

**No Such Thing As A Fish**

**No Such Thing As A Fish**

**There's No Such Thing As Free Speech** Stanley Fish, 1994-12-15 In an era when much of what passes for debate is merely moral posturing--traditional family values versus the cultural elite, free speech versus censorship--or reflexive name-calling--the terms liberal and politically correct, are used with as much dismissive scorn by the right as reactionary and fascist are by the left--Stanley Fish would seem an unlikely lightning rod for controversy. A renowned scholar of Milton, head of the English Department of Duke University, Fish has emerged as a brilliantly original critic of the culture at large, praised and pilloried as a vigorous debunker of the pieties of both the left and right. His mission is not to win the cultural wars that preoccupy the nation's attention, but rather to redefine the terms of battle. In *There's No Such Thing as Free Speech*, Fish takes aim at the ideological gridlock paralyzing academic and political exchange in the nineties. In his witty, accessible dissections of the swirling controversies over multiculturalism, affirmative action, canon revision, hate speech, and legal reform, he neatly eviscerates both the conservatives' claim to possession of timeless, transcendent values (the timeless transcendence of which they themselves have conveniently identified), and the intellectual left's icons of equality, tolerance, and non-discrimination. He argues that while conservative ideologues and liberal stalwarts might disagree vehemently on what is essential to a culture, or to a curriculum, both mistakenly believe that what is essential can be identified apart from the accidental circumstances (of time and history) to which the essential is ritually opposed. In the book's first section, which includes the five essays written for Fish's celebrated debates with Dinesh D'Souza (the author and former Reagan

White House policy analyst), Fish turns his attention to the neoconservative backlash. In his introduction, Fish writes, Terms that come to us wearing the label 'apolitical'--'common values', 'fairness', 'merit', 'color blind', 'free speech', 'reason'--are in fact the ideologically charged constructions of a decidedly political agenda. I make the point not in order to level an accusation, but to remove the sting of accusation from the world 'politics' and redefine it as a synonym for what everyone inevitably does. Fish maintains that the debate over political correctness is an artificial one, because it is simply not possible for any party or individual to occupy a position above or beyond politics. Regarding the controversy over the revision of the college curriculum, Fish argues that the point is not to try to insist that inclusion of ethnic and gender studies is not a political decision, but to point out that any alternative curriculum--say a diet of exclusively Western or European texts--would be no less politically invested. In Part Two, Fish follows the implications of his arguments to a surprising rejection of the optimistic claims of the intellectual left that awareness of the historical roots of our beliefs and biases can allow us, as individuals or as a society, to escape or transcend them. Specifically, he turns to the movement for reform of legal studies, and insists that a dream of a legal culture in which no one's values are slighted or declared peripheral can no more be realized than the dream of a concept of fairness that answers to everyone's notions of equality and justice, or a yardstick of merit that is true to everyone's notions of worth and substance. Similarly, he argues that attempts to politicize the study of literature are ultimately misguided, because recharacterizations of literary works have absolutely no impact on the mainstream of political life. He concludes his critique of the academy with *The Unbearable Ugliness of Volvos*, an extraordinary look at

some of the more puzzling, if not out-and-out masochistic, characteristics of a life in academia. Penetrating, fearless, and brilliantly argued, *There's No Such Thing as Free Speech* captures the essential Fish. It is must reading for anyone who cares about the outcome of America's cultural wars.

**The Book of the Year 2019** *No Such Thing As A Fish*, 2019-10-24 The Book of the Year is back, with yet another pro-rogues gallery of the most amazing, audacious and absolutely absurd news of 2019. Once again the fact-finding foursome behind the podcast *No Such Thing As A Fish* have been newspaper-trawling and website-crawling to create your ultimate guide to the past twelve months. Learn which of Donald Trump's claims are so bizarre they can't even be fact-checked. Find out why every single French MP received camembert in the post. And get to the bottom of all the improvements made to the Ford company's robotic bum. All this and much, much more, including the news that: · Two tourists planning to visit the Norwegian village of Å, ended up 1,310km away, in Aa. · Five guys were arrested at a branch of Five Guys. · *Hollyoaks* was partly written by the British government. · The US town of Hell froze over. From Assange to Zuckerberg, taking in Cardi B, CCTV, D-Day, and eSports, *The Book of the Year* is the only book you need to make sense of the year, no matter how senseless it might have seemed.

**Why Fish Don't Exist** Lulu Miller, 2021-04-06 Nineteenth-century scientist David Starr Jordan built one of the most important fish specimen collections ever seen, until the 1906 San Francisco earthquake shattered his life's work.

*The Book of the Year* *No Such Thing As A Fish*, 2017-11-02 In a year when much of the news was believable but fake, comes a book packed with stories that are unbelievable but

true. The Book of the Year is a hilarious guide to 2017's most extraordinary events, unearthed by the creators of the award-winning hit comedy podcast No Such Thing As A Fish. Each week, over a million people tune in to find out what bizarre and astonishing facts Dan, James, Anna and Andy have found out over the previous seven days. Now the gang have turned their attention to the news of the past twelve months. You'll discover the curious details behind the main headlines – how Donald Trump slept on the 66th floor of a 58-storey building, what effect Brexit had on Coco Pops, and why China's president can't stand Winnie the Pooh – as well as hundreds of stories you may have missed entirely, like the news that: · Qatar built a refugee camp for camels. · The world's first avocado restaurant ran out of avocados on its first day. · The victim of Britain's first ever shark attack ended up with a cut thumb. From strange inventions to baffling elections, via a surprising amount of sausage news, The Book of the Year is an eye-opening tour of the incredible year you didn't know you'd lived through.

Eye of the Shoal Helen Scales, 2018-05-03 'Scales's genuine appreciation and awe for fish are contagious.'- Science 'Delightful' - New Scientist Seventy per cent of the earth's surface is covered by water. This vast aquatic realm is inhabited by a multitude of strange creatures and reigning supreme among them are the fish. There are giants that live for centuries and thumb-sized tiddlers that survive only weeks; they can be pancake-flat or inflatable balloons; they can shout with colours or hide in plain sight, cheat and dance, remember and say sorry; some rarely budge while others travel the globe restlessly. And yet the mesmerising and complex lives of fish remain largely underrated and unseen, living hidden beneath the waterline, out of sight and out of mind. Helen Scales is our

guide on an underwater journey, as we fathom the depths and watch these animals going about the glorious business of being fish. As well as the fish, we meet devoted fishwatchers past and present, from voodoo zombie potion hunters and scientists who taught fish how to walk to nonagenarian explorers of the deep sea. Woven throughout are vignettes of Helen's own aquatic explorations, from eerie nighttime dives with glowing fish and up-close encounters with giant manta rays, to floating in the middle of a swirling shoal being watched by thousands of inquisitive eyes. As well as being a rich and entertaining read, this book will inspire readers to think again about these animals and the seas they inhabit, and to go out and appreciate the wonders of fish, whether through the glass walls of an aquarium or, better still, by gazing into the fishes' wild world and swimming through it. 'Engaging and informative' The Economist

**The Encyclopedia of underwater life** Andrew C. Campbell, John Dawes, 2007

Examining the creatures that inhabit our seas, rivers, lakes and oceans, this encyclopedia takes a journey through the underwater world, uncovering the thousands of species that live and breed in the aquatic environment.

**No Such Thing as a Bad Day** Hamilton Jordan, 2001-05 Former White House chief of staff recounts his bouts with non-Hodgkins lymphoma, melanoma, and prostate cancer.

Funny You Should Ask . . . The QI Elves, 2020-10-13 \*\*\*PRE-ORDER FUNNY YOU SHOULD ASK . . . AGAIN: MORE OF YOUR QUESTIONS ANSWERED BY THE QI ELVES NOW\*\*\* The perfect gift for all those big and little kids in your life who ask 'why...?'. WITH AN INTRODUCTION BY ZOE BALL Pre-order the next book in this series, 222 QI Answers to Your Quite Ingenious Questions, published in paperback on 3rd November. 'QI have

outdone themselves!' ALAN DAVIES 'Fabulous . . . A cracker of a book!' SUE PERKINS 'The QI Elves are barnstormingly brilliant.' ZOE BALL 'Genuinely useful and endlessly fascinating.' THE SPECTATOR 'Hilarious.' DAILY MAIL The QI Elves are the brains behind the enduringly popular BBC TV panel show QI. Every Wednesday the Elves appear on The Zoe Ball Breakfast Show where they answer the ponderings and wonderings of BBC Radio 2's most inquisitive listeners. Dive into this splendid collection of listeners' unusual questions and some unexpected answers that are sure to make your head spin on topics ranging from goosebumps to grapefruit, pizza to pirates and everything in-between. Generously sprinkled with extra facts and questions from the Elves, Funny You Should Ask . . . is essential reading for the incurably curious. How much water would you need to put out the Sun? If spiders can walk on the ceiling, why can't they get out of the bath? Why do dads make such bad jokes? Why does red mean 'stop' and green mean 'go'? Can I dig a tunnel to the other side of the Earth? How do plant seeds know which way is up? Can you fill up a black hole? Who popularised the recorder, and where can I get hold of them? For more from the team behind QI, visit [qi.com](http://qi.com). World Without Fish Mark Kurlansky, 2018-06-15 A KID'S GUIDE TO THE OCEAN Can you imagine a world without fish? It's not as crazy as it sounds. But if we keep doing things the way we've been doing things, fish could become extinct within fifty years. So let's change the way we do things! World Without Fish is the uniquely illustrated narrative

nonfiction account—for kids—of what is happening to the world’s oceans and what they can do about it. Written by Mark Kurlansky, author of *Cod*, *Salt*, *The Big Oyster*, and many other books, *World Without Fish* has been praised as “urgent” (Publishers Weekly) and “a wonderfully fast-paced and engaging primer on the key questions surrounding fish and the sea” (Paul Greenberg, author of *Four Fish*). It has also been included in the New York State Expeditionary Learning English Language Arts Curriculum. Written by a master storyteller, *World Without Fish* connects all the dots—biology, economics, evolution, politics, climate, history, culture, food, and nutrition—in a way that kids can really understand. It describes how the fish we most commonly eat, including tuna, salmon, cod, swordfish—even anchovies— could disappear within fifty years, and the domino effect it would have: the oceans teeming with jellyfish and turning pinkish orange from algal blooms, the seabirds disappearing, then reptiles, then mammals. It describes the back-and-forth dynamic of fishermen, who are the original environmentalists, and scientists, who not that long ago considered fish an endless resource. It explains why fish farming is not the answer—and why sustainable fishing is, and how to help return the oceans to their natural ecological balance. Interwoven with the book is a twelve-page graphic novel. Each beautifully illustrated chapter opener links to the next to form a larger fictional story that perfectly complements the text.

*Is That a Fish in Your Ear?* David Bellos, 2011-10-11 A New York Times Notable Book for 2011 One of The Economist's 2011 Books of the Year People speak different languages, and always have. The Ancient Greeks took no notice of anything unless it was said in Greek; the Romans made everyone speak Latin; and in India, people learned their

neighbors' languages—as did many ordinary Europeans in times past (Christopher Columbus knew Italian, Portuguese, and Castilian Spanish as well as the classical languages). But today, we all use translation to cope with the diversity of languages. Without translation there would be no world news, not much of a reading list in any subject at college, no repair manuals for cars or planes; we wouldn't even be able to put together flat-pack furniture. *Is That a Fish in Your Ear?* ranges across the whole of human experience, from foreign films to philosophy, to show why translation is at the heart of what we do and who we are. Among many other things, David Bellos asks: What's the difference between translating unprepared natural speech and translating Madame Bovary? How do you translate a joke? What's the difference between a native tongue and a learned one? Can you translate between any pair of languages, or only between some? What really goes on when world leaders speak at the UN? Can machines ever replace human translators, and if not, why? But the biggest question Bellos asks is this: How do we ever really know that we've understood what anybody else says—in our own language or in another? Surprising, witty, and written with great *joie de vivre*, this book is all about how we comprehend other people and shows us how, ultimately, translation is another name for the human condition.

**2,024 QI Facts To Stop You In Your Tracks** John Lloyd, James Harkin, Anne Miller, 2018-10-16 EVERYTHING TO PLAY FOR - A NEW BOOK BY QI ELVES JAMES HARKIN AND ANNA PTASZYNSKI - IS AVAILABLE FOR PREORDER NOW \*THE SUNDAY TIMES TOP TEN BESTSELLER\* 'I love these books ... the best books ever. Brilliant' Chris Evans A bumper final edition of the most surprising, amazing, and hilarious facts on the

planet from the clever-clogs at QI. QI is the smartest comedy show on British television. Here creator John Lloyd and QI Elves James Harkin and Anne Miller bring together 2,024 brain-tickling brand new facts to stop you in your tracks... Did you know that: Humans glow in the dark. The Pope drives a blue Ford Focus. One of the moons of Uranus is called Margaret. Scottish football referees are sponsored by Specsavers. Dogs visiting US National Parks can be certified as Bark Rangers. The world's smallest computer is smaller than a grain of sand. Candyfloss was invented by a dentist. Nobody knows who named the Earth.

**The Handshake** Ella Al-Shamahi, 2021-03-25 'It's a little book of wonder, it's fantastic' Chris Evans 'A fabulously sparky, wide-ranging and horizon-broadening little study ... joyously unborning' Sunday Times Friends do it, strangers do it and so do chimpanzees - and it's not just deeply embedded in our history and culture, it may even be written in our DNA. The humble handshake, it turns out, has a rich and surprising history. So let's join palaeoanthropologist Ella Al-Shamahi as she embarks on a funny and fascinating voyage of discovery - from the handshake's origins (at least seven million years ago) all the way to its sudden disappearance in March 2020. Drawing on new research, anthropological insights and first-hand experience, she'll reveal how this most friendly of gestures has played a role in everything from meetings with uncontacted tribes to political assassinations - and what it tells us about the enduring power of human contact. Because the story of the handshake ... is far from over.

The Importance of Being Trivial Mark Mason, 2008-09-12 If you're intrigued by the fact that Jack the Ripper was left-handed, or that Heinz ketchup flows at 0.7 miles per day -

and, more importantly, intrigued by why you're intrigued - then this book is required reading. Convinced that our love of trivia must reveal something truly important about us, Mark Mason sets out to discover what that something is. And, in the process, he asks the fundamental questions that keep all trivialists awake at night: Why is it so difficult to forget that Keith Richards was a choirboy at the Queen's coronation when it's so hard to remember what we did last Thursday? Are men more obsessed with trivia than women? Can it be proved that house flies hum in the key of F? Can anything ever really be proved? And the biggest question of them all: is there a perfect fact, and if so what is it?

*1,423 QI Facts to Bowl You Over* John Lloyd, James Harkin, Anne Miller, John Mitchinson, 2017-10-03 'I love these books ... the best books ever. Brilliant' Chris Evans The sixth book in the bestselling series brings bizarre, astonishing, conversation-starting facts from the clever clogs at the hugely popular BBC quiz show QI. Did you know that: Iceland imports ice cubes. A group of ladybirds is called a loveliness. It is illegal in Saudi Arabia to name a child Sandi. Eight billion particles of fog can fit into a teaspoon. People who read books live longer than people who don't. Prince Philip was born on a kitchen table in Corfu. No human beings have ever had sex in space. Netflix's biggest competitor is sleep. Mice sigh up to 40 times an hour.

**This Is Water** Kenyon College, 2014-05-22 Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in *THIS IS WATER*. How does one keep from going through their comfortable, prosperous adult life unconsciously? How do we get ourselves out of the foreground of our thoughts and achieve compassion?

The speech captures Wallace's electric intellect as well as his grace in attention to others. After his death, it became a treasured piece of writing reprinted in The Wall Street Journal and the London Times, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-of-a-kind blend of causal humor, exacting intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

*This Is Water* David Foster Wallace, 2009-04-14 In this rare peak into the personal life of the author of numerous bestselling novels, gain an understanding of David Foster Wallace and how he became the man that he was. Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in *This is Water*. How does one keep from going through their comfortable, prosperous adult life unconsciously? How do we get ourselves out of the foreground of our thoughts and achieve compassion? The speech captures Wallace's electric intellect as well as his grace in attention to others. Hyperbole and a Half Allie Brosh, 2013-10-29 #1 New York Times Bestseller “Funny and smart as hell” (Bill Gates), Allie Brosh’s *Hyperbole and a Half* showcases her unique voice, leaping wit, and her ability to capture complex emotions with deceptively simple

illustrations. FROM THE PUBLISHER: Every time Allie Brosh posts something new on her hugely popular blog *Hyperbole and a Half* the internet rejoices. This full-color, beautifully illustrated edition features more than fifty percent new content, with ten never-before-seen essays and one wholly revised and expanded piece as well as classics from the website like, “The God of Cake,” “Dogs Don’t Understand Basic Concepts Like Moving,” and her astonishing, “Adventures in Depression,” and “Depression Part Two,” which have been hailed as some of the most insightful meditations on the disease ever written. Brosh’s debut marks the launch of a major new American humorist who will surely make even the biggest scrooge or snob laugh. We dare you not to. FROM THE AUTHOR: This is a book I wrote. Because I wrote it, I had to figure out what to put on the back cover to explain what it is. I tried to write a long, third-person summary that would imply how great the book is and also sound vaguely authoritative—like maybe someone who isn’t me wrote it—but I soon discovered that I’m not sneaky enough to pull it off convincingly. So I decided to just make a list of things that are in the book: Pictures Words Stories about things that happened to me Stories about things that happened to other people because of me Eight billion dollars\* Stories about dogs The secret to eternal happiness\* \*These are lies. Perhaps I have underestimated my sneakiness!

*Gould's Book of Fish* Richard Flanagan, 2014-09-23 Winner of the Commonwealth Prize New York Times Book Review—Notable Fiction 2002 Entertainment Weekly—Best Fiction of 2002 Los Angeles Times Book Review—Best of the Best 2002 Washington Post Book World—Raves 2002 Chicago Tribune—Favorite Books of 2002 Christian Science Monitor—Best Books 2002 Publishers Weekly—Best Books of 2002 The Cleveland Plain

Dealer—Year’s Best Books Minneapolis Star Tribune—Standout Books of 2002 Once upon a time, when the earth was still young, before the fish in the sea and all the living things on land began to be destroyed, a man named William Buelow Gould was sentenced to life imprisonment at the most feared penal colony in the British Empire, and there ordered to paint a book of fish. He fell in love with the black mistress of the warder and discovered too late that to love is not safe; he attempted to keep a record of the strange reality he saw in prison, only to realize that history is not written by those who are ruled. Acclaimed as a masterpiece around the world, Gould’s *Book of Fish* is at once a marvelously imagined epic of nineteenth-century Australia and a contemporary fable, a tale of horror, and a celebration of love, all transformed by a convict painter into pictures of fish.

**The Theory of Everything Else** Dan Schreiber, 2023-06-27 A pleasure. ... Suitable for beach reading or for mainlining before a dinner party. —Dan Piepenbring, New York Times Book Review (Editors' Choice) Absorbing. ... As thoughtfully written as it is nuts. —Chicago Tribune A collection of the world’s most mind-boggling, thought-provoking, and downright hilarious theories by the co-host of the hit podcast *No Such Thing as a Fish*, Dan Schreiber. Why are we here? Do ghosts exist? Will we ever travel back in time? Are we being visited by extraterrestrials? Will we ever talk to animals? Are we being told the truth? Are mysterious creatures roaming the Earth? And why, when you’re in the shower, does the shower curtain always billow in towards you? We don’t know the answers to any of these questions (that includes the shower-curtain one, which is a mystery that has eluded scientists for decades, and which they are still trying to solve). But don’t worry, no matter what questions you have, you can bet on the fact that there is someone (or

something) out there, investigating it on your behalf—and Dan Schreiber collects their latest findings. From the Silicon Valley tech billionaires currently trying to work out whether or not the universe is one giant video game simulation to the self-proclaimed community of Italian time-travelers who are trying to save the world from destruction; *The Theory of Everything Else* will act as a handbook for those who want to think differently.

*There's No Such Thing as a Dragon* Jack Kent, 2001 Billy Bixbee's mother won't admit that dragons exist until it is nearly too late.

### Unveiling the Magic of Words: A Review of "**No Such Thing As A Fish**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**No Such Thing As A Fish**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve to the book's central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.
