The Language of Life James Lull, Eduardo Neiva, 2012-05-29 Communication in its most basic form—the sending of signals and exchange of messages within and between organisms—is the heart

of evolution. From the earliest life-forms to Homo sapiens, the great chain of communication drives the evolutionary process and is the indispensable component of human culture. That is the central message of this unique perspective on both the biological evolution of life and the human development of culture. The book explores the totality of communication processes that create and sustain biological equilibrium and social stability. The authors argue that this ubiquitous connectivity is the elemental unity of life. Introducing a new subdiscipline—evolutionary communication—the authors analyze the core domains of life—sheer survival, sex, culture, morality, religion, and technological change—as communications phenomena. What emerges from their analysis is a brilliant interpretation of life interconnected through communication from the basic molecular level to the most sophisticated manifestations of culture. Challenging the boundaries of conventional approaches to cultural analysis, this is an original and engaging view of evolution and an encouraging prognosis for our collective future.

Blonde Eskimo Kristen Hunt, 2015-10-13 2016 Annual Indie Excellence Awards- Finalist in the Young Adult Fiction Category As featured in: Parade: Gifts For Your Teen Bookworm, POPSUGAR: 10 New Book Series that Recapture that Twilight Magic, Kids Book Buzz: YA Holiday Book Guide, Hypable: Must-Reads for Teen Read Week, Glitter Magazine: 10 YA Heartthrobs to Fill Your Edward/Jacob Void, SheKnows: Holiday Gifts for Book Lovers, The Reading Room: Books to Pair with Your Favorite Winter Drink Part Viking, part Eskimo, Neiva Ellis knew her family's ancestral home, the island of Spirit, Alaska, held a secret. A mystery so sensitive everyone, including her beloved grandmother, was keeping it from her. When Neiva is sent to stay on the island while her parents tour Europe she sets out on a mission to uncover the truth, but she was not prepared for what laid ahead. On the night of her seventeenth birthday, the Eskimo rite of passage, Neiva is mysteriously

catapulted into another world full of mystical creatures, ancient traditions, and a masked stranger who awakens feelings deep within her heart. Along with her best friends Nate, Viv and Breezy, she uncovers the truth behind the town of Spirit and about her own heritage. When an evil force threatens those closest to her, Neiva will stop at nothing to defend her family and friends. Eskimo traditions and legends become real as two worlds merge together to fight a force so ancient and evil it could destroy not only Spirit but the rest of humanity.

The Routledge Handbook of Religion and Secrecy Hugh B. Urban,Paul Christopher Johnson,2022-03-29 Secrecy is a central and integral component of all religious traditions. Not limited simply to religious groups that engage in clandestine activities such as hidden rites of initiation or terrorism, secrecy is inherent in the very fabric of religion itself. Its importance has perhaps never been more acutely relevant than in our own historical moment. In the wake of 9/11 and other acts of religious violence, we see the rise of invasive national security states that target

religious minorities and pose profound challenges to the ideals of privacy and religious freedom, accompanied by the resistance by many communities to such efforts. As such, questions of secrecy, privacy, surveillance, and security are among the most central and contested issues of twenty-first century religious life. The Routledge Handbook of Religion and Secrecy is the definitive reference source for the key topics, problems, and debates in this crucial field and is the first collection of its kind. Comprising twenty-nine chapters by a team of international contributors, the Handbook is divided into five parts: Configurations of Religious Secrecy: Conceptual and Comparative Frameworks Secrecy as Religious Practice Secrecy and the Politics of the Present Secrecy and Social Resistance Secrecy, Terrorism, and Surveillance. This cutting-edge volume discusses secrecy in relation to major categories of religious experience and individual religious practices while also examining the transformations of secrecy in the modern period, including the rise of fraternal orders, the ongoing wars on terror, the rise of far-right white supremacist groups, increasing concerns over religious freedom and privacy, the role of the internet in the spread and surveillance of such groups, and the resistance to surveillance by many indigenous and diasporic communities. The Routledge Handbook of Religion and Secrecy is essential reading for students and researchers in religious studies, comparative religion, new religious movements, and religion and politics. It will be equally central to debates in the related disciplines of sociology, anthropology, political science, security studies and cultural studies.

Los Cuentos De Neiva Carlos B. Delfante, 2013-02-09 Las habilllas relatadas en la novela corta “Los Cuentos de Neiva, la Peluquera”, son una consumación de relatos de diversos episodios

encarados por el ángulo del humor y que buscan representar los auténticos sucesos convencionales del ser humano, donde es posible verlos gravitar en las características de algunos de los personajes que la componen, transigiendo los hechos para que el lector rescate a través del humor, algunos viejos recuerdos que comúnmente sobrevienen en la mente del mismo con alegre evocación. Las anécdotas, puntualizadas y descritas sobre el ángulo de lo burlesco, de lo atolondrado, de lo cándido, consiente la manifestación de algunos procedimientos del auténtico muestrario de las características comportamentales de la sociedad, buscando demostrar que nuestro semejante es un producto de su propio medio. Basado en el cinismo, el descaro, la mofa, la envidia, la ironía y la desvergüenza de los personajes, son fruto de ellos mismos, y resultan como producto de las acciones de personas que existen en cualquier parte del orbe, o simplemente, significan una muestra de nuestro cotidiano.
