**The New Zealand Foreign Affairs Handbook** Steve Hoadley, 1989 Beginning with a survey of New Zealand's international role, interests, and policies, this book provides a ready reference on the foreign policy of New Zealand. Exploring areas such as history, diplomacy, aid, trade, capital flow, defense, immigration, and cultural exchange, Hoadley describes the decision making and administrative institutions, the parties and groups that influence them, and the study centers and media that analyze and report on foreign policy progress.

**Primitive Economics of the New Zealand Maori (Routledge Revivals)** Raymond Firth, 2011 First published in 1929, Raymond Firth's original and insightful study offers an incredibly detailed account of the social and economic organisation of the Maori people before their contact with Western civilisation. Bridging the gap between anthropology and economics, the work covers the class structure, land system, industry, methods of co-operative labour, exchange and distribution, and the psychological foundations of Maori society. This reissue will be welcomed by all students of anthropology and anyone interested the history of the Maori people.

**New Zealand News** , 1966

**A History of New Zealand** Keith Sinclair, 1961

This is a history of New Zealand regarded both as a former British colony and as part of the New World. Furthermore, it is a history of a Pacific country: the New Zealanders, whether the Ppolynesian Moa-hunters of a thousand years ago, or their Maori descendants, or the later Europeans--Book Jacket.

*The British Colonization of New Zealand* Edward Jerningham Wakefield, John Ward, 1837 First section sets out ... his principles of colonisation, New Zealand's peculiar suitability for the experiment, the Association's plans for the Māoris, government and the churches. The second ... probably the result of a literature search by Ward ... information ... on the country, its climate, soil, inhabitants, trade and shipping from numerous publications. The Rev. Hawtrey's anonymous and naive plans (Appendix A) for Māori improvement received justifiably rough handling--Bagnall.

*New Zealand's London* Felicity Barnes, 2013-10-01 An outstanding and ambitious contribution to New Zealand and imperial history... Barnes' analysis of the dynamic relationship between colony and metropolis is compelling and sophisticated... A thoughtful reconsideration of a cultural past New Zealanders have often disowned . . . - History Australia, Vol 12, 1, 2015 A major contribution to scholarship that should remain a touchstone for years to come. Its success is both a testament to the potential of an expertly executed doctoral study and evidence of a significant emerging voice in Australasian cultural history. - Australian Historical Studies, 44, 2, 2013 An ambitious book, tackling large questions across two hemispheres

and a long century. Felicity Barnes pulls it off.  
- Journal of NZ Studies, June 2014 Antipodean soldiers and writers, meat carcasses and moa, British films and Kiwi tourists: over the last 150 years, all of these people, things and ideas have gone back and forth from New Zealand to London to help define, and redefine, the relationship between this country and the colonial centre. In New Zealand's London, expanded from an award-winning PhD thesis from the University of Auckland, Felicity Barnes explores 'a colony and its metropolis' from Wakefield to The Wombles. By focusing on particular themes - from agricultural marketing to expatriate writers - Barnes develops a larger story about colonial and national identity. New Zealand's London is already being hailed as a landmark work of historical writing on the development of our culture.

*New Zealand in a Nutshell* New Zealand. Dept. of Tourist and Publicity, 1908

*The Maori of New Zealand* Steve Theunissen, 2003-01-01 An introduction to the history, modern and traditional cultural practices, and economy of the Maori people of New Zealand.

*Country of Writing* Lydia Wevers, 2002 This pioneering examination of travel writing about New Zealand in the colonial period discusses a wide range of writing that helped place New Zealand on the literary map, while providing an oblique history of the young nation in the 19th century.

Exploring early newspaper accounts; the journals of missionaries, traders, and adventurers; and the guidebooks and specialized descriptions of fishing, and hunting, which promoted New Zealand as a sporting paradise, Wevers finds that writing about New Zealand was an essential tool in the colonization process.

*New Zealand's Vietnam War* Ian McGibbon, 2010-09-01 This landmark publication provides a comprehensive and authoritative account of New Zealand's involvement in the Vietnam War, and will remain the standard reference work on the subject for decades. Its publication completes the programme of official war histories that began in 1945. Ian McGibbon's primary focus is what New Zealand did in South Vietnam. He traces in detail the operations carried out by New Zealand forces and seeks to illuminate the experience of New Zealand soldiers fighting in a guerrilla war. The command structure, logistic support and operational context of fighting within a primarily Australian framework are all covered. He addresses controversial aspects such as friendly fire

incidents, atrocity allegations and veterans' grievances, including over Agent Orange. Maori participation in V Force was substantial and its impact is assessed. Although the book is inevitably weighted towards the military, the efforts of civilians in South Vietnam are also covered in depth. The surgical team operated from 1963 until their evacuation from Qui Nhon just days before North Vietnamese columns entered the city. Not forgotten are the efforts of courageous civilians like Sister Mary Laurence and of Red Cross volunteers to alleviate misery among refugees. The book also describes the dramatic end of New Zealand's involvement in South Vietnam – with the surgical team and the New Zealand Embassy evacuated by RNZAF Bristol Freighters just before the communist victory. Finally, McGibbon surveys the war's troubled aftermath, culminating in the Prime Minister's apology to veterans in 2008.
