**The Rob Corddry Handbook - Everything You Need to Know about Rob Corddry** Emily Smith,2013-05 Robert William Rob Corddry (born February 4, 1971) is an American actor and comedian. He is known for his work as a correspondent on The Daily Show with Jon Stewart (2002-2006) and for his starring role in the comedy film Hot Tub Time Machine (2010). He is also the creator and star of the Adult Swim comedy series Childrens Hospital; Corddry won his first Emmy Award for the series in September 2012. This book is your ultimate resource for Rob Corddry. Here you will find the most up-to-date information, photos, and much more. In easy to read chapters, with extensive references and links to get you to know all there is to know about

Rob Corddry's Early life, Career and Personal life right away. A quick look inside: Rob Corddry, America (The Book), Anytime with Bob Kushell, Ari Fleischer, Ben and Kate, Blades of Glory, Brian Huskey, Busboy Productions, Cedar Rapids (film), Childrens Hospital, Ed Helms, Escape from Planet Earth, Failure to Launch, Happy Endings (TV series), Hell Baby, Hot Tub Time Machine, I Now Pronounce You Chuck and Larry, Jon Stewart, Justin Halpern, Lower Learning, Nate Corddry, Old School (film), Operation: Endgame, Rob Riggle, Seeking a Friend for the End of the World, Semi-Pro, Seth Morris, Shit My Dad Says, Stephen Colbert, Taking Chances (film), The Daily Show, The Ten, List of The Daily Show recurring segments, Upright Citizens Brigade Theatre...and more pages Contains selected content from the highest rated entries, typeset, printed and shipped, combining the advantages of up-to-date and in-depth knowledge with the convenience of printed books. A portion of the proceeds of each book will be donated to the Wikimedia Foundation to support their mission.

**Trevor Noah** Avery Elizabeth Hurt,2019-07-15 Taking over the reins of a popular show is never an easy task, especially if you happen to be from a different country. From South African slums to American stardom, Trevor Noah has broken onto the scene

through Comedy Central's *The Daily Show* and his own successful stand-up tours. This informative volume shows how Noah has used his difficult upbringing to inform his incisive commentary on global politics, making audiences laugh while keeping them in the loop and giving them a new perspective on current events.

**The 30 Rock Book** Mike Roe, 2021-11-30 The hilarious true story of the making of the cult classic hit show *30 Rock*. It's hard to remember a time when Tina Fey wasn't a star, but back in the early 2000s, she was an SNL writer who was far from a household name. It's even harder to remember when Fey's sitcom *30 Rock* was tanking, but it was—it premiered in the fall of 2006, and by November, the *New York Times* wrote that *30 Rock* was “perilously close to a flop.” But despite all expectations (including those of some of the cast and crew), Tina Fey's eccentric buddy comedy lasted 138 episodes, spanning seven seasons. It resurrected the career of Alec Baldwin, survived an extended absence by Tracy Morgan, and permeated the culture—its breakneck pacing, oddball characters, and extremely rich joke writing are deeply beloved by millions of fans. Through more than fifty original interviews with cast, crew, critics, and more, culture writer Mike Roe brings to life the history of the gloriously goofy

show that became an all-time classic. The 30 Rock Book has everything in it, from tales of the amazing music still stuck in our heads, to the iconic bit characters that make the show, to all the love and drama of the backstage crew . . . and the creative failures and successes along the way. So grab your night cheese and muffin tops, cuddle up with your slanket against your Japanese body pillow, and settle in for the story of one of the funniest shows in television history.

**The Year in Television, 2009** Vincent Terrace, 2014-01-10 This reference work is a chronicle of all the first run entertainment programs broadcast from January 1 to December 31, 2009. Included are series, TV movies, aired pilots, specials, miniseries and Internet series. Alphabetically arranged entries provide casts, storylines, production credits, networks, broadcast dates, and excerpts from newspaper reviews. New to this volume is a listing of the highlights of the year and coverage of all the unaired pilots produced for the 2008–2009 season.

**I Want You to Shut the F#ck Up** D.L. Hughley, Michael Malice, 2013-08-06 D.L. Hughley calls it like he sees it, discussing everything from dating to former president Barack Obama with sharp, thoughtful commentary “The best book since *The Hunger*

Games. First he was a King of Comedy; now he's the king of comedy authors.”—Chris Rock The American dream is in dire need of a wake-up call. A f\*cked up society is like an addict: if you are in denial, then things are going to keep getting worse until you hit bottom. According to D. L. Hughley, that's the direction in which America is headed. In *I Want You to Shut the F\*ck Up*, D.L. explains how we've become a nation of fat sissies playing Chicken Little, but in reverse: The sky is falling, but we're supposed to act like everything's fine. D.L. just points out the sobering facts: there is no standard of living by which we are the best. In terms of life expectancy, we're 36th—tied with Cuba; in terms of literacy, we're 20th—behind Kazakhstan. Things are bad now and they're only going to get worse. Unless, of course, you sit down, shut the f\*ck up, and listen to what D. L. Hughley has to say. *I Want You to Shut the F\*ck Up* is a slap to the political senses, a much needed ass-kicking of the American sense of entitlement. In these pages, D. L. Hughley calls it like he sees it, offering his hilarious yet insightful thoughts on: • Our supposedly post-racial society • The similarities between America the superpower and the drunk idiot at the bar • Why apologizing is not the answer to controversy, especially when you meant what you said • Why civil rights leaders

are largely to blame for black people not being represented on television • And more!

*The Daily Show (The Book)* Chris Smith, 2016-11-22 NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of

politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

#### Robot Ecology and the Science Fiction Film J. P.

Telotte, 2016-01-22 This book offers the first specific application in film studies of what is generally known as ecology theory, shifting attention from history to the (in this case media) environment. It takes the robot as its subject because it has attained a status that resonates not only with some of the key concerns of contemporary culture over the last century, but also with the very nature of film. While the robot has given us a vehicle for exploring issues of gender, race, and a variety of forms of otherness, and increasingly for asking questions about the very nature and meaning of life, this

image of an artificial being, typically anthropomorphic, also invariably implicates the cinema's own and quite fundamental artifice of the human. Looking across genres, across specific media forms, and across closely linked conceptualizations, Telotte sketches a context of interwoven influences and meanings. The result is that this study of the cinematic robot, while mainly focused on science fiction film, also incorporates its appearance in, for example, musicals, cartoons, television, advertising, toys, and literature.

**Focus On: 100 Most Popular Australian Films** Wikipedia contributors,

Colbert's America Sophia A. McClennen, 2011-11-30 Is the comedy of Stephen Colbert simply fun or is it powerful political satire? Does it entertain viewers or does it empower them? Or does it teach us that in today's media-saturated world those binaries make no sense? Colbert's America claims that Colbert's satire fosters critical thinking about social issues, encourages active citizenship, and entertains the viewer - all at the same time. The first book to cover the various themes and features of Colbert's America offers readers insight into the powerful ways that Colbert's comedy challenges the cult of ignorance that has

threatened meaningful public debate and social dialogue since 9/11.

### **America According to Colbert S. McClennen, 2011-11-30**

America According to Colbert: Satire as Public Pedagogy post 9/11 argues that, in contrast to the anti-intellectualism, the sensationalism, and the punditry that tend to govern most mass media today, Stephen Colbert's program offers his audience the opportunity to understand the context through which most news is reported and to be critical of it.

*Encyclopedia of Unaired Television Pilots, 1945-2018* Vincent Terrace, 2018-10-09 Covering the years 1945–2018, this alphabetical listing provides details about 2,923 unaired television series pilots, including those that never went into production, and those that became series but with a different cast, such as *The Green Hornet*, *The Middle* and *Superman*. Rarities include proposed shows starring Bela Lugosi, Doris Day, Humphrey Bogart, Barbara Stanwyck, Orson Welles, Claudette Colbert and Mae West, along with such casting curiosities as Mona Freeman, not Gale Storm, as Margie in *My Little Margie*, and John Larkin as Perry Mason long before Raymond Burr played the role.

*The History of Trans Representation in American Television and Film Genres* Traci B. Abbott, 2022-05-02 Due to the increase in transgender characters in scripted television and film in the 2010s, trans visibility has been presented as a relatively new phenomenon that has positively shifted the cis society's acceptance of the trans community. This book counters this claim to assert that such representations actually present limited and harmful characterizations, as they have for decades. To do so, this book analyzes transgender narratives in scripted visual media from the 1960s to 2010s across a variety of genres, including independent and mainstream films and television dramatic series and sitcoms, judging not the veracity of such representations per se but dissecting their transphobia as a constant despite relevant shifts that have improved their veracity and variety. Already ingrained with their own ideological expectations, genres shift the framing of the trans character, particularly the relevance of their gender

difference for cisgender characters and society. The popularity of trans characters within certain genres also provides a historical lineage that is examined against the progression of transgender rights activism and corresponding transphobic falsehoods, concluding that this popular medium continues to offer a limited and narrow conception of gender, the variability of the transgender experience, and the range of transgender identities.

### **Leonard Maltin's 2014 Movie Guide** Leonard

Maltin, 2013-09-03 Summer blockbusters and independent sleepers; masterworks of Alfred Hitchcock, Billy Wilder, and Martin Scorsese; the timeless comedy of the Marx Brothers and Buster Keaton; animated classics from Walt Disney and Pixar; the finest foreign films ever made.
