The Night Hunter Russ Williams,2009-07-31 This novel by Russ Williams presents an apocalyptic view of a small town turned upside-down by a natural disaster. Action and human drama come together to force members of this shaken community to live or die while facing horrific challenges, natural and supernatural. There's a doctor, a lawyer, a priest, a saloon keeper, a sheriff, a mayor, lovers, young and old, as well as the rich and the poor. All must band together to survive. Here is a preview: The president's voice crackled over the battery-powered radio: My fellow Americans, I regret bearing such terrible news, but most of our nation is buried beneath snow left by this monumental blizzard. I have declared a state of emergency and martial law, and moved the Congress and executive branch to a provisional government center in Jacksonville, Florida. Much of the rest of our country is covered with fifty or more feet of snow. I have ordered the U.S. armed services to begin digging out our large cities, but I ask those of you in outlying areas to take heart and have courage. We will try to rescue you as soon as we can and return local and national services to normal, whenever possible. Until then, I ask you, please remain calm and conserve your resources. Help is on the way. I repeat, help is on the way. But what about us? the girl screamed. We're trapped here in the middle of nowhere. How long will it take them to reach us this far up in the mountains? Weeks? Months? Are we all going to die? A small band of people gathered around the radio and tried to give her comfort, but they had no answers. All they could do was wait—and hope. So begins their time of terror in The Night Hunter—a mysterious tale of adventure and romance in an isolated village haunted by the unknown. To survive, these people have to struggle against the winter forces of nature gone wild. Yet, the ones who live must fight the ultimate battle, against their own weaknesses and desires, as they come face to face with ... The Night Hunter.

Night Embrace Sherrilyn Kenyon,2010-04-01 Dear Reader, Life is great for me. I have my chicory coffee, my warm beignets, and my best friend on the cell phone. Once the sun goes down, I am the baddest thing prowling the night: I command the elements, and I know no fear. For centuries, I've protected the innocent and watched over the mankind, making sure they are safe in a world where nothing is ever certain. All I want in return is a hot babe in a red dress, who wants nothing more from me then one night. Instead, I get a runaway Mardi Gras float that tries to turn me into roadkill and a beautiful woman who saves my life but can't remember where she put my pants. Flamboyant and extravagant, Sunshine Runningwolf should be the perfect woman for me. She wants nothing past tonight, no ties, no long-term commitments. But every time I look at her, I start yearning for dreams that I buried centuries ago. With her unconventional ways and ability to baffle me, Sunshine is the one person I find myself needing. But for me to love her would mean her death. I am cursed never to know peace or happiness-not so long as my enemy waits in the night to destroy us both. --Talon of the Morigantes
