*New Urban Configurations* R. Cavallo,S. Komossa,N. Marzot,2014-04-25 Urban areas have been caught up in a turbulent process of transformation over the past 50 years and changes have been rapid, with issues such as mobility, nature, water management, energy use and public space featuring prominently. In each Olympic year since 1988, the Faculty of Architecture at Delft University of Technology has held an international conference focusing on the connection between research and design, exploring the field of tension between science, technology and art. This book presents the proceedings of the latest in this series of conferences: New Urban Configurations, held in Delft, the Netherlands, in October 2012 in collaboration with the European Association for Architectural Education (EAAE) and the International Seminar on Urban Form (ISUF). This edition of the conference discussed the role and critical potential of the architectural project in the transformation process of cities and territories that leads to new urban configurations. The publication contains all 140 accepted papers and a selection of the keynote lectures presented at the conference. The papers have been grouped into five main themes: innovation in building typology; infrastructure and the city; complex urban projects; green spaces, and delta urbanism. Four of these major topics are further divided into several subtopics. This book will be of interest to everyone involved in designing, building, thinking about as well as managing the urban landscape and territory.

Absolute DC: the New Frontier 15th Anniversary Edition Darwyn Cooke,2019 Welcome to the DC Universe in 1950s America -- a land of promise and paranoia, of glittering cities and segregated slums, of dizzying scientific progress and simmering Cold War conflict. A land without the Justice League--Superman, Batman and Wonder Woman. Or so it seems. Celebrate the 15th anniversary of Darwyn Cooke's retro-styled masterpice in a new Absolute format. The masked mystery men who fought for freedom in the Second World War have been outlawed. The soldiers and spies who conducted top-secret missions into the unknown now work in the shadows. And those icons who do still fight on -- Superman, Wonder Woman, Batman -- operate under hidden agendas and dueling ideologies. Yet this America needs its heroes more than ever. With darkness gathering on the horizon once more, only a bold new generation of adventurers -- young, daring, and dedicated to the better angels of our nature -- is equal to the challenge of the New Frontier. From Eisner Award-winning writer-artist Darwyn Cooke and Eisner Award-winning colorist Dave Stewart comes DC: The New Frontier-- a timeless tale of idealism that has become one of the most acclaimed superhero comics of the 21st century. This edition collects the original 6-issue miniseries together with the Justice League: New Frontier Special, and features over 50 pages of designs, sketches and preliminary artwork from the author.

**Yurei Attack!** Hiroko Yoda,Matt Alt,2012-12-10 Yurei Attack! is a nightmare-inducing one-stop guide to Japan's traditional ghosts and spirits. Surviving encounters with angry ghosts and sexy spectres. Haunted places. Dangerous games and how to play them. And more importantly, a guided tour of what awaits in the world of the dead. Yurei is the Japanese word for ghost. It's as simple as that. They are the souls of dead people, unable--or unwilling--to shuffle off this mortal coil. Yurei are many things, but friendly isn't the first word that comes to mind. Not every yurei is dangerous, but they are all driven by emotions so uncontrollably powerful that they have taken on a life of their own: rage, sadness, devotion, a desire for revenge, or even the firm belief that they are still alive. This book, the third in the authors' bestselling Attack! series, after Yokai Attack! and Ninja Attack! gives detailed information on 39 of the creepiest yurei stalking Japan, along with detailed histories and defensive tactics should you have the misfortune to encounter one. Japanese ghosts include: Oiwa, The Horror of Yotsuya Otsuyu, The Tale of the Peony Lantern The Lady Rokujo, The Tale of Genji Isora, Tales of Moonlight and Rain Orui, The Depths of Kasane Book 3 of 3 in the Yokai Attack! series. Others include Ninja Attack! and Yokai Attack!.
