NIS/NCIS San Diego Ncis Special Agent Allan Sipe

Ret,2017-07-14 With substantial U.S. Navy and U.S. Marine Corps presence, the Southwest Region of the United States, herein called the San Diego Region, has been a center of ONI, NIS, and NCIS facilities, people and actions. To the writer's knowledge, the San Diego NIS/NCIS history has never been documented. NIS/NCIS San Diego history is filled with accounts of violent criminal acts, of sensitive and highly classified matters, of dynamic and fast-moving events, and of humorous incidents. They include a homicide at Camp Pendleton, a narcotics deal gone bad at North Island, providing security for a visiting U.S. President at Port Hueneme, 'hummer' cases at Miramar, and many others. But the real story of NIS/NCIS history is its people.

Ncis History Special Agent Viet Nam Douglass Hubbard,  
Jr., 2013-07 C.I.A. Clandestine Service Former Director Michael  
Sulick, says this about Doug Hubbard's book N.C.I.S. History  
Special Agent Viet Nam Special Agent Vietnam is the first  
comprehensive account of naval counterintelligence and criminal  
investigation in Vietnam. Doug Hubbard's first-hand experience  
provides unique insights into this little explored topic of the war,  
and the addition of a broad spectrum of his photos complements  
the narrative with a real life appeal. In an era when the term  
terrorism was not yet in vogue, NIS' investigations of insurgent  
attacks against U.S. troops is a grim reminder of current threats  
our military faces in Afghanistan and around the globe on a daily  
basis. NCIS, today's Naval Criminal Investigative Service, was  
known simply as NIS during the Viet Nam War. These highly  
dedicated men of the Naval Investigative Service were comprised  
of officers, enlisted men and civilian Special Agents. N.C.I.S.  
History Special Agent Viet Nam is the only firsthand account of its  
kind that takes the reader into the clandestine dangerous world of  
counterespionage and crime, set amidst the sights, sounds and  
smells of the war in Viet Nam. This 6x9 inch, 411 page book,  
contains 116 never before seen photos and maps from the authors  
three tours of Viet Nam. Many of the images were shot by him at

the scene, and help to bring to life the accompanying account that he describes in his writing. For the first time in print, group photos with the names of those who served in Viet Nam with NIS are featured, from the first small group in 1964 to the last in 1973.

**Capturing Jonathan Pollard** Ronald J Olive,2009-09-01

Jonathan Pollard, an intelligence analyst working in the U.S. Naval Investigative Service's Anti-Terrorist Alert Center, systematically stole highly sensitive secrets from almost every major intelligence agency in the United States. In just eighteen months he sold more than one million pages of classified material to Israel. No other spy in U.S. history has stolen so many secrets, so highly classified, in such a short period of time. Author Ronald Olive was in charge of counterintelligence in the Washington office of the Naval Investigative Service that investigated Pollard and garnered the confession that led to his arrest in 1985 and eventual life sentence. His book reveals details of Pollard's confession, his

interaction with the author when suspicion was mounting, and countless other details never before made public. Olive points to mistaken assumptions and leadership failures that allowed Pollard to ransack America's defense intelligence long after he should have been caught.

NAUTICAL DAWN: Naval Intelligence Officer and NCIS Special Agent Tricia Mansell, 2019-01-27 If you enjoy the television show NCIS (Naval Criminal Investigative Service) you will love this book. It gives an account of the 100+ year history of NCIS, and a great first person insight into investigations and intelligence operations. Among these recounted is a description of a spy operation in which Robert Mueller (former FBI Director/Special Counsel) prosecuted; this case included a landmark Supreme Court jurisdictional ruling. Additionally, this book discusses the naval intelligence field, to include training and operational aspects of a U.S. Navy Intelligence Officer. This female account also addresses the challenges women faced in trailblazing these careers. The foreword to this book is written by Rear Admiral Cathal Irish Flynn, USN Retired. Admiral Flynn had a long career in U.S. Navy special operations and was the first Admiral to command NCIS. In his foreword, he writes the author had become an invaluable asset, and a professional practitioner across a wide intelligence spectrum. He also notes this book will be treasured for the clarity of its writing, for the author's self-revelation, and for her insightful retrospect of the United States Navy in a period of transition.
