**Arthurian Animation** Michael N. Salda,2013-07-30 This is an exploration of the potent blend of Arthurian legend, cartoon animation, and cultural and artistic trends from 1933 to the present. In more than 170 theatrical and televised short cartoons, televised series and specials, and feature-length films from *The Sword in the Stone* to *Shrek the Third*—all covered in this book—animators have repeatedly brought the Round Table to life. Although these productions differ greatly in tone and intent—spanning spectra from comic to sober, fantastic to realistic, and entertaining to edifying—they share in the proof of Camelot's continuing relevance in the modern world.

**The Business of Children's Entertainment** Norma Odom Pecora,2002-03-06 For over 20 years, the development of children's television programming has been subsidized by toy manufacturers. The result has been an increased commercialisation of children's popular culture - the creation of a material world of childhood characterized by brand-name toys, games, clothing, and television characters. Drawing on historical background and case studies, this book presents a unique look at the development of children as targets of the media and commercial industries, and examines the economic and social forces that have defined the evolution of children's entertainment. This volume is of interest to professionals and students in media studies, mass communication, and related fields; readers interested in contemporary children's culture and the content of children's programming.

**My Year Collecting Toys 2017** Matthew Marchon, It's not an addiction, it's a passion. I love collecting toys. Okay, yeah, fine, maybe a little bit of an addiction. We'll let you decide. Journey with me as we take a trip back to 2017. The year my beloved WWF Hasbro figures returned to the shelves as WWE Retros. The year Mega Construx added Masters Of The Universe to their line of mini figures. The year I bought a collection of the 2011 Thundercats and found a bag of He-Man figures at a thrift store in the mountains of New Hampshire. While traveling New England for my hiking guides, I stopped at every toy store, flea market and thrift store I came across. Not to mention my parents' shed and attic, always good places for old treasures. And of course, good old eBay. The cover says it all, you know what we're hunting down. This isn't superheroes and Star Wars, I'm looking for those forgotten lines. And a few not so forgotten. We're talking Dino-Riders and Super Naturals. Wrestling and MOTU. GI Joes, Turtles, the ninja kind, not the ones you have to brake for in the road, Transformers and even, ugh, I know people hate it but I'm gonna say it anyway, Go-Bots. And Thundercats, everyone loves them. Does that make up for it? It was a good year for toy hunting, but not nearly as good as the years that fell around it. Since this book's a little short, we're going to give it away for free, just pretend it's one of those mini comics that came with 80's action figures. But don't let your kids read it, some of the humor may be a little inappropriate. They can enjoy the pictures though, just like I did with the actual mini comics that came with my figures when I was a kid. Let's take a look at my year collecting toys in 2017.

**TV IS NOT DEAD.** Fabián Giles,2022-08-16 Our life would not be the same without the influence that TV and cinema have had on our generation that we grew up under their care as if they were our nanny, caretaker and childhood distraction. These archives of collective memory arise to remind us of a time when the internet and social networks were a utopia and there was no more truth than what we saw for hours and hours of healthy recreation in front of their screens, for some harmful, for others their only reality. "It is the perfect combination of political and media humour, criticism, analysis" It takes a lot of courage to create a work like this because the media, like the (political) parties, are a power, something untouchable that marks, that influences. Seeing and reading this book is a very broad total experience. Fabián Giles, instead of messing with those that the "educated" communication analysts normally mess with, he messes with what we all see and consume in our daily lives such as cartoons, superheroes, series and movies". *The Golden Eagle and the Fiddle of Doom: 2 Protectors of Weapons* Fergal Joe,2010-10-01 This story is about a man called Rhymes Ramose and the way he tried to destroy the world after a man called King Hovercraft

killed his sister Hanneck Ramose. It also tells the story about how people tried to stop him from destroying the world for Rhymes Ramose holds the rest of us responsible for his sisters death. This is the second book in the series the way the last story began. The story begins when a plane crashes in a desert. The pilot asks a man called Captain John Coiners why a ship is left in the desert. The pilots name is Keith Black. John tells him that he was the captain of the ship and that the ship is called the Red Dragon. He also tells him the history about how they found the Fiddle of Doom and that his son Michael burnt a Golden Eagle and that Michael was put into prison. He tells Keith that he would do anything for his son. He tells Keith Black about a man called Treeon Littlewood and the story that he told him and the crew of the Red Dragon. The way the first book ended and the way the second book begins. Thousand Boil meets The Black Knight and everyone from the Underworld heads off to Africa to try and find the weapons that are buried in a Mountain called Mount Kina. Rhymes Ramose and his army have come to earth and are starting to take out the human race. They also meet a prince called Prince Indiana Jones who is the son of King Dave Jones. King Dave Jones has gone with Thousand Boil and his army to Africa. When they get there they meet up with two giants, their names are Big-foot and Horses-ash. They are the keepers of the gates and the protectors of weapons. They are standing outside Mount Kina and they are there to stop people from taking the weapons out of Mount Kina. However when they hear that the Black Knight is with Thousand Boil they let some of Thousand Boils army walk into the mountain. As soon as Thousand Boil sees the weapons he and his men take them out of the mountain and the story begins. You might be wondering where this story came from. Well I will tell you. It came into my head after I was watching a program called Horizons. On the program I heard them talking about a desert that turns into a sea every now and again. So I thought to myself if a desert can turn into a sea then why not have a sea turn into a desert? Then I thought to myself, why would anyone want to go to a place like that? So I thought what if someone had burnt a rare bird like a golden eagle and was put into prison and the only way that they could get out was for someone else to find one to replace the one that was burnt. So I started to write the story then I thought it would be really boring telling a story like that. Then the Lord of the Rings came out and I got my thinking cap on and thought instead of having a ring with power why not have a fiddle with the power to take an immortals soul. Then I started thinking what would be the best way to start to tell the story of the history of the fiddle of Doom so I decided to have it placed in a cave and for one of the crew of the Red Dragon to play it. Then I thought, why not have an immortal to tell the history behind the fiddle of Doom? Then along came Treeon Littlewood to tell the story. So I hope you like the story for if you do I will write another one for I am hoping to write three books on this subject. It has taken me about two years to write this story so I would like for someone to buy it so that my work will not be in vain. I would also like people to tell me what they think of it.

*A Marine's Lapse in Synapse: Part li* Joey D. Ossian,2004-02-04 The idea for A Marines Lapse in Synapse: Part Two came about while visiting with people about the first book. People would ask me about it, and say things like, Hey, did you include the part when... Id reply with an, Aw, shoot., or something close to that, and scribble down some notes. Since writing the first book, people have inundated me with their stories, feeling slightly more comfortable sharing their dark side with one of their own (almost as if my book had given them permission). Ive been asked to write their stories, and its tempting. Someday I might, but for now, Ive got enough of my own in my memory banks for a few more collections.
