*Bel Nemeton* Jon Black,2018-04 UNCOVERING MERLIN'S TOMB A globe-trotting quest for the treasures of the historical Merlin. From the Preditors and Editors Readers' Poll Award-Winning Author Jon Black... Carvings have been unearthed in the Middle East. They bear impossible names--Arthur and Merlin, albeit in a native transliteration. How did these names come so far? Do they imply the existence of a historical Arthur and Merlin? The scholars do what they always do. They arrange a press meeting. But scholars aren't the only attendees. After heavily-armed mercenaries steal the stone, Dr. Vivian Cuinnsey is forced to work with Jake Booker, a self-professed treasure hunter. Can he be trusted? Or is he just one more force after Merlin's treasure for personal profit? From the Middle East to the caves of Israel to German record rooms to Oxford's secret underworld, chase Vivian and Jake in their pursuit of Merlin's greatest treasure.

**Nemeton** Christopher Lee,2017-12-05 For millennia the Nemeta have kept the fragile truce in the antediluvian world. A peace built on an ancestral curse upon mankind's primal link to magic. After six thousand years, Man has tired of enduring subjugation. Kings and peasants clamor. Thrones tremble at whispers of war between the primeval foes of Man and the Fae. Amidst her studies of mythical texts and artifacts, a young Serphym uncovers designs to reverse the hex. A scheme that implicates her own people as heretics. Faced with the apocalyptic consequences of magical war, Samsara must choose between her freedom or that of her people. Even if it means eternal service to the order that threatens to exterminate her kind.

Bel Nemeton: Caledfwlch Jon Black,2020-12-15 A globe-trotting quest for the historical King Arthur's sword. From the Preditors and Editors Readers' Poll Award-Winning Author Jon Black... When Dr. Vivian Cuinnsey found Merlin's tomb, she thought the adventure was over. But now her Merlin exhibition is attacked, drawing her back into danger. There's just two problems. First, Jake Booker, treasure hunter and her former partner, is held captive by zealous students convinced he is stealing antiquities. Second, someone else wants Arthur's sword. In the present, Vivian and Jake are up against mercenaries, musty academics, and a mysterious swordsman in a two-fisted, and two-brained, adventure. In the past, Merlin and the young King Arthur seek out the blade that will unite Britain. A dragonblade. A magical blade that will draw them deep into hostile Pict territory, where nothing is safe

and allies are hard to come by. From crusader tombs to elite fighting rings to the roaring roads of the Autobahn, chase Vivian and Jake in their pursuit of King Arthur's blade.

Nemeton Shannon Lee,2022-08-25 Iris Webber is frustrated with the intrusive presence of her orphaned cousin, Abraham, but when he is found unconscious on a bike path near a mysterious woodland forest, Iris opens her heart to reconciling her behavior. Follow Iris through her adventure for redemption as she courageously advocates against the suspicions of her parents to decode a mysterious notebook written in an ancient script that could hold the secrets to Abraham's accident and more. Join forces with Iris, her clever friend, Rebecca, and the eccentric school teacher, Mr. Klein, as they crusade to shine light in the darkest hours of uncertainty. Nemeton is the first in a planned series that boldly melds contemporary storylines with intellectual intrigue, sure to delight young readers with its exploration of fantastical woodland entities previously unexplored by any other series in modern literature.

Nemeton Céline Leclercq,2012-06-06 « Tout à coup, un loup magnifique, à la robe argentée, apparut. Puis un renard. Un aigle se posa un instant plus tard, majestueusement, sur le sol, juste en face de Merlin.(...) Il eût un geste affectueux pour chaque animal. Il caressa les museaux du cerf et du loup, la robe du renard, le groin du sanglier, le bec de l'aigle. » Dans le véhicule qui l'emmène au village d'Issendic, Gabrielle est à mille lieues de savoir quelles aventures l'attendent. Gagnant peu à peu la confiance des habitants et de ses élèves, la jeune enseignante découvre les histoires heureuses et malheureuses de cette terre oubliée. Mais au-delà des sortilèges et des menaces, c'est l'amour aussi, qui vient à elle, comme s'il avait attendu des générations durant.

*Nemeton* Emmanuel Tugny,2016-10-05 Ne pas y voir qu'un simple libretto, voici douze morceaux à l'attention du plus français des Gallois, l'excellent John Greaves. Texte-opéra, comme seul Tugny peut nous l'inventer. Et toujours cet appel, cette interrogation sur l'implication de la voix et des musiques, de ce que la rencontre apporte au devenir d'une voix, de ce que la lecture à voix haute, la mise en voix, ouvre sur l'écriture hors du livre, l'expression hors du corps.

**Pagan Portals – Dancing with Nemetona** Joanna van der Hoeven,2014-05-30 Nemetona is an ancient goddess whose song is heard deep within the earth and also deep within the human soul. She is the Lady of Sanctuary, of Sacred Groves and Sacred Spaces. She is present within the home, within

our sacred groves, our rites and in all the spaces that we hold dear to our hearts. She also lies within, allowing us to feel at ease wherever we are in the world through her energy of holding, of transformation. She holds the stillness and quiet of a perfect day; she is the stillness at the end of it, when the blackbird sings to the dusk. She is the energy of sacred space, where we can stretch out our souls and truly come alive, to be who we wish to be, filled with the magic of potential. Rediscover this ancient goddess and dance with a Druid to the songs of Nemetona. Learn how to reconnect with this goddess in ritual, songs, chants, meditation and more. ,

*The Solitary Druid* Robert Lee Ellison,2005 Druidry is primarily a reconstructed ethnic religion derived from what is known about the beliefs of the ancient Celts. Those who follow it may be drawing on anthropology, folklore, archaeology, history and even academic research; others may hear the 'Druidic Call' to celebrate Earth and Sky but may not know where to learn more. These are the seekers whom The Solitary Druid is dedicated to. An essential first step in Paganism and a necessary one for those new to the Druid's path, focusing on the core teachings of modern Druidry.

*The Fires of Yule* Montague Whitsel,2013-04-30 In the myth and folklore of ancient European cultures and spiritual traditions, the longest night of the year, called Winter Solstice, was a time of transition during which people sought out personal renewal and rebirth. The Fires of Yule provides a template and a pattern for entering deeply into the Winter Solstice Season, experiencing it in poetic and transformative ways through a contemporary calendar called The Thirteen Dayes of Yule. Readers of The Fires of Yule will follow a pilgrim path of the Thirteen Dayes from 13 to 25 December, engaging in various myths, symbols, stories, and rituals associated with each day. Becoming practitioners of the Yule, deepening their experience of the Winter Solstice, they will move beyond the more banal and commercialized forms of the December holidays. The calendar of the Thirteen Dayes is sourced (historically) in Celtic myth and Paganism, as well as (imaginatively) in the lore of the Elves of ancient pre-Celtic worlds. This book brings together many of the best-known icons and customs of modern Christmas traditions, re-sourcing them in the light of a Pagan Hearth and offering touchstones for self-renewal at Winter Solstice. This revised edition of The Fires of Yule presents the mystic pattern of Thirteen Dayes in its fullest expression, narrated in the voice of a fictional character, Cornelius Whitsel, a student of religion and a Pagan spiritual director in the Keltelven Traditions who lives in the imagined landscape of Ross County, Pennsylvania. Cornelius has been a character in two of Montague Whitsels other books; Ham

Farir: The Faring of Matthew Thorin Dier (2008) and Tales from the Seasons (2009). The Fires of Yule is the culmination of more than three decades of the authors devout engagement with the Yule and deep reflection on the nature of the Winter Solstice. Montague Whitsel has explored, studied and practiced Western spiritualities grounded in the Celtic, Neo-Pagan and Monastic traditions for more than 40 years.

Exploring Wicca, Updated Edition Lady Sabrina, 2006-01-07 An examination of Witchcraft and the many ways it is practiced today uncovers the roots of Wiccan beliefs, Wiccan Scripture, and sacred symbols, in an updated edition that includes hands-on advice for spellwork and sample rituals for celebrations and worship.

Modern Druidism Yowann Byghan, 2018-06-06 This introduction to modern Druidism provides a comprehensive overview of today's Pagan religion and philosophy, whose roots are in the Celtic tribal societies of ancient Britain and Ireland. The author covers Druidism's mythology, history and important figures and its beliefs and moral system, and describes practices, rituals and ceremonies. A gazetteer of important sacred sites is included, along with information about modern Druid groups and organizations.

Secrets of the Druids Teresa Cross, 2020-11-17 A guide to the history and practices of the Druids and the Celtic faith • Reconstructs the Druidic faith from surviving remnants, parallels with other Indo-European traditions, and dedicated study of scholarly sources • Details magical rites and ceremonies, methods for consecrating an outdoor temple, and customs for celebrating important festivals such as Beltaine and Samhain • Discusses rules for firecraft, making offerings to deities and spirits, and the ancient Coligny calendar, including the names of the months in old Gaulish Druids and their magic, lore, and rituals have fascinated all those who encounter them, from the ancient Greeks and Romans onward. Even today, the mere mention of their name evokes pictures of standing stones, mistletoe, golden sickles, white-robed priests, and powerful sorcerers. But were they really as we picture them? Drawing on comparative mythology and linguistics, archaeological evidence, and etymology, Teresa Cross offers readers a comprehensive course in the history and development of the Celtic spiritual tradition and its lore, reconstructing the Druidic faith from the remnants that have survived and dedicated study of scholarly sources. She also reveals parallels with other Indo-European traditions, such as the similarities between Celtic and Vedic Hindu beliefs and practices. She chronicles the ethics and spiritual teachings of Druidism and the Celtic faith and examines what happened to these beliefs during centuries of Christianization. Moving from history to practice, Cross details magical rites and ceremonies as practiced

by modern-day followers of Druidactos. She explores the structure of the Touta, which roughly corresponds to “tribe,” methods for consecrating a nemeton, the outdoor temple that offers the optimum sacred space for the meeting of heaven and earth, and the rites and customs associated with important festivals such as Beltaine and Samhain. She also explores the rules of firecraft, the sacred art of giving to the cosmos, making offerings to deities and spirits, sacred food and beverages, and the ancient Coligny calendar, including the names of the months in old Gaulish. Offering an authentic handbook for starting your own Celtic group led by Druids, Cross reveals the meanings and metaphysics behind the Celtic and Druidic customs and traditions, reuniting the fragmentary remains of long-lost Druid culture with the still-living practices of the Celtic faith.

**Law and Legal Consciousness in Medieval Scotland** Hector L. MacQueen, 2023-10-20 This book explores the rise of a Scottish common law from the twelfth century on despite the absence until around 1500 of a secular legal profession. Key stimuli were the activity of church courts and canon lawyers in Scotland, coupled with the example provided by neighbouring England’s common law. The laity’s legal consciousness arose from exposure to law by way of constant participation in legal processes in court and daily transactions. This experience enabled some to become judges, pleaders in court and transactional lawyers and lay the foundations for an emergent professional group by the end of the medieval period.

Rufus of Rhodes Allen-Russo, 2002-10-14 Dr. Aaron Glatzer, skilled in the process of hypnotic regression therapy, brings forward the reincarnated life of a young Roman military physician, Rufus of Rhodes. The hypnotic subject, Edgar Wedge, a 20th century tire salesman, is suffering from compulsive eating and smoking which are now greatly overshadowed by a career- threatening fear of flying. Rufus, through Edgar, relates a story of his own life intertwined with the exploits of Julius Caesar and the political and military objectives of the pre-Christian Roman Empire. Rufus revelations change the lives of Edgar, his family, and the researchers engaged in bringing this voice of the past to the present century.

European Paganism Mr Ken Dowden, Ken Dowden, 2013-05-13 European Paganism provides a comprehensive and accessible overview of ancient pagan religions throughout the European continent. Before there were Christians, the peoples of Europe were pagans. Were they bloodthirsty savages hanging human offerings from trees? Were they happy ecologists, valuing the unpolluted rivers and mountains? In European Paganism Ken Dowden outlines and analyses the diverse aspects of pagan ritual and culture from human sacrifice to pilgrimage lunar festivals and tree worship. It includes: \* a 'timelines' chart to aid with chronology \* many quotations from ancient and modern sources translated from the original language where necessary, to

make them accessible \* a comprehensive bibliography and guide to further reading.

**Earthly Bodies, Magical Selves** Sarah M. Pike, 2001-01-24 Recent decades have seen a revival of paganism, and every summer people gather across the United States to celebrate this increasingly popular religion. Sarah Pike's engrossing ethnography is the outcome of five years attending neo-pagan festivals, interviewing participants, and sometimes taking part in their ceremonies. *Earthly Bodies, Magical Selves* incorporates her personal experience and insightful scholarly work concerning ritual, sacred space, self-identity, and narrative. The result is a compelling portrait of this frequently misunderstood religious movement. Neo-paganism began emerging as a new religious movement in the late 1960s. In addition to bringing together followers for self-exploration and participation in group rituals, festivals might offer workshops on subjects such as astrology, tarot, mythology, herbal lore, and African drumming. But while they provide a sense of community for followers, Neo-Pagan festivals often provoke criticism from a variety of sources—among them conservative Christians, Native Americans, New Age spokespersons, and media representatives covering stories of rumored Satanism or witchcraft. *Earthly Bodies, Magical Selves* explores larger issues in the United States regarding the postmodern self, utopian communities, cultural improvisation, and contemporary spirituality. Pike's accessible writing style and her nonsensationalistic approach do much to demystify neo-paganism and its followers.

**The Encyclopedia of Celtic Mythology and Folklore** Patricia Monaghan, 2014-05-14 Presents an illustrated A to Z reference containing over 1,000 entries providing information on Celtic myths, fables and legends from Ireland, Scotland, Celtic Britain, Wales, Brittany, central France, and Galicia.
