Oltyx's reign begins aboard the dying battleship Akrops, as it lumbers away from the ruins of his crownworld. Behind it is a hostile armada of unfathomable size, launched by the barbaric alien war-cult known as the Imperium of Man. And within the Akrops' sepulchral hold, an even greater threat festers: the creeping horror of the flayer curse. Faced with such overwhelming odds, Oltyx begins a desperate voyage into a darkness so profound that salvation and doom look much the same. If he and his dynasty are to make it through that long night, Oltyx will have to become a very different sort of king.

The Twice-Dead King: Ruin Nate Crowley, 2022-08-02 Peer into the into the bizarre culture and motivations of the Necrons in this great novel from Nate Crowley. Exiled to the miserable world of Sedh, the disgraced necron lord Oltyx is consumed with bitterness. Once heir to the throne of a dynasty, he now commands nothing but a dwindling garrison of warriors, in a never-ending struggle against ork invaders. Oltyx can think of nothing but the prospect of vengeance against his betrayers, and the reclamation of his birthright. But the orks are merely the harbingers of a truly unstoppable force. Unless Oltyx acts to save his dynasty, revenge will win him only ashes. And so he must return to the crownworld, and to the heart of the very court which cast him out. But what awaits there is a horror more profound than any invader, whose roots are tangled with the dark origins of the necrons themselves.

The Infinite and The Divine Robert Rath, 2021-07-20 Explore a story told across the millennia that delves deep into a pair of fascinating necron characters, their relationship and their plans for the galaxy. Before the being called the Emperor revealed Himself, before the rise of the aeldari, before the necrontyr traded their flesh for immortal metal, the world was born in violence. Even when they inhabited bodies of flesh, Trazyn the Infinite and Orikan the Diviner were polar opposites. Trazyn, a collector of historical oddities, presides over a gallery full of the most dangerous artefacts – and people – of the galactic past. Orikan, a chronomancer without peer, draws zodiacs that predict and manipulate the future. But when an artefact emerges that may hold the key to the necrons' next evolution, these

two obsessives enter a multi-millennia game of cat and mouse that ends civilisations, reshapes timelines, and changes both forever. As riddles unwind and ancient secrets are revealed, the question remains: will their feud save the necron race or destroy it?
