Memoirs of a Community Cat Rei Kimura,2014-07-16 This is a heartwarming story told by Abby, a veteran stray cat who insists “We are not strays, we are community cats! Just as humans are citizens of their countries, we are citizens of the communities we live in!”It brings to life the many stray cats who live in almost every community giving each cat featured in this book a face, a heart, feelings, thoughts and the same fears and happiness of the humans who can make their lives a blessing or a curse.Abby, the macho yellow male cat walks us through his very colorful adventures and experiences as he and his siblings and friends live each day to the fullest of their nine lives, never knowing whether they will be alive at the end of the day! There is never a dull moment and some harrowing matching of wits with those who hate their very existence and believe that community cats should neither be seen nor heard!The lead star of this witty community cat drama is Abby, strong, arrogant and adventurous, he is the boss and what he says goes! Then there is Choc, his brother, good natured, sanguine and a perfect gentleman who is wise and calm beyond his cat years!It has even been said that a woman would choose Abby for a lover and Choc for a solid dependable husband! There is Calico, Abby’s friend and “crush,” pretty, precocious with a temper to match and her direct antithesis, Sister, a surly, snarling aging matriarch of the neighboring cluster of community cats whom Abby calls “the ugliest and meanest feline that ever existed.” Each cat is a vibrant character of its own that you will mostly love as they share their lives with you. There is this rhetoric that every creature is created for a purpose so what on earth are community cats created for? Perhaps to bring out the compassion and better qualities in humans manifested here in the much loved “feeders” who feed and care for them, giving of their time and money to make the lives of these less fortunate creatures of God, tolerable The story ends with this haunting rhetoric , 'life will go on till our lease on earth runs out. I think I still have many good years left and I absolutely refuse to think what old age and dying on the streets might be like. I have no thoughts about the future because living life to the fullest this week is more important than next week!'

La Civilisation Japonaise Léon de Rosny,1883

Dictionary of Iconic Expressions in Japanese Hisao Kakehi,Ikuhiro Tamori,Lawrence Schourup,2011-04-20 The lexicon of Japanese contains a large number of conventional mimetic words which vividly depict sounds, manners of action, states of mind etc. These words are notable for their distinctive syntactic properties, for the strikingly patterned way in which they exploit sound-symbolic correspondences, and for the copiousness of their use in conversation as well as in many written registers of Japanese. This dictionary is a comprehensive resource for linguists, language teachers, translators, and others who require detailed information about this important sector of the Japanese vocabulary. Examples created by the editors are accompanied

by thousands of contextualized, referenced examples from published sources to illustrate the alternative meanings of each mimetic form. All examples appear in Japanese orthography, in romanization, and in English translation. Concise information is provided concerning the varieties of syntactic usage appropriate for each mimetic. An extensive English index facilitates comparison of English and Japanese vocabulary.

Neko Notoriety, 2018-07 A full-color illustrated adventure of Japan's folklore, myth and cultural connection to one of the world's most beloved animals, cats. Neko Notoriety, introduces both recognizable figures such as the Lucky Cats, the stories and meanings behind them as well as the mysterious creatures of magic and lore, such as the twin tailed nekomata. Learn about some of Japan's most interesting tales of cats in both history and legend, from shrines to a whole island of cats, brought to life by the illustrations of Alaskan artist, Kari L. Ronning. Inspired by the love of Japanese culture and art that heavily influenced the author's artistic growth and style, comes a fun and lovely artwork collection looking into the rich tales of a country and people seeped in wonder, mystery and even some whimsy of the magic of the cat. Written for any age, this storybook is illustrated with both traditional and re-imagined styles inspired by both Japanese traditional style as well as its adorable pop culture that can be enjoyed by all.

Superstitions, Magic and Mantic Practices in the Heian Period Jolanta Tubielewicz, 1980

Philosophie asiatique/Asian philosophy Guttorm Fløistad, 2012-12-06 The present publication is a continuation of two earlier series of chronicles, *Philosophy in the Mid-Century* (Firenze 1958/59) and *Contemporary Philosophy* (Firenze 1968), edited by Raymond Klibansky. As with the earlier series the present surveys purport to give a survey of significant trends in contemporary philosophical discussion. The need for such surveys has, I believe, increased rather than decreased over the last years. The philosophical scene appears, for various reasons, rather more complex than ever before. The continuing process of specialization in most branches, the emergence of new schools of thought, particularly in philosophical logic in the philosophy of language, and in social and political philosophy, the increasing attention being paid to the history of philosophy in discussions of contemporary problems as well as the increasing interest in cross-cultural philosophical discussion, are the most important contributory factors. Surveys of the present kind are a valuable source of knowledge about this complexity and may as such be of assistance in renewing the understanding of one's own philosophical problems. The surveys, it is to be hoped, may help to strengthen the Socratic element of modern philosophy, the world wide dialogue or Kommunikationsgemeinschaft. So far, six volumes have been prepared for the new series. The present surveys in Asian Philosophy (Vol. 7) follow the surveys in the Philosophy of Language and Philosophical Logic (Vol. 1), Philosophy of Science (Vol. 2), Philosophy of Action (Vol. 3), Philosophy of Mind (Vol. 4), African Philosophy (Vol. 5), and Medieval Philosophy Part 1-2 (Vol. 6).

Maneki Neko Susan Lendroth,2016-02-15 The Japanese legend of Maneki Neko, the beckoning cat, who is a symbol of good luck and good fortune in many Asian countries. In a small Japanese village, a poor monk and his cat Tama live a simple life at the Kotoku Monastery. One day, a great storm passes through the village, and Tama is caught in the rain outside the temple. She waits under the eaves of a small shrine, cleaning her face and whiskers as best she can with her paw. A noble samurai is also passing through, and stops his horse under the cover of a large tree. But through the rain, what does he see? A cat with a raised paw, beckoning him forward? Curious, the samurai urges his horse forward. Just then, a bolt of lightning flashes and strikes the tree behind him, splitting it in two. The beckoning cat has saved his life. In his gratitude, the samurai brings riches to the small temple and the monk, who shares his wealth with the village. So goes the Japanese legend of Maneki Neko, the beckoning cat. And to this day, the cat with raised paw beckoning guests is a symbol of good luck and good fortune in many Asian countries.

Responses to Language Endangerment Elena Mihas,Bernard Perley,Gabriel Rei-Doval,Kathleen Wheatley,2013-11-15 This volume further complicates and advances the contemporary perspective on language endangerment by examining the outcomes of the most commonly cited responses to language endangerment, i.e. language documentation, language revitalization, and training. The present collection takes stock of many complex and pressing issues, such as the assessment of the degree of language endangerment, the contribution of linguistic scholarship to language revitalization programs, the creation of successful language reclamation programs, the emergence of languages that arise as a result of revitalization efforts after interrupted transmission, the ethics of fieldwork, and the training of field linguists and language educators. The volume's case studies provide detailed personal accounts of fieldworkers and language activists who are grappling with issues of language documentation and revitalization in the concrete physical and socio-cultural settings of native speaker communities in different regions of the world.
