Ancient Magic and the Supernatural in the Modern Visual and Performing Arts Filippo Carlà-Uhink, Irene Berti, 2015-04-23 To what extent did mythological figures such as Circe and Medea influence the representation of the powerful 'oriental' enchantress in modern Western art? What role did the ancient gods and heroes play in the construction of the imaginary worlds of the modern fantasy genre? What is the role of undead creatures like zombies and vampires in mythological films? Looking across the millennia, from the distrust of ancient magic and oriental cults, which threatened the new-born Christian religion, to the revival and adaptation of ancient myths and religion in the arts centuries later, this book offers an original analysis of the reception of ancient magic and the supernatural, across a wide variety of different media – from comics to film, from painting to opera. Working in a variety of fields across the globe, the authors of these essays deconstruct certain scholarly traditions by proposing original interdisciplinary approaches and collaborations, showing to what extent the visual and performing arts of different periods interlink and shape cultural and social identities.

Literacies, Sexualities, and Gender Barbara J. Guzzetti, Thomas W. Bean, Judith Dunkerly-Bean, 2018-11-15 Offering diverse and wide-ranging perspectives on gender, sexualities, and literacies, this volume examines the intersection of these topics from preschool to adulthood. With a focus on current events, race, and the complex role of identity, this text starts with an overview of the current research on gender and sexualities in literacies and interrogates them from a range of multimodal contexts. Not restricted to any gender identity or age group, these chapters provide a much-needed and original update to the ways representations and performances of gender and sexualities through literacy practices are viewed in educational and sociocultural contexts. Scholars share their insights and transformative visions that respect and embrace difference while creating space for new and deeper understandings of contemporary issues.
