William George Aston

**Wondrous Brutal Fictions** ,2013-04-16 As works of Buddhist fiction, these texts relate the histories and miracles of particular buddhas, bodhisattvas, and local deities. Many of their protagonists have become recognizable cultural icons through their representation in later works of Japanese drama, fiction, and film. The collection includes such sekkyo sermon-ballad classics as Sansho Dayu, Karukaya, and Oguri, as well as the old joruri plays Goo-no-hime and Amida's Riven Breast. R. Keller Kimbrough provides a critical introduction to each vibrant performance genre, emphasizing the role of seventeenth-century publishing.

**The Imperial Family of Japan** Richard Arthur Brabazon Ponsonby-Fane,1915

Encyclopedia of Ancient Deities Charles Russell Coulter,Patricia Turner,2013-07-04 The history of the divine is the history of human thought. For as long as men and women have pondered the mysteries of their existence, they have answered their own questions with stories of gods and goddesses. Belief in these deities shaped whole civilizations, yet today many of their names and images lie buried. The Encyclopedia of Ancient Deities makes those names available to the general reader as well as the scholar. This reference work lists all the known gods through recorded history. Alphabetically arranged entries provide the name of each deity (with alternate spellings), as well as notes on names that may be linguistically or functionally related. The tribe or culture that worshiped the deity is identified, and the god's origins and functions are explained. An extensive bibliography provides opportunities for further research and an exhaustive index provides access to the entries through virtually all names, forms and kinds of deities.

**Proceedings of the International Symposium on Endogenous and Exogenous Plant Bioregulators** A. D. Webster,Jung-Myung Lee,2008

**The Tokugawa World** Gary P. Leupp,De-min Tao,2021-09-20 With over 60 contributions, The Tokugawa World presents the latest scholarship on early modern Japan from an international team of specialists in a volume that is unmatched in its breadth and scope. In its early modern period, under the Tokugawa shoguns, Japan was a world apart. For over two centuries the shogun's subjects were forbidden to travel abroad and few outsiders were admitted. Yet in this period, Japan evolved as a nascent capitalist society that could rapidly adjust to its incorporation into the world system after its forced opening in the 1850s. The Tokugawa World demonstrates how Japan's early modern society took shape and evolved: a world of low and high cultures, comic books and Confucian academies, soba restaurants and imperial music recitals, rigid enforcement of social hierarchy yet also ongoing resistance to class oppression. A world of outcasts, puppeteers, herbal doctors, samurai officials, businesswomen, scientists, scholars, blind lutenists, peasant rebels, tea-masters, sumo wrestlers, and wage workers. Covering a variety of features of the Tokugawa world including the physical landscape, economy, art and literature, religion and thought, and education and science, this volume is essential reading for all students and scholars of early modern Japan.

**Mountain Witches** Noriko T. Reider,2021-07-01 Mountain Witches is a comprehensive guide to the complex figure of yamauba—female yōkai often translated as mountain witches, who are commonly described as tall, enigmatic women with long hair, piercing eyes, and large mouths that open from ear to ear and who live in the mountains—and the evolution of their roles and significance in Japanese culture and society from the premodern era to the present. In recent years yamauba have attracted much attention among scholars of women's literature as women unconstrained by conformative norms or social expectations, but this is the first book to demonstrate how these figures contribute to folklore, Japanese studies, cultural studies, and gender studies. Situating the yamauba within the construct of yōkai and archetypes, Noriko T. Reider investigates the yamauba attributes through the examination of narratives including folktales, literary works, legends, modern fiction, manga, and anime. She traces the lineage of a yamauba image from the seventh-century text Kojiki to the streets of Shibuya, Tokyo, and explores its emergence as well as its various, often conflicting, characteristics. Reider also examines the adaptation and re-creation of the prototype in diverse media such as modern fiction, film, manga, anime, and fashion in relation to the changing status of women in Japanese society. Offering a comprehensive overview of the development of the yamauba as a literary and mythic trope, Mountain Witches is a study of an archetype that endures in Japanese media and folklore. It will be valuable to students, scholars, and the general reader interested in folklore, Japanese literature, demonology, history, anthropology, cultural studies, gender studies, and the visual and performing arts.

**Seven Demon Stories from Medieval Japan** Noriko Reider,2016-10-03 In Japanese culture, oni are ubiquitous supernatural creatures who play important roles in literature, lore, and folk belief. Characteristically ambiguous, they have been great and small, mischievous and dangerous, and ugly and beautiful over their long history. Here, author Noriko Reider presents seven oni stories from medieval Japan in full and translated for an English-speaking audience. Reider, concordant with many scholars of Japanese cultural studies, argues that to study oni is to study humanity. These tales are from an era in which many new oni stories appeared for the purpose of both entertainment and moral/religious edification and for which oni were particularly important, as they were perceived to be living entities. They reflect not only the worldview of medieval Japan but also themes that inform twenty-first-century Japanese pop and vernacular culture, including literature, manga, film, and anime. With each translation, Reider includes an introductory essay exploring the historical and cultural importance of the characters and oni manifestations within this period. Offering new insights into and interpretations of not only the stories therein but also the entire genre of Japanese ghost stories, Seven Demon Stories is a valuable companion to Reider's 2010 volume Japanese Demon Lore. It will be of significant value to folklore scholars as well as students of Japanese culture.

**Kicho & Nobunaga 2nd edition** Rumi Komonz,2021-03-15 Exploring Lady Nobunaga's involvement in her warlord husband's triumph and tragedy during the social upheaval of 16c Japan, Rumi presents her theory to the most debated mystery in the Japaese history.

**African Samurai** Thomas Lockley,Geoffrey Girard,2019-04-30 This biography of the first foreign-born samurai and his journey from Africa to Japan is “a readable, compassionate account of an extraordinary life” (The Washington Post). When Yasuke arrived in Japan in the late 1500s, he had already traveled much of the known world. Kidnapped as a child, he had ended up a servant and bodyguard to the head of the Jesuits in Asia, with whom he traversed India and China learning multiple languages as he went. His arrival in Kyoto, however, literally caused a riot. Most Japanese people had never seen an African man before, and many of them saw him as the embodiment of the black-skinned Buddha. Among those who were drawn to his presence was Lord Nobunaga, head of the most powerful clan in Japan, who made Yasuke a samurai in his court. Soon, he was learning the traditions of Japan's martial arts and ascending the upper echelons of Japanese society. In the four hundred years since, Yasuke has been known in Japan largely as a legendary, perhaps mythical figure. Now African Samurai presents the never-before-told biography of this unique figure of the sixteenth century, one whose travels between countries and cultures offers a new perspective on race in world history and a vivid portrait of life in medieval Japan. “Fast-paced, action-packed writing. . . . A new and important biography and an incredibly moving study of medieval Japan and solid perspective on its unification. Highly recommended.” –Library Journal (starred review) “Eminently readable. . . . a worthwhile and entertaining work.” –Publishers Weekly “A unique story of a unique man, and yet someone with whom we can all identify.” –Jack Weatherford, New York Times–bestselling author of Genghis Khan

**Les forgerons des oasis** Simon Oeriu,2018

**Shinto, the Way of the Gods** William George Aston,1905

Weaving and Binding Michael Como,2009-09-02 Among the most exciting developments in the study of Japanese religion over the past two decades has been the discovery of tens of thousands of ritual vessels, implements, and

scapegoat dolls (hitogata) from the Nara (710–784) and early Heian (794–1185) periods. Because inscriptions on many of the items are clearly derived from Chinese rites of spirit pacification, it is now evident that previous scholarship has mischaracterized the role of Buddhism in early Japanese religion. Weaving and Binding makes a compelling argument that both the Japanese royal system and the Japanese Buddhist tradition owe much to continental rituals centered on the manipulation of yin and yang, animal sacrifice, and spirit quelling. Building on these recent archaeological discoveries, Michael Como charts an epochal transformation in the religious culture of the Japanese islands, tracing the transmission and development of fundamental paradigms of religious practice to immigrant lineages and deities from the Korean peninsula. In addition to archaeological materials, Como makes extensive use of a wide range of textual sources from across Asia, including court chronicles, poetry collections, gazetteers, temple records, and divinatory texts. As he investigates the influence of myths, legends, and rites of the ancient Chinese festival calendar on religious practice across the Japanese islands, Como shows how the ability of immigrant lineages to propitiate hostile deities led to the creation of elaborate networks of temple-shrine complexes that shaped later sectarian Shinto as well as popular understandings of the relationship between the buddhas and the gods of Japan. For much of the book, this process is examined through rites and legends from the Chinese calendar that were related to weaving, sericulture, and medicine—technologies that to a large degree were controlled by lineages with roots in the Korean peninsula and that claimed female deities and weaving maidens as founding ancestors. Como’s examination of a series of ancient Japanese legends of female immortals, weaving maidens, and shamanesses reveals that female deities played a key role in the moving of technologies and ritual practices from peripheral regions in Kyushu and elsewhere into central Japan and the heart of the imperial cult. As a result, some of the most important building blocks of the purportedly native Shinto tradition were to a remarkable degree shaped by the ancestral cults of immigrant lineages and popular Korean and Chinese religious practices. This is a provocative and innovative work that upsets the standard interpretation of early historical religion in Japan, revealing a complex picture of continental cultic practice both at court and in the countryside.

Shinto, the Way of the Gods W. G. Aston, 2021-01-01 Materials for the Study of Shinto; Personification; Deification of Men; Functions of Gods; Myth; The Mythical Narrative; Nature-Deities; Man-Deities; The Priesthood; Worship; Morals, Law, and Purity; Ceremonial; Magic, Divination, Inspiration; and, Decay of Shinto. As compared with the great religions of the world, Shinto, the old Kami cult of Japan, is decidedly rudimentary in its character. Its polytheism, the want of a Supreme Deity, the comparative absence of images and of a moral code, its feeble personifications and hesitating grasp of the conception of spirit, the practical non-recognition of a future state, and the general absence of a deep, earnest faith--all stamp it as perhaps the least developed of religions which have an adequate literary record. Still, it is not a primitive cult. It had an organized priesthood and an elaborate ritual. The general civilization of the Japanese when Shinto assumed the form in which we know it had left the primitive stage far behind. They were already an agricultural nation, a circumstance by which Shinto has been deeply influenced. They had a settled government, and possessed the arts of brewing, making pottery, building ships and bridges, and working in metals. It is not among such surroundings that we can expect to find a primitive form of religion. The present treatise has two objects. It is intended, primarily and chiefly, as a repertory of the more significant facts of Shinto for the use of scientific students of religion. It also comprises an outline theory of the origin and earlier stages of the development of religion, prepared with special reference to the Shinto evidence. The subject is treated from a positive, not from a negative or agnostic standpoint, Religion being regarded as a normal function, not [Pg vi]a disease, of humanity. This element of the work owes much to the continental scholars Réville, Goblet D'Alviella, and Pfleiderer. In anthropological matters, I have been much indebted to Dr. Tylor's 'Primitive Culture' and Mr. J. G. Frazer's 'Golden Bough.' I should not omit to express my obligations to my friend Mr. J. Troup for assistance with the proofs and for a number of useful corrections and suggestions.

*A Book of Women Poets from Antiquity to Now* Alik Barnstone, Willis Barnstone, 1992-04-28 A monument to the literary genius of women throughout the ages, *A Book of Women Poets from Antiquity to Now* is an invaluable collection. Here in one volume are the works of three hundred poets from six different continents and four millennia. This revised edition includes a newly expanded section of American poets from the colonial era to the present. [A] splendid collection of verse by women (TIME) throughout the ages and around the world; now revised and expanded, with 38 American poets.

Kojiki Carlos Rubio, Rumi Tani Moratalla, 2023-10-30 El Kojiki o Crónicas de antiguos hechos es la primera obra literaria de Japón. Aclamado como el gran relicario de los antiguos mitos, leyendas y canciones de la cultura japonesa, narra las tradiciones nacionales desde sus orígenes hasta el primer cuarto del siglo VII. Obra asentada firmemente en el puente brumoso que separa el mito de la historia, sus páginas abren la puerta a un mundo mágico poblado de dioses (los celestiales y los «terrenales»), de héroes y de seres humanos que animan con sus actos y palabras el inmenso retablo multicolor, dinámico y apasionante que anuncia los albores de la civilización japonesa. Ésta es su primera versión en español desde el original japonés.

*Takamure Itsue, Japanese Antiquity, and Matricultural Paradigms that Address the Crisis of Modernity* Yasuko Sato, 2023-06-30 This book explores Takamure Itsue’s (1894–1964) intellectual odyssey as Japan’s most notable pioneer in the study of women’s history. When she embarked on a series of scholarly projects that investigated marriage patterns and kinship systems in ancient Japan, it was a response to crisis-ridden modernity. Relentless in her quest to dismantle patriarchy, this “woman from the Land of Fire” (a nickname for her birthplace, Kumamoto Prefecture) locked herself away in 1931 and spent the rest of her life conducting research on female-friendly societies with matrilineal arrangements under kinship-based communal systems. While dissecting the patriarchal norms undergirding the capitalist nation-state, she embraced matricultural paradigms that embodied life-sustaining and life-enhancing values through communal childrearing and matrilineal inheritance. Takamure, a visionary thinker, asked big-picture questions and addressed multifarious issues of contemporary relevance, including beauty standards, human trafficking, gross disparities in wealth, war and imperialism, science and religion, and humanity’s relationship with nature.

Nohime Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast

array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Nohime PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Nohime PDF books and manuals is convenient and

cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Nohime free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Nohime Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Nohime is one of the best book in our library for free trial. We provide copy of Nohime in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Nohime. Where to download Nohime online for free? Are you looking for Nohime PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Nohime. This method for see exactly what may be included and

adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Nohime are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Nohime. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Nohime To get started finding Nohime, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Nohime So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Nohime. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Nohime, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Nohime is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Nohime is universally compatible with any devices to read.
