're sitting through a bad comedy, he could shake his head, chuckle tolerantly, and explain that you don't know what bad is.Dear God * (1996) - Dear God is the kind of movie where you walk out repeating the title, but not with a smile.The movies reviewed within I Hated, Hated, Hated This Movie are motion pictures you'll want to distance yourself from, but Roger Ebert's creative and comical musings on those films make for a book no movie fan should miss.

Hedy's Folly Richard Rhodes,2012-08-07 Pulitzer Prize-winning author Richard Rhodes delivers a remarkable story of science history: how a ravishing film star and an avant-garde composer invented spread-spectrum radio, the technology that made wireless phones, GPS systems, and many other devices possible. Beginning at a Hollywood dinner table, Hedy's Folly tells a wild story of innovation that culminates in U.S. patent number 2,292,387 for a secret communication system. Along the way Rhodes weaves together Hollywood's golden era, the history of Vienna, 1920s Paris, weapons design, music, a tutorial on patent law and a

brief treatise on transmission technology. Narrated with the rigor and charisma we've come to expect of Rhodes, it is a remarkable narrative adventure about spread-spectrum radio's genesis and unlikely amateur inventors collaborating to change the world.

Bill and Ted's Most Excellent Movie Book Laura J. Shapiro, 2020-08-28 The Official companion to all three bodacious Bill & Ted films.

Low Budget Movie Kendra DeColo, Tyler Mills, 2021-06-15 Low Budget Movie weaves together the voices of two contemporary poets into a singular persona who sings about vintage guitars, movie props, Dunkin' Donuts, misogyny, the male gaze, low budget movies, and the unexpected glitter caught in the cracks of it all.

Make My Day J. Hoberman, 2019-07-02 Named a Best Book of the Year by Financial Times Singular, stylish and slightly intoxicating in its scope. —Rolling Stone Acclaimed media critic J. Hoberman's masterful and majestic exploration of the Reagan years as seen through the unforgettable movies of the era The third book in a brilliant and ambitious trilogy, celebrated cultural and film critic J. Hoberman's Make My Day is a major new work of film and pop culture history. In it he chronicles the Reagan years, from the waning days of the Watergate scandal when disaster films like Earthquake ruled the box office to the nostalgia of feel-good movies like Rocky and Star Wars, and the delirium of the 1984 presidential campaign and beyond. Bookended by the Bicentennial celebrations and the Iran-Contra affair, the period of Reagan's ascendance brought such movie events as Jaws,

Apocalypse Now, Blade Runner, Ghostbusters, Blue Velvet, and Back to the Future, as well as the birth of MTV, the Strategic Defense Initiative, and the Second Cold War. An exploration of the synergy between American politics and popular culture, Make My Day is the concluding volume of Hoberman's Found Illusions trilogy; the first volume, The Dream Life, was described by Slate's David Edelstein as one of the most vital cultural histories I've ever read; Film Comment called the second, An Army of Phantoms, utterly compulsive reading. Reagan, a supporting player in Hoberman's previous volumes, here takes center stage as the peer of Indiana Jones and John Rambo, the embodiment of a Hollywood that, even then, no longer existed.

The Flintstones Jody Duncan, 1994

Plutopia Kate Brown, 2013-03-15 While many transnational histories of the nuclear arms race have been written, Kate Brown provides the first definitive account of the great plutonium disasters of the United States and the Soviet Union. In Plutopia, Brown draws on official records and dozens of interviews to tell the extraordinary stories of Richland, Washington and Ozersk, Russia-the first two cities in the world to produce plutonium. To contain secrets, American and Soviet leaders created plutopias--communities of nuclear families living in highly-subsidized, limited-access atomic cities. Fully employed and medically monitored, the residents of Richland and Ozersk enjoyed all the pleasures of consumer society, while nearby, migrants, prisoners, and soldiers were banned from plutopia--they lived in

temporary staging grounds and often performed the most dangerous work at the plant. Brown shows that the plants' segregation of permanent and temporary workers and of nuclear and non-nuclear zones created a bubble of immunity, where dumps and accidents were glossed over and plant managers freely embezzled and polluted. In four decades, the Hanford plant near Richland and the Maiak plant near Ozersk each issued at least 200 million curies of radioactive isotopes into the surrounding environment--equaling four Chernobyls--laying waste to hundreds of square miles and contaminating rivers, fields, forests, and food supplies. Because of the decades of secrecy, downwind and downriver neighbors of the plutonium plants had difficulty proving what they suspected, that the rash of illnesses, cancers, and birth defects in their communities were caused by the plants' radioactive emissions. Plutopia was successful because in its zoned-off isolation it appeared to deliver the promises of the American dream and Soviet communism; in reality, it concealed disasters that remain highly unstable and threatening today. An untold and profoundly important piece of Cold War history, Plutopia invites readers to consider the nuclear footprint left by the arms race and the enormous price of paying for it.

Movie Censorship and American Culture Francis G. Couvares, 2006 From the earliest days of public outrage over indecent nickelodeon shows, Americans have worried about the power of the movies. The eleven essays in this book examine nearly a century of struggle over cinematic representations

of sex, crime, violence, religion, race, and ethnicity, revealing that the effort to regulate the screen has reflected deep social and cultural schisms. In addition to the editor, contributors include Daniel Czitrom, Marybeth Hamilton, Garth Jowett, Charles Lyons, Richard Maltby, Charles Musser, Alison M. Parker, Charlene Regester, Ruth Vasey, and Stephen Vaughn. Together they make it clear that censoring the movies is more than just a reflex against indecency, however defined. Whether censorship protects the vulnerable or suppresses the creative, it is part of a broader culture war that breaks out recurrently as Americans try to come to terms with the market, the state, and the plural society in which they live.

Movie Houses of Greater Newark Philip M.

Read, 2013-07-15 For decades, Newark and its environs have been lit up by the bright neon lights of grand movie palaces and theaters. In the early 20th century, stages that were originally built for vaudeville acts were turned over to silver screens and the flickering images from motion-picture projectors. This new technology ushered Hollywood movies to the East Coast and made cinema accessible for locals to enjoy. Movie houses and palaces provided moviegoers a new type of viewing experience. With ornate interiors and rich architecture, these institutions offered their patrons a beautiful setting to watch classic

films. Over time, these establishments evolved and began hosting burlesque shows and rock concerts. Today, many of these downtown landmarks have been demolished, replaced, or adaptively renovated into the modern multiplexes of today. Images of the Paramount and the Mosque Theater help Movie Houses of Greater Newark tell the story of an era when going to the movies was an event.
