But despite their differences, Mulan has a deep love for her family, especially Xiu. So when her sister is bitten by a poisonous spider, Mulan does everything she can to help, including seeking out a renowned healer. However, it quickly becomes apparent that there is more to both the mysterious spider bite and the healer than meets the eye. **Mulan - A film review** Stephanie Wössner,2009-11-13 Literature Review from the year 2003 in the subject Communications - Movies and Television, grade: A, San Francisco State University (Ethnic Studies), course: AAS 693 Asian Americans and the Mass Media, language: English, abstract: Whenever a new Disney film is released, millions of people, children as well as adults, rush to the movie theatre to see it. Disney films are much liked by old and young people alike. Very frequently, they use already commonly known plots and give them a new shape. Their repertoire covers many fairy tales and legends. One of these legends to be found in the Disney film collection is the story of Mulan, the story of a Chinese girl, who, disguised as a man, takes her father's place in the Chinese army and helps defend China against the Huns. She does this to preserve the honor of the family. This old Chinese legend has, as is true for most of the Disney productions, been changed and made suitable for the (white) American market of family entertainment. The China portrayed in the original version of the legend of Mulan, or rather the children's book that was available to me in our course reader, is a pretty accurate description of what ancient China must have been like. However, for the audience this children's book is probably aimed at, i.e. an audience with a Chinese background, Chinese culture is nothing extraordinary, so the culture is not highlighted in any way. In this book, Mulan has been trained in martial arts by her father from very early in her childhood. Moreover, she has a brother whose name she takes on when taking her father's place in the war against the intruders. In other words, Mulan has been given her martial arts skills as well as a name from a man, she has not acquired or created them herself. When she leaves, she leaves her home with the permission of her parents. Due to her knowledge of martial arts and her intelligence, she is soon admired by all of the soldiers and becomes a commanding general during a war of more than ten years. There is no one there to either protect her or assist her with advice. In the end, this very strategically oriented general uses the superstition of her enemies, which are not the Huns but simply "enemies from the north," against them and defeats them. She wins without failing first, and it is only in the end that everyone finds out that she is actually a woman, and no one feels offended about it. The possible message of this legend may be the importance of honor in ancient China, which has to be defended against the enemy, no matter who this enemy may be.

**Mulan** Jian Li (Art teacher),2021 Mulan is a folk story from China's Northern Dynasty (439-589) about the unusual tale of an ordinary girl named Fa Mulan. This book is illustrated based on the

original ballad, which depicts her bravery through Chinese ink paintings. A long time ago in China, there lived a young girl named Mulan. Her father was a retired general who taught her many skills girls weren't normally allowed to learn, like martial arts, archery, sword play and how to ride a horse. One day, soldiers came to Mulan's village. They told everyone China was in danger, and that a man from each family must join the army and fight. Mulan was terribly upset. Her father was too old, but was honor-bound to fight. If only she had been born a boy! That night, Mulan came up with a plan to save the honor of her family and her father's life. Early the next morning, disguised as a boy, Mulan took a horse and her father's armor before leaving to join the army. No one recognized her, and Mulan was very careful to never let anyone know she was really a girl. Mulan's bravery, courage and the skills she learned from her father helped her to succeed. Over twelve years, Mulan fought against the threat to China before finally helping to win the war. When she was offered a reward from the emperor for her incredible courage, Mulan instead asked for a horse so she could return home to her family. Mulan's family was so happy to see her! And there, for the first time in twelve years, Mulan exchanged her armor for a dress, fixed her hair into an elegant girl's hairstyle and joined her family, a beautiful young woman once again.

**The Woman Warrior** Maxine Hong Kingston,2010-09-01 NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NATIONAL BESTSELLER • With this book, the acclaimed author created an entirely new form—an exhilarating blend of autobiography and mythology, of world and self, of hot rage and cool analysis. First published in 1976, it has become a classic in its innovative portrayal of multiple and intersecting identities—immigrant, female, Chinese, American. “A classic, for a reason” – Celeste Ng via Twitter As a girl, Kingston lives in two confounding worlds: the California to which her parents have immigrated and the China of her mother’s “talk stories.” The fierce and wily women warriors of her mother’s tales clash jarringly with the harsh reality of female oppression out of which they come. Kingston’s sense of self emerges in the mystifying gaps in these stories, which she learns to fill with stories of her own. A warrior of words, she forges fractured myths and memories into an incandescent whole, achieving a new understanding of her family’s past and her own present.
