Ethnic Culinary Herbs George W. Staples,Michael S. Kristiansen,1999-11-01 Cilantro, lemon grass, and ginger root provide the distinctive flavor of many Asian and Pacific Rim dishes. In Hawai'i these herbs are used in everyday cooking as well as in the elaborate cuisine created by some of the Island's most innovative chefs. Yet even in Hawai'i, people find it difficult to identify these common herbs in the market or garden. Ethnic Culinary Herbs is a fully illustrated guidebook that describes more than thirty herbs grown, sold, and used in Hawai'i. (Many can also be found in ethnic produce markets throughout North America.) Unlike most herb books, which cover the same limited range of species (largely those of European and Mediterranean origin), this volume brings together information about herbs from other parts of the world and not only identifies the plants but also explains their use and cultivation. Each species is identified by its scientific name, and common names are listed for several languages spoken in Hawai'i. (For example, the Chinese or garlic chive is also identified by its Chinese, Japanese, Filipino, Thai, and Vietnamese names.) A brief, nontechnical description of each herb is accompanied by a full-page line drawing and one or more color photographs. Entries on culinary use are followed by specific instructions for the herb's cultivation and best methods of propagation. Pests and diseases are discussed as well as their control and treatment. An index of common and scientific names permits access to main entries using any name available to the reader. For those interested in observing growing plants, an appendix provides the location of all Honolulu Community Garden sites, where many of the herbs can be found. Herb fanciers, chefs, gardeners, and botanists will be delighted with this thoroughly reliable and useful guide.

The Emissary Yoko Tawada, 2018-04-24 Winner of 2018 National Book Award in Translated Literature Library Journal Best Books of 2018 Yoko Tawada's new novel is a breathtakingly light-hearted meditation on mortality and fully displays what Rivka Galchen has called her "brilliant, shimmering, magnificent strangeness" Japan, after suffering from a massive irreparable disaster, cuts itself off from the world. Children are so weak they can barely stand or walk: the only people with any get-go are the elderly. Mumei lives with his grandfather Yoshiro, who worries about him constantly. They carry on a day-to-day routine in what could be viewed as a post-Fukushima time, with all the children born ancient-frail and gray-haired, yet incredibly compassionate and wise. Mumei may be enfeebled and feverish, but he is a beacon of hope, full of wit and free of self-pity and pessimism. Yoshiro concentrates on nourishing Mumei, a strangely wonderful boy who offers "the beauty of the time that is yet to come." A delightful, irrepressibly funny book, The Emissary is filled with light. Yoko Tawada, deftly turning inside-out "the curse," defies gravity and creates a playful joyous novel out of a dystopian one, with a legerdemain uniquely her own.

The Hole Hiroko Oyamada, 2020-10-06 Winner of the Akutagawa Prize, *The Hole* is by turns reminiscent of Lewis Carroll, David Lynch, and *My Neighbor Totoro*, but is singularly unsettling Asa's husband is transferring jobs, and his new office is located near his family's home in the countryside. During an exceptionally hot summer, the young married couple move in, and Asa does her best to quickly adjust to their new rural lives, to their remoteness, to the constant presence of her in-laws and the incessant buzz of cicadas. While her husband is consumed with his job, Asa is left to explore her surroundings on her own: she makes trips to the supermarket, halfheartedly looks for work, and tries to find interesting ways of killing time. One day, while running an errand for her mother-in-law, she comes across a strange creature, follows it to the embankment of a river, and ends up falling into a hole—a hole that seems to have been made specifically for her. This is the first in a series of bizarre experiences that drive Asa deeper into the mysteries of this rural landscape filled with eccentric characters and unidentifiable creatures, leading her to question her role in this world, and eventually, her sanity.
