The Byronic Hero in Film, Fiction, and Television Atara Stein,2009-06-30 The Byronic Hero in Film, Fiction, and Television bridges nineteenth- and twentieth-century studies in pursuit of an ambitious, antisocial, arrogant, and aggressively individualistic mode of hero from his inception in Byron's Manfred, Childe Harold, and Cain, through his incarnations as the protagonists of Westerns, action films, space odysseys, vampire novels, neo-Gothic comics, and sci-fi television. Such a hero exhibits supernatural abilities, adherence to a personal moral code, ineptitude at human interaction (muddled even further by self-absorbed egotism), and an ingrained defiance of oppressive authority. He is typically an outlaw, most certainly an outcast or outsider, and more often than not, he is a he. Given his superhuman status, this hero offers no potential for sympathetic identification from his audience. At best, he provides an outlet for vicarious expressions of power and independence. While audiences may not seek to emulate the Byronic hero, Stein notes that he desires to emulate them; recent texts plot to "rehumanize" the hero or to voice through him approbation and admiration of ordinary human values and experiences. Tracing the influence of Lord Byron's Manfred as outcast hero on a pantheon of his contemporary progenies—including characters from Pale Rider, Unforgiven, The Terminator, Alien, The Crow, Sandman, Star Trek: The Next Generation, and Angel—Atara Stein tempers her academic acumen with the insights of a devoted aficionado in this first comprehensive study of the Romantic hero type and his modern kindred. Atara Stein was a professor of English at California State University, Fullerton. Her articles on the development of the Byronic hero have appeared in Popular Culture Review, Romantic Circles Praxis Series, Genders, and Philological Quarterly.

Clint Eastwood's America Sam B. Girgus,2014-01-08 The steady rise of Clint Eastwood's career parallels a pressing desire in American society over the past five decades for a figure and story of purpose, meaning, and redemption. Eastwood has not only told and filmed that story, he has come to embody it for many in his public image and film persona. Eastwood responds to a national yearning for a vision of individual action and initiative, personal responsibility, and potential for renewal. An iconic director and star for his westerns, urban thrillers, and adventure stories, Eastwood has taken film art to new horizons of meaning in a series of masterpieces that engage the ethical and moral consciousness of our times, including Unforgiven, Million Dollar Baby, and Mystic River. He revolutionized the war film with the unprecedented achievement of filming the opposing sides of the same historic battle in Flags of Our Fathers and Letters from Iwo Jima, using this saga to present a sharply critical representation of the new America that emerged out of the war, a society of images and spectacles. This timely examination of Clint Eastwood's oeuvre against the backdrop of contemporary America will be fascinating reading for students of film and popular culture, as well as readers with interests in Eastwood's work, American film and culture.

Indianapolis Revolution Roger Munny,2023-12-12 Fantascienza - romanzo breve (92 pagine) - Tramite ICARO i piloti potevano diventare tutt'uno con il jet-flyer da combattimento a cui erano collegati Daniel è un cablato, un pilota con innesti cibernetici studiati per connettersi a ICARO, una sofisticata IA ancora in fase di sperimentazione. È l'asso nella manica della Marina, il pilota che può fondersi con ICARO e diventare tutt'uno con il jet-flyer da combattimento a cui è collegato. Una macchina di morte con una percentuale di successo in missione superiore a qualsiasi altra, e il cervello che si sta lentamente bruciando a causa della simbiosi con l'intelligenza artificiale. La storia inizia proprio durante una delle sessioni di riparazione con Dorothy, una IA lenitiva sviluppata dalla Marina dopo la morte dei primi cablati. Daniel si trova improvvisamente catapultato in un'avventura reale, fuori dal mondo cibernetico di ICARO, abbandona il rassicurante degrado in cui giace tra una missione e un'altra per fare la prima buona azione della sua vita. Roger Munny aggiunge un nuovo tassello al suo

universo creativo fatto di intrighi di potere e politica interspaziale. Un nuovo frammento per raccontare le mille sfaccettature di un futuro corrotto e privo di speranze. Roger Munny (Padova, 1971), vive e lavora a New York, dove si occupa di diplomazia multilaterale. La partecipazione ai processi negoziali onusiani, in cui le potenze nucleari, e non solo, perpetuano i propri interessi vitali, gli offre una conoscenza diretta dei meccanismi, a volte sottili, su cui si fonda ogni potere autoritario. Nei suoi racconti di fantascienza, gli apparati di potere si presentano sotto false apparenze democratiche, ma continuano a sostenersi sui medesimi dispositivi di controllo pervasivo. Sono solo più spietati ed efficienti, poiché dispongono di una tecnologia superiore. Roger ha pubblicato alcuni racconti di fantascienza su riviste italiane.

Stagecoach to Tombstone Howard Hughes, 2007-10-24 The true story of the American West on film, through its shooting stars and the directors who shot them... Howard Hughes explores the Western, running from John Ford's 'Stagecoach' to the revisionary 'Tombstone'. Writing with panache and fresh insight, he explores 27 key films, and draws on production notes, cast and crew biographies, and the films' box-office success, to reveal their place in western history. He shows how through reinvention and resurrection, this genre continually postpones the big adios and avoids ending up in Boot Hill... permanently. Major films covered include the best from genre giants John Ford, Howard Hawks and John Wayne, plus classics 'High Noon', 'Shane', 'The Magnificent Seven' and 'Butch Cassidy and the Sundance Kid'. 'Stagecoach to Tombstone' makes many more stops along the way, examining well-known blockbusters and lowly B-movie oaters alike. It examines comedy westerns, adventures 'south of the border', singing cowboys and the varied depiction of Native Americans on screen. Hughes also engagingly charts the genre's timely renovation by Sam Peckinpah ('Ride the High Country' and 'The Wild Bunch'), Sergio Leone ('Once Upon a Time in the West') and Clint Eastwood ('The Outlaw Josey Wales' and 'Unforgiven'). Presented too are the best of western trivia, a filmography of essential films - and ten aficionados and critics, including Alex Cox, Christopher Frayling, Philip French and Ed Buscombe, give their verdict on the best in the west.

Why Call Friday Good? Chuck Queen, 2012-01-13 These reflections, based on the seven last words of Jesus from the cross (including an Easter message) invite readers to contemplate the spiritual, theological, and biblical significance of the death and resurrection of Jesus. These meditations, which combine theological reflection, biblical interpretation, and spiritual application, provide Christians with a good resource for group study and personal growth in Christian discipleship during Lent and Holy Week. Pastors, teachers, Christian leaders, or anyone charged with the responsibility and privilege of presenting sermons, homilies, Bible lessons, or devotional talks during Lent and Holy Week will find rich material in these pages to spark the imagination.

Myth of the Western Carter Matthew Carter, 2018-09-17 What is the nature of the relationship between the Hollywood Western and American frontier mythology? How have Western films helped develop cultural and historical perceptions, attitudes and beliefs towards the frontier? Is there still a place for the genre in light of revisionist histories of the American West? Myth of the Western re-invigorates the debate surrounding the relationship between the Western and frontier mythology, arguing for the importance of the genre's socio-cultural, historical and political dimensions. Taking a number of critical-theoretical and philosophical approaches, Matthew Carter applies them to prominent forms of frontier historiography. He also considers the historiographic element of the Western by exploring the different ways in which the genre has responded to the issues raised by the frontier. Carter skilfully argues that the genre has - and continues to reveal - the complexities and contradictions at the heart of US society. With its clear analyses of and intellectual challenges to the film scholarship that has developed around the Western over a 65-year period, this book adds new depth to our understanding of specific film texts and of the genre as a whole - a welcome resource for students and scholars in both Film Studies and American Studies.

Is Harpo Free? Matthew Cipa, 2024-04-01 Is Harpo Free? is a lively appreciation of film and television's ability to artistically explore concepts typical of philosophical metaphysics, such as free will, causality, and personal identity. Rather than using films and television programs as vehicles for philosophical arguments, the book instead celebrates the artistic ways in which they give life to various metaphysical concepts and how the artistic expression of these concepts and ideas helps us understand ourselves, the world, and our place within it. Through close analysis of a varied selection of works and their use of narrative, form, and style, Is Harpo Free? exemplifies a novel approach to appreciating the philosophical substance of films and television programs. Films and television programs discussed include A Night at the Opera; Run, Lola, Run; Shane; Harvey; Three Colours: Blue; The Americans; Dark; and Fargo.

Breaking the Cycles of Hatred Martha Minow, 2009-01-10 Violence so often begets violence. Victims respond with revenge only to inspire seemingly endless cycles of retaliation. Conflicts between nations, between ethnic groups, between strangers, and between family members differ in so many ways and yet often share this dynamic. In this powerful and timely book Martha Minow and others ask: What explains these cycles and what can break them? What lessons can we draw from one form of violence that might be relevant to other forms? Can legal responses to violence provide accountability but avoid escalating vengeance? If so, what kinds of legal institutions and practices can make a difference? What kinds risk failure? Breaking the Cycles of Hatred represents a unique blend of political and legal theory, one that focuses on the double-edged role of memory in fueling cycles of hatred and maintaining justice and personal integrity. Its centerpiece comprises three penetrating essays by Minow. She argues that innovative legal institutions and practices, such as truth commissions and civil damage actions against groups that sponsor hate, often work better than more conventional criminal proceedings and sanctions. Minow also calls for more sustained attention to the underlying dynamics of violence, the connections between intergroup and intrafamily violence, and the wide range of possible responses to violence beyond criminalization. A vibrant set of freestanding responses from experts in political theory, psychology, history, and law examines past and potential avenues for breaking cycles of violence and for deepening our capacity to avoid becoming what we hate. The topics include hate crimes and hate-crimes legislation, child sexual abuse and the statute of limitations, and the American kidnapping and internment of Japanese Latin Americans during World War II. Commissioned by Nancy Rosenblum, the essays are by Ross E. Cheit, Marc Galanter, Fredrick C. Harris, Judith Lewis Herman, Carey Jaros, Frederick M. Lawrence, Austin Sarat, Ayelet Shachar, Eric K. Yamamoto, and Iris Marion Young.

Gospel-Centered Counseling Robert W. Kelleman, 2014-10-21 Everyone talks about the personal ministry of the Word, but how do we make one-another ministry truly biblical? Gospel-Centered Counseling equips readers to change lives with Christ's changeless truth. It does so by examining life's seven ultimate questions and then guiding readers on a journey that explores the biblical, gospel-centered narrative of: The Word: "What is truth?" "Where can I find answers?" The Trinity: "Who is God?" "Can I know Him personally?" Creation: "Who am I?" "What makes people

tick?" Fall: "What went wrong?" "Why do we do the things we do?" Redemption: "Can I change?" "How do people change?" Glorification: "Where am I headed?" "How does our future destiny impact our present reality?" Sanctification: "How can I help?" "How can I change lives? Bob Kelleman builds on the foundation of the written Word and provides a gospel-centered resource for understanding people, diagnosing problems, and prescribing biblically-based solutions. Gospel-Centered Counseling is the first volume in The Equipping Christian Counselors Series, a comprehensive relational training curriculum for the local church that provides a model for equipping God's people to change lives with Christ's changeless truth. This two-volume series weaves together comprehensive biblical insight with compassionate Christian engagement.

Embodying Forgiveness L. Gregory Jones, 1995-08-31 In an engaging and interesting style that draws on a wide variety of literature as well as on Scripture and theological texts, Jones shows how the practices of Christian forgiveness are richer and more comprehensive than often thought.

The Virtues of Vengeance Peter A. French, 2001 In the course of his study of vengeance as a moral concept, French exposes important distinctions between types of moral theories (karmic and non-karmic) and between people who are morally handicapped and those who are morally challenged. He examines concepts relevant to vengeance, such as honor, moral authority, and evil, and issues such as the rationality of revenge and proportionality in punishment.--BOOK JACKET.

Westerns Paul S. Varner, 2008-12-11 Whatever we might think of them, popular Westerns, both movies and cheap paperbacks on the newsstand racks, have had a powerful impact on both U.S. culture and Western European culture in general. Collected here are new studies from a variety of critical approaches of popular Westerns by scholars from the U.S., the U.K., and Europe, new studies of classic William S. Hart, John Ford, Clint Eastwood, and Sam Peckinpah film Westerns as well as new studies of seldom studied writers such as James Warner Bellah, Clarence Mulford, Charles Portis, and Oakley Hall.

After Injury Ashraf H.A. Rushdy, 2018-05-01 After Injury explores the practices of forgiveness, resentment, and apology in three key moments when they were undergoing a dramatic change. The three moments are early Christian history (for forgiveness), the shift from British eighteenth-century to Continental nineteenth-century philosophers (for resentment), and the moment in the 1950s postwar world in which British ordinary language philosophers and American sociologists of everyday life theorized what it means to express or perform an apology. The debates that arose in those key moments have largely defined our contemporary study of these practices.
