Andrew Hussie

The Homestuck Epilogues Andrew Hussie, 2020-01-14 Tales of dubious authenticity. Ten years ago, a young man stood in his bedroom. The events set in motion that day would change his and his friends' lives forever, for the better and the worse (and the ridiculous). Now, in the aftermath, he has to make a choice: Meat or Candy?

Detective Pony Jeanne Betancourt, 1998 During a fire at the Crandal Animal Clinic, the Pony Pals help remove all the animals unharmed--but Anna's kitten is missing. A pony named Acorn comes to the rescue in a thrilling search.

Homestuck, Book 1 Andrew Hussie, 2018-04-13 A full-color, hardcover collector's edition of the landmark webcomic. Years in the past, but not many, a webcomic launched that would captivate legions of devoted fans around the world and take them on a mind-bending, genre-defying epic journey that would forever change the way they look at stairs. And buckets. And possibly horses. Now this sprawling saga has been immortalized on dead trees with notes from author Andrew Hussie explaining what the hell he was thinking as he brought this monster to life. A must-have for Homestuck fans who want to re-experience the saga or for new readers looking for a gateway to enter this rich universe. A young man stands in his bedroom. It just so happens that he's about to embark on an adventure involving birthday cakes, magic chests, hammers, arms (detachable and otherwise), harlequins, imps, eccentric architecture, movable home furnishings, bunnies, and a video game that will destroy the world.

Homestuck, Book 6 Andrew Hussie, 2020-03-10 A full-color, hardcover collector's edition of the landmark webcomic. Years in the past, but not many, a webcomic launched that would captivate legions of devoted fans around the world and take them on a mind-bending, genre-defying epic

journey that would forever change the way they look at stairs. And buckets. And possibly horses. Now this sprawling saga has been immortalized on dead trees with notes from author Andrew Hussie explaining what the hell he was thinking as he brought this monster to life. A must-have for Homestuck fans who want to re-experience the saga or for new readers looking for a gateway to enter this rich universe. As the game sessions tick down into their final hours, the players spin up into frenzied action. Their rivalries and ridiculously elaborate competing plans entail 2pooky paranormal phenomena, random teleportation murders, grimdarkness, crazy suicide missions, silly conversations, password nonsense, lipstick chainsaw retribution, wrecking some havoc, and being santa.

The Starlight Calliope Andrew Hussie, 2012-12 Details the adventures of Whistles, a clown in the Starlight Calliope circus, who retains his innocence and optimism even as he is forced to flee after being exposed to the corrupt underworld of the circus.

Eliza and Her Monsters Francesca Zappia, 2017-05-30 “A love letter to fandom, friendship, and the stories that shape us, *Eliza and Her Monsters* is absolutely magical.”—Marieke Nijkamp, New York Times–bestselling author of *This Is Where It Ends* Eighteen-year-old Eliza Mirk is the anonymous creator of the wildly popular webcomic *Monstrous Sea*, but when a new boy at school tempts her to live a life offline, everything she’s worked for begins to crumble. Rainbow Rowell’s *Fangirl* meets Noelle Stevenson’s *Nimona* in this acclaimed novel about art, fandom, and finding the courage to be yourself. “A must-have.”—School Library Journal In the real world, Eliza Mirk is shy, weird, and friendless. Online, Eliza is LadyConstellation, anonymous creator of a popular webcomic called *Monstrous Sea*. With millions of followers and fans throughout the world, Eliza’s persona is popular. Eliza can’t imagine enjoying the real world as much as she loves her digital community.

Then Wallace Warland transfers to her school and Eliza begins to wonder if a life offline might be worthwhile. But when Eliza's secret is accidentally shared with the world, everything she's built—her story, her relationship with Wallace, and even her sanity—begins to fall apart. With pages from Eliza's webcomic, as well as screenshots from Eliza's online forums, this book will appeal to fans of Noelle Stevenson's *Nimona* and Rainbow Rowell's *Fangirl*. Neil and the Cruise Ship Adventure Isabel Orellana, 2018-07-26 Neil and the Cruise Ship Adventure is a story about a young boy who during a cruise ship vacation saves his sister, friends

and himself from being trapped by using his talker. Neil's Life and Adventures is a book series that teaches kindness and empathy while giving the young reader the opportunity to enjoy an adventure story with lots of colorful illustrations and easy-to-read text. Neil loves to swim, read, paint, climb trees and play with his friends. He goes to mainstream primary school where he has his closest friends. Neil is non-verbal and uses a talker to communicate. Growing up Neil's biggest wish was to let others know his thoughts and his dreams. He had so many things that he wanted to share, but he just couldn't. He didn't have a way to express his thoughts. One day, his parents got Neil a talker. Neil was very excited that he would be able to express his thoughts and share his ideas with his family and friends. Since this is like learning a new language for Neil, his parents and sister helped him by modeling. Modeling means using the talker to say things while also using your voice. Modeling is fun! Neil's sister models while they play and read books together. Neil's mum models every day when she helps Neil get ready for school and in the evening when telling Neil a bedtime story. Neil's father models while going to the park with him on weekends. Soon everyone around Neil was modeling and helping him learn this new language. Neil picked up on the new language over time and started commenting when people around him were talking. Neil is very grateful for being able to say what he wants, when he wants and how he wants to say it. He has so many thoughts and ideas he wants to share.

Comics and Videogames Andreas Rauscher, Daniel Stein, Jan-Noël Thon, 2020-10-18 This book offers the first comprehensive study of the many interfaces shaping the relationship between comics and videogames. It combines in-depth conceptual reflection with a rich selection of paradigmatic case studies from contemporary media culture. The editors have gathered a distinguished group of

international scholars working at the interstices of comics studies and game studies to explore two interrelated areas of inquiry: The first part of the book focuses on hybrid medialities and experimental aesthetics between comics and videogames; the second part zooms in on how comics and videogames function as transmedia expansions within an increasingly convergent and participatory media culture. The individual chapters address synergies and intersections between comics and videogames via a diverse set of case studies ranging from independent and experimental projects via popular franchises from the corporate worlds of DC and Marvel to the more playful forms of media mix prominent in Japan. Offering an innovative intervention into a number of salient issues in current media culture, *Comics and Videogames* will be of interest to scholars and students of comics studies, game studies, popular culture studies, transmedia studies, and visual culture studies.

The Food Network Recipe Emily L. Newman, Emily Witsell, 2021-04-07 When the Television Food Network launched in 1993, its programming was conceived as educational: it would teach people how to cook well, with side trips into the economics of food and healthy living. Today, however, the network is primarily known for splashy celebrity chefs and spirited competition shows. These new essays explore how the Food Network came to be known for consistently providing comforting programming that offers an escape from reality, where the storyline is just as important as the food that is being created. It dissects some of the biggest personalities that emerged from the Food Network itself, such as Guy Fieri, and offers a critical examination of a variety of chefs' feminisms and the complicated nature of success. Some writers posit that the Food Network is creating an engaging, important dialogue about modes of instruction and education, and others analyze how the Food Network presents locality and place through the sharing of food culture with the viewing public. This book will bring together these threads as it explores the rise, development, and unique adaptability of the Food Network.
