anniversary edition of Richard Adams' picaresque saga about a motley band of rabbits - Watership Down is one of the most beloved novels of our time. Sandleford Warren is in danger. Hazel's younger brother Fiver is convinced that a great evil is about to befall the land, but no one will listen. And why would they when it is Spring and the grass is fat and succulent? So together Hazel and Fiver and a few other brave rabbits secretly leave behind the safety and strictures of the warren and hop tentatively out into a vast and strange world. Chased by their former friends, hunted by dogs and foxes, avoiding farms and other human threats, but making new friends, Hazel and his fellow rabbits dream of a new life in the emerald embrace of Watership Down . . . 'A gripping story of rebellion in a rabbit warren and the subsequent adventures of the rebels. Adams has a poetic eye and a gift for storytelling which will speak to readers of all ages for many years to come' Sunday Times 'A masterpiece. The best story about wild animals since The Wind in the Willows. Very funny, exciting, often moving' Evening Standard 'A great book. A whole world is created, perfectly real in itself, yet constituting a deep incidental comment on human affairs' Guardian Richard Adams grew up in Berkshire, the son of a country doctor. After an education at Oxford, he spent six years in the army and then went into the Civil Service. He originally began telling the story of Watership Down to his two daughters and they insisted he publish it as a book. It quickly became a huge success with both children and adults, and won the Guardian Children's Fiction Award and the Carnegie Medal in 1972. Richard Adams has written many novels and short stories, including Shardik and The Plague Dogs.

#### Women and the Limits of Citizenship in the French Revolution

Olwen Hufton, 1999-04-14 The French masses overwhelmingly supported the Revolution in 1789. Economic hardship, hunger, and debt combined to put them solidly behind the leaders. But between the people's expectations and the politicians' interpretation of what was needed to construct a new state lay a vast chasm. Olwen H. Hufton explores the responses of two groups of working women - those in rural areas and those in Paris - to the revolution's aftermath. Women were denied citizenship in the new state, but they were not apolitical. In Paris, collective female activity promoted a controlled economy as women struggled to secure an adequate supply of bread at a reasonable price. Rural women engaged in collective confrontation to undermine government religious policy which was destroying the networks of traditional Catholic charity. Hufton examines the motivations of these two groups, the strategies they used to advance their respective causes, and the bitter misogynistic legacy of the republican tradition which persisted into the twentieth century.
