The NCIS Collection: Paid in Blood / Blood Evidence / Blood Lines Mel Odom, 2018-10-01 This collection bundles all 3 titles from Mel Odom's Military NCIS series into one e-book for a great value! #1 Paid in Blood The death of a fellow NCIS agent in North Carolina leads Will Coburn and his special team of naval crime-scene investigators to discover a drug-and-arms smuggling ring. The investigation leads them to a U.S. military base in South Korea. When a body is stolen from a crime scene, the team discovers that their suspect is not who he seems. Nuclear weapons have gone missing, and it's a race against time as the NCIS team uncovers the true face of evil. #2 Blood Evidence While investigating the abduction/kidnapping of a marine captain's teenage daughter, Will Coburn and his team of NCIS agents discover a link to a high-profile murder that took place more than seventeen years ago. As the team investigates, they discover a trail of lies, betrayal, and a political cover-up. Forensics specialist Nita Tomlinson will need a faith deeper than she can imagine as she struggles with the past and a family that she can no longer ignore. #3 Blood Lines Commander Will Coburn's NCIS team is investigating the carjacking and assault of a young Marine and his wife. All evidence points to Bobby Lee Gant, son of the notorious criminal and suspected international drug smuggler Victor Gant. When NCIS agent Shel McHenry is wounded during a botched arrest, the team rallies around him even as Victor threatens retribution. Meanwhile, in west Texas, Shel's father, Tyrel McHenry, struggles with his own demons as buried secrets from a war long since fought come to light. The path he chooses will change his—and Shel's—life forever.

NIS/NCIS San Diego Ncis Special Agent Allan Sipe Ret, 2017-07-14 With substantial U.S. Navy and U.S. Marine Corps presence, the Southwest Region of the United States, herein called the San Diego Region, has been a center of ONI, NIS, and NCIS facilities, people and actions. To the writer's knowledge, the San Diego NIS/NCIS history has never been documented. NIS/NCIS San Diego history is filled with accounts of violent criminal acts, of sensitive and highly classified matters, of dynamic and fast-moving events, and of humorous incidents. They include a homicide at Camp Pendleton, a narcotics deal gone bad at North Island, providing security for a visiting U.S. President at Port Hueneme, ;hummer; cases at Miramar, and many others. But the real story of NIS/NCIS history is its people.

that goes from grisly to utterly strange. A gris-gris bag found in the victim's belongings, a trail of mystical clues, and the haunting figure of a voodoo loa on CCTV at the crime scene all suggest that dark powers are at work in The Big Easy.

Status-6 W. Craig Reed, 2021-04-13 Deep beneath the Arctic Ocean, a covert team of Chinese operatives uses stolen U.S. technology to capture Russia's newest attack submarine. Loaded with massive torpedoes carrying city-destroying payloads, the sub is headed west. The Americans want to sink her, the Russians want her back, and the Chinese claim they're not responsible. NCIS Special Ops agent Jon Shay is a former SEAL Team Two operator. Activated for a mission in the Arctic, he pairs with British scientist Kate Barrett to battle a ticking clock, trained operatives, and three naval armadas. Together, they must find and stop the world's most lethal submarine. The stakes are raised when they learn that the Russian sub is controlled by an infected AI system bent on completing its mission to annihilate hundreds of millions. "W. Craig Reed's Status-6 is my vote for 'Thriller of the Year.' The protagonist is Tom Clancy's Jack Ryan meets Lee Child's Jack Reacher." –Grant Blackwood, #1 New York Times bestselling author of Tom Clancy Under Fire "W. Craig Reed's latest novel, Status-6, is the best book I've read this year—a ripped-from-the-headlines military technothriller that literally left me awake at night, fearful of where we're headed as a nation and a species. If you thought the coronavirus was terrifying, wait until you read about this potential nightmare. Don't miss this first book in the NCIS Special Ops series that promises to shatter the thriller genre." –James Rollins, #1 New York Times bestselling author of The Demon Crown (Sigma Force) "W. Craig Reed's Status-6 grabs you from page one and doesn't let you go. The global crisis revealed in this book is all-too-real and could well be tomorrow's headlines. The characters are well nuanced and provide a powerful urge to root for or against them. Don't read this thriller before going to bed—you'll be awake all night!" –George Galdorisi, New York Times bestselling author of the Tom Clancy Op Center series

B.O.Q. N. P. Simpson, 2014 People like Ann Buckhalter, the wife of a retired Marine lieutenant colonel, often stay at the Bachelor Officers' Quarter (B.O.Q.) when they return to Camp Lejeune to visit friends or shop at the Exchange. But their dead bodies don't end up floating in the nearby New River. When Special Agent Fran Setliff and her Naval Criminal Investigative Service (NCIS) team investigate Ann's murder, they soon discover that more than one person's life has been simplified by the victim's death. As Fran delves into Ann's background, she begins to glimpse the unsavory things that go on behind the camouflage veil - racial and gender discrimination, unethical medical practices, sexual indiscretions. In her position as a freelance journalist for the local civilian newspaper, Ann was in a position to ruin more than one promising military career. But who killed her? In addition to the strong female character of agent Setliff, the book is filled with interplay among various colorful individuals in the military ranks. Readers also gain insight into the strict hierarchy set up for military men and women and their spouses and children. Besides providing a behind-the-scenes look at the inner workings of a military base, *B.O.Q.* turns out to be a good detective story with an ending readers won't see coming.
