Jeremy Croston

The Negative Man Jeremy Croston,2017-06-14 Liberation Day - The day Pacific Station's newest hero, The Morning Lynx, defeated The Negative Man in combat. It wasn't without its tragedies, however. The city had been saved, but at what cost? Three years later, the wounds have healed but the fallout from that day still lingers. The Negative Man, comatose at Black Lagoon, wakes up. His mind is broken and his powers are gone. This should be cause for celebration, yet another dark cloud is forming off in the distance. Ronald Victory, Secretary of Defense, has a plan for his country, one that involves the removal of all powered people - no matter the cost. In an ironic twist, the city that once wanted to rid itself of The Negative Man plague now needs him. If he is to remember who he is, both old friends and new foes alike will need to join forces to bring him back to power. Yet, as we know, there will be consequences to taking up the mantle again. Their exploits may live on, but even Legends Can Die. Pacific Station Vigilante Series: The Negative Man: City of Chaos (Book 1) The Negative Man: Stormfall (Book 2) The Negative Man: Prelude to Chaos (Book 2.5) The Negative Man: Legends Can Die (Book 3)

The Negative Man Jeremy Croston,2015-12-05 Two years ago, a supervillain known as The Negative Man brought Pacific Station to the brink of destruction. No one dared stand in his way... that is until the arrival of a new hero: The Dark Lion. At the end of their final battle, The Negative Man disappeared. Months went by and without a sign of his return, the city returned to normal. Unfortunately, a new evil has taken hold; one in the form of a gang of supers known as The Aces. Led by their charismatic leader, Spades, they have become the terror of the city. Once again The Dark Lion is called into duty to make the city safe. But questions remain: are The Aces just a distraction? And most importantly, will The Negative Man rise again?

The Negative Man Philip McCutchan,1997

The Negative Man Jeremy Croston,2016-07-09 When a super operating at maximum capacity is hit by a force that has broken the sound barrier, the resulting fallout would be known as The Stormfall. The energy discharged by such an occurrence would potentially have the same effects of a nuclear bomb. However, in certain cases, the destruction and loss of life would be worth it. There are some supers who were never meant to exist. - Dr. Leonard Cooper, The Stormfall Theory The Dark Lion is dead. With their protector gone, Pacific Station has been left to the mercy of The Negative Man, or has it? The police, led by Chief Grimes, have an ally of their own - one that can equal The Negative Man in both skill and power. That's not all. In the shadows lurks another, one born to take up the yellow cloak and the weight it carries. But he too carries a burden, one of revenge. Can the Son of the Lion cast aside his hate for the greater good or is it his destiny to unleash The Stormfall?

The Negative Man Jeremy Croston,2018-06-14 The End Years have gone by since The Negative Man graced Pacific Station. Under the watchful eye of The Morning Lynx, the citizens have enjoyed a calm that they haven't had the pleasure of knowing for almost a decade. However, the wheels are always turning and new villains emerge to begin their conquest. One is the new president, bent on wiping out the powered population of the country. The other is one whose hid in the shadows, biding his time to go out. Twilight is upon us and the final chapter of our story is about to be told. Can Jericho Staley overcome being broken? And does he really want to?

The Negative Man Jeremy Croston,2016-12-03 Much isn't known how Jericho Staley came to work with The Dark Lion. In Prelude to Chaos, those questions are finally answered. Set before City of Chaos, the beginnings of the vigilante team that will change Pacific Station forever are explored. From

Jericho stumbling into the Lion's Lair to their first case together: finding a stolen plutonium core. Prelude to Chaos is a prequel, yet it will lead us into this spring's release of Legends Can Die. Many things are unfolding in The Negative Man saga... but it is what happens at the beginning that shapes everything.

Boethius: On Aristotle on Interpretation 4-6 Boethius,2014-04-22 Boethius (c. 480-c. 525) was a Christian philosopher and author of many translations and works of philosophy, most famously the Consolations of Philosophy which were probably written when he was under house arrest, having been accused of treason by King Theoderic the Great. He was subsequently executed. On Interpretation is the second part of the Organon, as Aristotle's collected works on logic are known; it deals comprehensively and systematically with the relationship between logic and language. In his first six chapters, Aristotle defines name, verb, sentence, statement, affirmation and negation. Boethius preserves lost interpretations by two of the greatest earlier interpreters, Alexander and Porphyry, and the defence of the work's authenticity against criticism. He records the idea of Porphyry that Aristotelians believe in three types of name and verb, written, spoken and mental, in other words a language of the mind. Boethius' commentary formed part of his project to bring knowledge of Plato and Aristotle to the Latin-speaking world. It had great influence, remaining the standard introduction to On Interpretation throughout the Latin Middle Ages.
