A Grammar of Madurese William D. Davies,2010-08-31 Madurese is a major regional language of Indonesia, with some 14 million speakers, mainly on the island of Madura and adjacent parts of Java, making it the fourth largest language of Indonesia after Indonesian, Javanese, and Sundanese. There is no existing comprehensive descriptive grammar of the language, with existing studies being either sketches of the whole grammar, or detailed descriptions of phonology and morphology or some particular topics within these components of the grammar. There is no competing work that provides the breadth and depth of coverage of this grammar, in particular (though not exclusively) with regard to syntax.

Science and Technology in Southern Africa and East and Central Asia Rubin Patterson,1999 The theme of this book is threefold: 1) the proposition that no underdeveloped nation will be empowered to meet the needs and aspirations of its citizens without the adoption of advancing Science & Technology. 2) potentially the most enabling cluster of advanced technologies for development in the South: information technologies (IT). 3) the crucial subject of technology transfer by comparing Japan s technology transfer to Southeast Asia and Southern Africa.

Drowning in Gruel George Singleton,2006-06-05 Take a darkly hilarious trip through a South Carolina town with the “unchallenged king of the comic Southern short story” (The Atlanta Journal-Constitution). “Usually stories about small, quirky, southern towns are full of adorable, quirky characters that share their unusual philosophies with us and teach us how to enjoy life (think Forrest Gump or even Midnight in the Garden of Good and Evil). Gruel may be small, southern, and quirky, but it is also as miserable as its name sounds. The inhabitants are miserable. Even people from as far away as New York who happen to stop by Gruel are miserable . . . Fortunately, the writing is good enough that the misery becomes somehow enjoyable.” —Booklist “George Singleton is a madman. He’s also one of the most talented American writers the South has turned out in decades.” —The Post and Courier

The Hue and Cry at Our House Benjamin Taylor,2017-05-23 The award-winning memoir of one tumultuous year of boyhood in Fort Worth, Texas, opening with a handshake with JFK, and recalling the changes and revelations of the months that followed. Winner of the LA Times Christopher Isherwood Prize for Autobiographical Prose, and a New York Times Editor's Choice. “A marvel of a book—elegant, touching, singular.” —Mary Karr “Brief and moving . . . An elegantly written book, erudite, perceptive and at times painfully candid.”—Moirra Hodgson, Wall Street Journal After John F. Kennedy’s speech in front of the Hotel Texas in Fort Worth on November 22, 1963, he was greeted by, among others, an 11-year-old Benjamin Taylor and his mother waiting to shake his hand. Only a few hours later, Taylor’s teacher called the class in from recess and, through tears, told them of the president’s assassination. From there Taylor traces a path through the next twelve months, recalling the tumult as he saw everything he had once considered stable begin to grow more complex. Looking back on the love and tension within his family, the childhood friendships that lasted and those that didn’t, his memories of summer camp and family trips, he reflects upon the outsized impact our larger American story had on his own. Benjamin Taylor is one of the most talented writers working today. In lyrical, translucent prose, he thoughtfully extends the story of twelve months into the years before and after, painting a portrait of the artist not simply as a young man, but across his whole life. As he writes, “[A]ny twelve months could stand for the whole. Our years are so implicated in one another that the least important is important enough . . . Any year I chose would show the same mettle, the same frailties stamping me at eleven and twelve.”
