**Third Best** Arjun Rao, 2011 You would think that life for Nirvan

Shrivastav and his chums, Adi and Faraz, within the precincts of the prestigious co-ed Shore Mount boarding school - where the rich and connected from all over India and outside send their progeny to study and learn - would be a happy and benign one, isolated from the evils of everyday existence. But the pressure of competing with older brothers and uncles whose names adorn the honour rolls, or on the playing fields, or for the romantic attentions of a classmate, or in class, can become an ugly and violent affair; and not tattling on your classmates - no matter what they might have done - is the one inviolable code of honour. So when Nirvan is called upon to denounce the particularly nasty doings of his classmate, he is naturally uncertain of what to do. A coming-of-age novel with an amazing ability to capture the tone and nuances of its young protagonist's speech, **THIRD BEST** is a fascinating portrayal of life in an Indian boarding school - minus the sugar-coating.

**SLAB OF PEACOCK** Narasimha Rao Mamunooru, 2014-03-05

The village community in a drought prone region of South India take on their fate in their own way. Fed on a philosophy of their own, they try to resolve their problems guided by their own native wisdom; their bargains with the Nature and God must conform to their traditions and customs, they think. They explain to themselves the reasons for their sad plight and the nature of the remedial measures, both of which they believe are imbedded in their fate, which runs its course on the twin wheels of sin and righteousness; their philosophy contrasts with the New Culture the underpinnings of which, theoretically, are freedom of man and democracy, but, in reality are diverse and different. Perplexed, they pine for what has been lost to them for good. They love the banter and the chitchat, get into tiffs with fellow men and come out to fall back into a familiar groove to live a life agreeable to their Community and 'their Deities'.

He also plays a role in the story of India, which also starts as an impoverished nation, but despite many divisive forces and four wars in a short period, progresses by achieving a white revolution, a green revolution, nuclear capability, telecom advancement, a space programme, an IT revolution, nuclear power status, and finally gets on the fast track of growth to be the second fastest growing economy in the world. Today it is knocking at the doors of the UN Security Council to claim its rightful place in the comity of nations.
