War of the Scaleborn (World of Warcraft: Dragonflight) Courtney Alameda,2023-10-31 Uncover the full story behind the War of the Scaleborn in this official companion novel to World of Warcraft: Dragonflight. When the world was young, all life shook before the might of Galakrond, a massive primal dragon whose hunger could not be sated. Five primal dragons rose valiantly beside the titan-forged Keeper Tyr to combat this threat. Though the fight was desperate, Galakrond fell by their teeth and talons, and the five were chosen to become protectors of Azeroth. The titans gifted Nozdormu, Ysera, Alexstrasza, Malygos, and Neltharion with Order magic, transforming them into the Aspects: powerful dragons with command of time, nature, life, magic, even the earth itself. Other primal dragons followed on their path, and, imbued with the titans' power, the dragonflights rose to shape the world and serve the Aspects. That is the tale the dragonflights have always told . . . but it is not the whole story. For as Alexstrasza and her flights set to reshaping Azeroth, not all of dragonkind sees Order magic as a gift. Spurning the titans' interference, a group of rebel primal dragons are imbued with the elemental powers of the planet and are reborn as the Incarnates. Led by Iridikron, the Incarnates believe that dragonkind should be subservient to no one. They foment a rebellion against the Aspects: what they are and all they represent. Despite the efforts of Alexstrasza and her primal friend Vyranoth to preserve peace, both sides slip closer to violence, as dragons are forced to choose a side or be swept up in the growing conflict. With battle lines and allegiances drawn, the war among dragonkind shakes the foundation of the world. Both sides realize they will have to make sacrifices to secure the future of their kind, sacrifices that will cascade through the ages.

World of Warcraft: Dawn of the Aspects: Part I Richard A. Knaak,2013-02-18 THE AGE OF DRAGONS IS OVER. Uncertainty plagues Azeroth's ancient guardians as they struggle to find a new purpose. This dilemma has hit Kalecgos, youngest of the former Dragon Aspects, especially hard. Having lost his great powers, how can he—or any of his kind—still make a difference in the world? The answer lies in the distant past, when savage beasts called proto-dragons ruled the skies. Through a mysterious artifact found near the heart of Northrend, Kalecgos witnesses this violent era and the shocking history of the original Aspects: Alexstrasza, Ysera, Malygos, Neltharion, and Nozdormu. In their most primitive forms, the future protectors of Azeroth must stand united against Galakrond, a bloodthirsty creature that threatens the existence of their race. But did these mere proto-dragons face such a horrific adversary alone, or did an outside force help them? Were they given the strength they would become legendary for...or did they earn it with blood? Kalecgos's discoveries will change everything he knows about the events that led to the...DAWN OF THE ASPECTS PART I The former Dragon Aspects are on the brink of going their separate ways to forge new destinies. As Kalecgos ponders the uncertain future awaiting his kind, he uncovers a mysterious artifact that allows him to see through the eyes of his late predecessor, Malygos. Intense visions bombard Kalecgos, transporting him to a time when the original Aspects were no more than primitive proto-dragons. Across ancient Kalimdor's northern plains, they fought for survival against each other and a terrifying creature that dominated the era: the Father of Dragons, Galakrond. But many questions remain for Kalecgos. What are the origins of this strange artifact? Are its visions a gift, or a curse?

World of Warcraft: The Shattering Christie Golden, 2010-10-19 In her New York Times bestseller, *The Shattering*, Christie Golden delivers a sensational tie-in to the newest World of Warcraft game expansion. Thrall, wise shaman and the warchief of the Horde, has sensed a disturbing change... Long ago, Azeroth's destructive native elementals raged across the world until the benevolent titans imprisoned them within the Elemental Plane. Despite the titans' intervention, many elementals have ended up back on Azeroth. Over the ages, shaman like Thrall have communed with these spirits and, through patience and dedication, learned to soothe roaring infernos, bring rain to sun-scorched lands, and otherwise temper the elementals' ruinous influence on the world of Azeroth. Now Thrall has discovered that the elementals no longer heed the shaman's call. The link shared with these spirits has grown thin and frayed, as if Azeroth itself were under great duress. While Thrall seeks answers to what ails the confused elements, he also wrestles with the orcs' precarious future as his people face dwindling supplies and growing hostility with their night elf neighbors. Meanwhile, King Varian Wrynn of Stormwind is considering violent action in response to mounting tensions between the Alliance and the Horde, a hard-line approach that threatens to alienate those closest to him, including his son, Anduin. The conflicted young prince has set out to find his own path, but in doing so, he risks becoming entangled in political instability that is setting the world on edge. The fate of Azeroth's great races is shrouded in a fog of uncertainty, and the erratic behavior of the elemental spirits, troubling though it is, may only be the first ominous warning sign of the cataclysm to come.
