**End of the World Blues** Jon Courtenay Grimwood, 2007-09-25 From Jon Courtenay Grimwood, author of the celebrated Arabesk series, comes a stunningly inventive novel of futuristic noir set in a world of shifting realities. Here a man is drawn into a gritty postmodern subculture and a secret kingdom of otherworldly beings to find what he lost long ago: a reason to live. Kit Nouveau figured he'd already come to the end of the world. An Iraqi war veteran, expatriate, and part owner of Pirate Mary's, the best Irish bar in Tokyo, Kit had settled down to await the inevitable with barely a whimper. It wasn't exactly how Kit thought he'd end up, and he was right. It's going to end up a lot worse. A teenage runaway with fifteen million dollars in stolen cash and a taste for cosplay is about to save Kit's life in a lethal swirl of scarlet and bridal lace. Lady Neku, a.k.a. Countess of High Strange, has her own dangerous destiny to fulfill and it's mysteriously connected to Kit's ravaged past. Now Kit's only hope for redemption is to save an ex-girlfriend he tragically failed once before. But everyone says it's already too late. And she's left behind only one ominous clue: her suicide note.

**Levels in Clause Linkage** Tasaku Tsunoda, 2018-02-05 This is a cross-linguistic exploration of the use of clause linkage markers in causal, conditional, and concessive sentences. Employing a five-level classification of clause linkage based on semantic and pragmatic grounds, it shows that, within individual languages different markers exhibit different distributions on the five levels. Also, the rich evidence presented from seventeen languages from many parts of the world documents that these distributions present commonalities as well as differences across the languages of the sample.
