Popular Science, 1979-11 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Chris Ryan Extreme: Most Wanted Chris Ryan, 2014-11-06 The third book in the Chris Ryan Extreme series. Disavowed. No one can escape their past forever. Ex-SAS operator John Bald knows that better than most. So when the Firm corners Bald in Kazakhstan with a promise to wipe the slate clean, he reluctantly agrees to return to the frontline. His mission: hunt down a fugitive Russian oligarch suspected of murdering a beautiful young Westminster aide. Viktor Klich knows too much. Now Bald must catch Klich - before the Russian security services get to him first. Desperate. But what begins as a simple snatch-and-grab soon descends into a brutal fight for survival as Bald pursues Klich from the violent streets of Caracas to the brash glamour of Dubai, leaving a trail of blood and bullets in his wake. As he closes in on his quarry Bald finds his loyalties called into question. And when the mission goes wrong, he's accused of being complicit in a dangerous deceit. Deadly. Now Bald is a wanted man. Only one person can help him: Viktor Klich, the oligarch he was ordered to kill. In a world where nothing is as it seems, Bald will have to call on all his skills to stay alive, protect his former enemy - and uncover a dark secret that goes right to the heart of the establishment ... The Chris Ryan Extreme books take you even further into the heart of the mission with more extreme action, more extreme language and more extreme pace. Like Call of Duty or Medal of Honour you'll feel part of the team. Chris Ryan Extreme: Most Wanted has previously been published as four separate shorter missions. Now in one ebook to keep you at the centre of the action.

In a Land without Dogs the Cats Learn to Bark Jonathan Garfinkel, 2023-02-21 In his wildly ambitious and darkly funny debut novel, Jonathan Garfinkel probes the fractured nature of identity, the necessity of lies, and the bloody legacy of the Soviet Empire. Spanning generations, continents, and cultures, *In a Land without Dogs the Cats Learn to Bark* is an electric tale about a nation trying to emerge from the shadow of the Soviet Union to embrace Western democracy. Driven by a complexly plotted mystery that leads from Moscow to Toronto to Tbilisi, punctuated by wild car chases and drunken jazz reveries, and featuring an eccentric cast of characters including Georgian performance artists, Chechen warlords, and KGB spies, Garfinkel delivers a story that questions the price of freedom and laughs at the answer. With exhilarating prose reminiscent of Rachel Kushner and more twists than a John le Carré thriller, *In a Land without Dogs the Cats Learn to Bark* is a daring, nuanced, and spectacularly entertaining novel by an exceptional talent.

Autocar & Motor, 1994

Encyclopedia of Contemporary Russian Culture Smorodinskaya, 2013-10-28 This addition to the highly successful Contemporary Cultures series covers the period from 1953, with the death of Stalin, to the present day. Both 'Russian' and 'Culture' are defined broadly. 'Russian' refers to the Soviet Union until 1991 and the Russian Federation after 1991. Given the diversity of the Federation in its ethnic composition and regional characteristics, questions of national, regional, and ethnic identity are given special attention. There is also coverage of Russian-speaking immigrant communities. 'Culture' embraces all aspects of culture and lifestyle, high and popular, artistic and material: art, fashion, literature, music, cooking, transport, politics and economics, film, crime - all, and much else, are covered, in order to give a full picture of the Russian way of life and experience throughout the extraordinary changes undergone since the middle of the twentieth century. The Encyclopedia of Contemporary Russian Culture is an unbeatable resource on recent and contemporary Russian culture and history for students, teachers and researchers across the disciplines. Apart from academic libraries, the book will also be a valuable acquisition for public libraries. Entries include cross-references and the larger ones carry short bibliographies. There is a full index.

China Demise of a Civilization Peter Thalheim, 2021-10-28 Read the demise of what was once the leading civilization in the world into a base rule-of-man dictatorship, where the government fears her own people. How strong can she be if she lies to her own people; cheats on her international agreements; and, steals the technology and intellectual property of the rest of the world? Shouldn't a great civilization be a fount of creation in the arts, technology, medicine, music, literature, sports and culture for the benefit of mankind and not the state? The photo of happy people above is forbidden by the Communist Party of China. Scared of a picture?! How strong can such a dictatorship be?

We Need to Talk About Putin Mark Galeotti, 2019-02-21 'Galeotti sketches a bleak, but convincing picture of the man in the Kremlin and the political system that he dominates' - The Times Meet the world's most dangerous man. Who is the real Vladimir Putin? What does he want? And what will he do next? Despite the millions of words written on Putin's Russia, the West still fails to truly understand one of the world's most powerful politicians, whose influence spans the globe and whose networks of power reach into the very heart of our daily lives. In this essential primer, Professor Mark Galeotti uncovers the man behind the myth, addressing the key misperceptions of Putin and explaining how we can decipher his motivations and next moves. From Putin's early life in the KGB and his real relationship with the USA to his vision for the future of Russia - and the world - Galeotti draws on new Russian sources and explosive unpublished accounts to give unparalleled insight into the man at the heart of global politics.

Mega-Events Graeme Evans, 2019-09-17 This book brings together different perspectives of mega-event bidding, hosting and legacies. Their impact is considered through an international range of mega-events in terms of land use, political and socio-economic change, and the placemaking processes that accompany these area-based regeneration projects. From city-regions that have not been successful or withdrawn from mega-event selection, to contemporary Olympic, Football World Cup and Expo host cities whose legacy is still unfolding, to event sites whose legacy is now established, the global appeal of the mega-event is apparent from this collection. The book interrogates the mega-event phenomenon in ten countries, from North and South America, and Australia, to Western and Eastern Europe. Drawing on their historical evolution and antecedents, and following recurrent themes of urban regeneration and resistance, the book highlights the importance of major events and festivals to the creation and marketing of place through branding and regional growth. In considering a range of mega-events critically and in different national and geopolitical contexts, the book will be of interest to policy and decision-makers at local, regional, national and international levels, and will be of particular interest to professionals, scholars and students working in planning, urban studies, sport and leisure studies, and in event and festival management.

KOSOVO KNOT Petar V. Grujić, 2014-09-18 Kosovo has been a troublesome region of West Balkan for the last half millennium. The latest events, which have resulted in NATO occupation of the southern province of Serbia, marked the culmination of the violence that includes both domestic and international agencies. Many authors have dealt with the Kosovo affair, but none of them endeavored to present a complete picture of the case. This book attempts to provide a broad and objective analysis of the problem from the historical, anthropological, political and sociological points of view. The emphasis is on the sociological side of the conflicts. Only by understanding the differences of the mental structures and civilizations of the populations involved can one hope to achieve a just and sustainable solution. It is shown that the Kosovo affair is a part of the perennial issue of montagnards versus plane people. This forms the background of the conflicts West Balkan has witnessed in the last decades. The Kosovo case cannot be considered isolated from the global political situation and this book provides bold, even provocative, examinations of the principal players from outside. It provides also a detailed account of the political situation in Serbia for the last half century, with a detailed account of the struggle to overthrow Milosevic's regime.

Op 'n stormsee Tony Weaver, 2017-10-13 Die waters om die Suid-Afrikaanse kuslyn word as van die gevaarlikste ter wêreld beskou. Wisselvallige weerstoestande, sleurstrome en fratsgolwe is van die faktore wat mense in lewensgevaar laat beland en soms tot tragedies lei. Ongeag die gevaar, is die dapper vrywilligers van die Nasionale Seereddingsinstituut egter altyd bereid om hul eie lewens op die spel te plaas om ander mense te red. Hulle sal dikwels in gure weer en in die donker en ysige koue uitvaar en alles in hul vermoë doen om mense veilig terug te bring. Die boek bevat 'n versameling stories oor waagmoedige reddingspogings gevul met drama en gevaar. Van brandende skepe tot haaiavalle en sinkende vistreilers - dit is die verhaal van die mens se ewige stryd teen die see.

A Town out of Time Amber Whiting, 2018-10-22 A dark secret lies in Alium, Mississippi. Canaan Evans, a sixteen-year-old, grew up in Alium, where it is a town out of time. It was run by the Ku Klux Klan. Most of his life, he believed their every word, until a visit to his grandparents in Tennessee changed his life. He was exposed to the love of God and his view of all the other races. Canaan returned home on fire for God and sharing the gospel with everyone. While he spreads the good news, he finds himself in love with an African American girl named Hayden Williams. When Canaan finally gets the courage to confess his feelings, he is asked to go undercover to find out about a strange plan cooked up by the Klan. He agrees after he tells her his heart, but on one condition: that she be his anchor. Life in his new role is causing him to teeter on his beliefs in God and the lies of the Klan. Will Canaan be able to keep his sanity as he goes undercover?

Cars of the Soviet Union Andy Thompson, 2008 The story of the Soviet Union's cars has to be seen in the context of a planned society in which everything was planned well in advance, and consumer items were not a priority until well after the Second World War. This extraordinarily detailed study charts the history of Soviet cars from the birth of the Soviet Union in 1917 until its demise in 1990, with a conclusion about the post-Soviet era. It is the story of an insular, state-run car industry in which the carefully thought-out ideas of ministerial planners, rather than fickle customers in a free market, determined what cars were made in a country where the open road was often a 300-mile track across a windswept steppe.
