**Drift** Patrick Jones, 2013-08-01 The great thing about drifting, thinks Kekoa, is that it's more about skill than expensive parts. That's good for him. Since his mom left him on the island with his

grandma, his Nissan Skyline 350 is all he has to his name. Life is the opposite for Billy Cain, who can buy his way into or out of anything. But when Billy's antics threaten the few things Kekoa cares about, they'll put it to the test: does skill or money win out when it comes to wheels, winding mountain roads, honor, and love? Includes real tech specs and tuning details for the Nissan Skyline 350!

**Classic Cars** Devon Bailey, 2021-06-21 The great thing about the classic car is that you don't have to be a millionaire to join the club! You will recognise many of the cars featured in this book and you may even remember your parents or grandparents driving one from your childhood, that will invoke happy memories. There is no concrete classification for what constitutes a classic car but for many people it refers to a vehicle that harks back to a bygone age, which as a result means there are fewer specimens on the road. In addition some more up-to-date models are now being categorised as modern classics. This is a collection of some of some of the best classics around with informative backgrounds on their design and manufacture. From Aston Martin to Volkswagen, from family car to supercar, classic cars come in all shapes and sizes, so join us on this trip exploring some of the finest cars ever made.

Datsun/Nissan 280Z & 300ZX Brian Long, 2018-10-12

The 240Z was a landmark in automotive history. By the time the first generation Z-cars came to an end in 1978, everyone around the world knew the name Datsun. Here is the full story of the ZX series from the 280ZX – introduced as the second generation Z-car in 1978 – through to the 300ZX of 1999. The 240Z and 260Z were pure sports cars, but the 280ZX represented the evolution of the Z-car into a Grand Tourer. This evolution continued through two generations of 300ZX and the Z became a true supercar with state-of-the-art engineering features. This book contains a great deal of new information for enthusiasts in the West, as Japanese models have been covered in detail for the first time. Photographs and other illustrations have been sourced almost exclusively from the factory and therefore illustrate the cars in original detail. Datsun Z, also by Brian Long and Veloce, is a complementary book.
