Legacies: Book #3: Purgatory's Key Dayton Ward, Kevin Dillmore, 2016-08-30 The conclusion to the epic trilogy that stretches from the earliest voyages of the Starship Enterprise to Captain Kirk's historic five-year-mission—and from one universe to another—just in time for the milestone 50th anniversary of Star Trek: The Original Series! Eighteen years ago, the Starship Enterprise thwarted an alien invasion from another universe, and Captain Robert April took possession of the interdimensional transfer device that made it possible. Since then, each captain of the Enterprise, from Christopher Pike to James T. Kirk, has guarded this secret with his life. Now, Romulan agents have succeeded in stealing the device and using it to banish Ambassador Sarek and Councillor Gorkon to an unknown realm in the midst of their groundbreaking Federation-Klingon peace negotiations. With time running out as interstellar war looms in one universe—and alien forces marshal in another—will Captain Kirk and his crew preserve the tenuous peace and reclaim the key between the dimensions? ™, ®, & © 2016 CBS Studios, Inc. *Free As a Global Nomad* Paivi Kannisto, Santeri Kannisto, 2012-11-23 Free as a Global Nomad: An Old Tradition with a Modern Twist How does it feel to be forever on the move? Who are global nomads? Why did they leave their former lives? How do they finance their travels? And, ultimately, what is the meaning of life for them? In this book our fellow global nomads, travelers who wander the world without a permanent job or home, answer these intriguing questions. They are modern-day adventurers and vagrants, no one's property. Global nomads value freedom and mastery of their own lives. Their ideas draw from the everyday life and dreams of explorers, philosophers, and vagrants, some notable pioneers including Alexander the Great, Jean-Jacques Rousseau, and George Orwell. This book shows how global nomads revive the ancient ideals of a simple and beautiful life. In the process, home, nationality, freedom, and travel get a new meaning that will permanently change the way in which we perceive the world. When Paivi & Santeri met, they decided to quit their jobs and devote their time to each other and travelling. This was the beginning of a new life as global nomads in 2004. They have only one plan: no plans.

Star Trek - Legacies 3: Der Schlüssel zur Hölle Dayton Ward, Kevin Dillmore, 2021-01-20 Vor achtzehn Jahren vereitelte das Raumschiff Enterprise eine Invasion von Außerirdischen aus einem anderen Universum und Captain Robert April nahm das interdimensionale Transfergerät, das diese ermöglicht hatte, an sich. Seitdem hat jeder Captain der Enterprise – von Christopher Pike bis James T. Kirk – dieses Geheimnis mit seinem Leben

beschützt. Jetzt ist es romulanischen Agenten gelungen, dieses Gerät zu stehlen, und damit Botschafter Sarek und Ratsmitglied Gorkon mitten in den bahnbrechenden Friedensverhandlungen zwischen Föderation und Klingonen in ein unbekanntes Reich zu verbannen. Die Zeit wird knapp, denn es droht ein interstellarer Krieg. Wird es Captain Kirk und seiner Besatzung gelingen, über Universen hinweg den brüchigen Frieden zu bewahren und den Schlüssel zurückzuholen?

**The Nomad's Nomad** Luke Armstrong,2014-11-26 After I ditched my return ticket in Chile and took out a student loan to finance hitchhiking from South America to Alaska, people said, You're crazy! I replied, So was Columbus! They insisted, This is so financially unsound! I cried, So were The Pyramids! The traveling world is one of many beautiful, amusing, and terrifying moments. Sometimes, it's raccoon attacks. Other times, it's bandits on a train who want your iPod. Often, it is giving a smile that says, Sorry, I'm a gringo, and everything confuses me. When life is an extended, nomadic journey, your universe expands in wild, unimaginable ways. Even when you find yourself racing the clock to find a hospital to administer a rabies vaccination, you can't help but fall in love with each new day and the unexpected prospects it brings. Here are forty tales from the winding path of my nomadic travels. I wouldn't trade these moments of wonder, heartbreak, humor, and discovery for anything. Happy trails!

**Reconceiving Reproductive Health: Theological and Christian Ethical Reflections** Manitza Kotzé,Nadia Marais,Nina Müller van Velden,Nadine Bowers du Toit,Mwawi N. Chilongozi,Hanzline R. Davids,Gideon R. Kotzé,Tayla Minnaar,Peter Nagel,Selina Palm,Jeremy Punt,Riaan Rheeder,Tanya van Wyk,Fralene van Zyl,2019-12-12 While reproduction is fairly often touched upon in theological and Christian ethical discussions, reproductive health is not. However, reproductive health is a matter of theological and ethical concern. Discussion pertaining to reproductive health includes a number of debates about, for instance, abortion and the termination of pregnancy, reproductive loss, childlessness, infertility, stillbirth, miscarriage and adoption. Additionally, new reproductive possibilities made available by the development of reproductive technology have necessitated theological and ethical reflection on, for example, surrogacy, post-menopausal pregnancies, litter births, single mothers or fathers by choice, in vitro fertilisation and the so-called saviour siblings. These new developments compel us to reconceive our notions of what reproductive

health is or should be. Many of these topics are receiving increasing attention in a variety of theological publications. The focus of this volume is unique, however, and to the best of our knowledge, this is the first volume dealing not only with reproductive issues, but also reflecting theologically and ethically on reproductive health. It makes a contribution by providing a variety of perspectives from different theological fields on this theme, and in many chapters, focussing especially on the South African context. These discussions are also part of urgent debates within churches, which require developing life-giving theological language and imaginative theological alternatives that may speak to experiences of matters relating to reproductive health. The popular books, TV series and films that touch upon these discussions – including *The Handmaid’s Tale* and *Mother!* – strengthen the perception that a more in-depth theological and ethical discussion on the theme may be necessary, particularly towards exploring stories and confessions from our faith tradition that may provide us with a timely opportunity to do the important work of theological “reconceiving”.

*Introduction to the United States Air Force*, 2001 To lead the US Air Force into the future, it is necessary to understand the past and present nature of the force. With this in mind, Air Force leaders have always sought to arm members of the force with a basic knowledge and understanding of Air Force culture and history. This volume is a contribution to that ongoing educational process, but as the title states, this is only an introduction. The information provided here merely scratches the surface of the fascinating stories of the people, equipment, and operations of the Air Force Topics that are covered here in only a few short paragraphs have been, and will continue to be the subject of entire books. We hope this volume will be a starting point and a reference work to facilitate your continuing study of aerospace power. The reader should keep in mind that all the people, operations, and aerospace craft included in this book have been important to the US Air Force, but they are not the only ones that have been important. The US Air Force has gained much from other nations, other US military services, and civilian organizations and these outside influences on the US Air Force are not included in this volume. This *Introduction to the United States Air Force* is organized into two parts and five appendices. The first part is organized chronologically and groups significant operations and personalities together in several critical periods in the development of the US Air Force. The second part covers aerospace craft and is organized by type (fighters, bombers, missiles, etc.) in order to show the development of each type over time. Following Part II are appendices listing the senior leaders of the early air forces (before the creation of the US Air Force in 1947), the Air Force Chiefs of Staff, the Chief Master Sergeants of the Air Force, Fighter Aces, and Medal of Honor Winners.
