The Book of Dreams Nina George, 2019-04-09 Warm, wise, and magical-the latest novel by the bestselling author of THE LITTLE PARIS BOOKSHOP and THE LITTLE FRENCH BISTRO is an astonishing exploration of the thresholds between life and death Henri Skinner is a hardened ex-war reporter on the run from his past. On his way to see his son, Sam, for the first time in years, Henri steps into the road without looking and collides with oncoming traffic. He is rushed to a nearby hospital where he floats, comatose, between dreams, reliving the fairytales of his childhood and the secrets that made him run away in the first place. After the accident, Sam-a thirteen-year old synesthete with an IQ of 144 and an appetite for science fiction-waits by his father's bedside every day. There he meets Eddie Tomlin, a woman forced to confront her love for Henri after all these years, and twelve-year old Madelyn Zeidler, a coma patient like Henri and the sole survivor of a traffic accident that killed her family. As these four very different individuals fight-for hope, for patience, for life-they are bound together inextricably, facing the ravages of loss and first love side by side. A revelatory, urgently human story that examines what we consider serious and painful alongside light and whimsy, THE BOOK OF DREAMS is a tender meditation on memory, liminality, and empathy, asking with grace and gravitas what we will truly find meaningful in our lives once we are gone.

The Book of Esther Emily Barton, 2016 In a counterfactual world resembling the 1930s, the state of Khazaria, an isolated nation of warriors Jews, is under attack by the Germanii. Esther, the precocious daughter of Khazaria's chief policy advisor, sets out on a quest to ensure the survival of her homeland—

The Book of Joan Lidia Yuknavitch, 2017-04-18 A New York Times Notable Book of 2017 The 25 Most Anticipated Books by Women for 2017, Elle Magazine The 32 Most Exciting Books Coming Out in 2017, BuzzFeed 50 Books We Can't Wait to Read in 2017, Nylon Magazine 33 New Books to Read in 2017, The Huffington Post Most Anticipated, The Great 2017 Book Preview, The Millions New York Times Book Review Editor's Choice National Bestseller "Brilliant and incendiary. . . . Radically new, full of maniacal invention and page-turning momentum. . . . Yuknavitch has exhibited a rare gift for writing that concedes little in its quest to be authentic, meaningful and relevant. By adding speculative elements to The Book of Joan, she reaches new heights with even higher stakes: the death or life of our planet." - Jeff VanderMeer, New York Times Book Review (cover review) "Stunning. . . . Yuknavitch understands that our collective narrative can either destroy or redeem us, and the outcome depends not just on who's telling it, but also on who's listening." - O, The Oprah Magazine "[A] searing fusion of literary fiction and reimagined history and science-fiction thriller and eco-fantasy. . . Yuknavitch is a bold and ecstatic writer." - NPR Books "[The Book of Joan] offers a wealth of pathos, with plenty of resonant excruciations and some disturbing meditations on humanity's place in creation . . . [It] concludes in a bold and satisfying apotheosis like some legend out of The Golden Bough and reaffirms that even amid utter devastation and ruin, hope can still blossom." - Washington Post The bestselling author of The Small Backs of Children offers a vision of our near-extinction and a heroine-a reimagined Joan of Arc-poised to save a world ravaged by war, violence, and greed, and forever change history, in this provocative new novel. In the near future, world wars have transformed the

earth into a battleground. Fleeing the unending violence and the planet's now-radioactive surface, humans have regrouped to a mysterious platform known as CIEL, hovering over their erstwhile home. The changed world has turned evolution on its head: the surviving humans have become sexless, hairless, pale-white creatures floating in isolation, inscribing stories upon their skin. Out of the ranks of the endless wars rises Jean de Men, a charismatic and bloodthirsty cult leader who turns CIEL into a quasi-corporate police state. A group of rebels unite to dismantle his iron rule-galvanized by the heroic song of Joan, a child-warrior who possesses a mysterious force that lives within her and communes with the earth. When de Men and his armies turn Joan into a martyr, the consequences are astonishing. And no one-not the rebels, Jean de Men, or even Joan herself-can foresee the way her story and unique gift will forge the destiny of an entire world for generations. A riveting tale of destruction and love found in the direct of places-even at the extreme end of post-human experience-Lidia Yuknavitch's The Book of Joan raises questions about what it means to be human, the fluidity of sex and gender, and the role of art as a means for survival.

Famous Men Who Never Lived K. Chess, 2019-03-05 Finalist for a 2019 Sidewise Award "Conceptually adventurous yet full of feeling. . . . smart, thought-provoking, and thoroughly enjoyable." —Charles Yu, author of Interior Chinatown Wherever Hel looks, New York City is both reassuringly familiar and terribly wrong. As one of the thousands who fled the outbreak of nuclear war in an alternate United States—an alternate timeline, somewhere across the multiverse—she finds herself living as a refugee in our own not—so—parallel New York. The slang and technology are foreign to her, the politics and art unrecognizable. While others, like her partner, Vikram, attempt to

assimilate, Hel refuses to reclaim her former career or create a new life. Instead, she obsessively rereads Vikram's copy of The Pyronauts—a science fiction masterwork in her world that now only exists as a single flimsy paperback—and becomes determined to create a museum dedicated to preserving the remaining artifacts and memories of her vanished culture. But the refugees are unwelcome and Hel's efforts are met with either indifference or hostility. And when the only copy of The Pyronauts goes missing, Hel must decide how far she is willing to go to recover it and finally face her own anger, guilt, and grief over what she has truly lost. With Famous Men Who Never Lived, K Chess has created a compelling and inventive speculative work on what home means to those who have lost it forever.

The Plot Jean Hanff Korelitz, 2021-05-11 \*\* NEW YORK TIMES BESTSELLER! \*\*
The Tonight Show Summer Reads Winner \*\* A New York Times Notable Book of 2021
\*\* Insanely readable. —Stephen King Hailed as breathtakingly suspenseful,
Jean Hanff Korelitz's The Plot is a propulsive read about a story too good
not to steal, and the writer who steals it. Jacob Finch Bonner was once a
promising young novelist with a respectably published first book. Today, he's
teaching in a third-rate MFA program and struggling to maintain what's left
of his self-respect; he hasn't written-let alone published—anything decent in
years. When Evan Parker, his most arrogant student, announces he doesn't need
Jake's help because the plot of his book in progress is a sure thing, Jake is
prepared to dismiss the boast as typical amateur narcissism. But then . . .
he hears the plot. Jake returns to the downward trajectory of his own career
and braces himself for the supernova publication of Evan Parker's first
novel: but it never comes. When he discovers that his former student has
died, presumably without ever completing his book, Jake does what any self-

respecting writer would do with a story like that—a story that absolutely needs to be told. In a few short years, all of Evan Parker's predictions have come true, but Jake is the author enjoying the wave. He is wealthy, famous, praised and read all over the world. But at the height of his glorious new life, an e-mail arrives, the first salvo in a terrifying, anonymous campaign: You are a thief, it says. As Jake struggles to understand his antagonist and hide the truth from his readers and his publishers, he begins to learn more about his late student, and what he discovers both amazes and terrifies him. Who was Evan Parker, and how did he get the idea for his "sure thing" of a novel? What is the real story behind the plot, and who stole it from whom?

The Book of Memory Petina Gappah, 2016-02-02 The story that you have asked me to tell you does not begin with the pitiful ugliness of Lloyd's death. It begins on a long-ago day in August when the sun seared my blistered face and I was nine years old and my father and mother sold me to a strange man. Memory, the narrator of Petina Gappah's The Book of Memory, is an albino woman languishing in Chikurubi Maximum Security Prison in Harare, Zimbabwe, after being sentenced for murder. As part of her appeal, her lawyer insists that she write down what happened as she remembers it. The death penalty is a mandatory sentence for murder, and Memory is, both literally and metaphorically, writing for her life. As her story unfolds, Memory reveals that she has been tried and convicted for the murder of Lloyd Hendricks, her adopted father. But who was Lloyd Hendricks? Why does Memory feel no remorse for his death? And did everything happen exactly as she remembers? Moving between the townships of the poor and the suburbs of the rich, and between past and present, the 2009 Guardian First Book Award-winning writer Petina Gappah weaves a compelling tale of love, obsession, the relentlessness of

fate, and the treachery of memory.

Being Dead Jim Crace, 2000-04-02 A haunting new novel about love, death, and the afterlife, from the author of Quarantine Baritone Bay, mid-afternoon. A couple, naked, married almost thirty years, are lying murdered in the dunes. Their bodies had expired, but anyone could tell--just look at them--that Joseph and Celice were still devoted. For while his hand was touching her, curved round her shin, the couple seemed to have achieved that peace the world denies, a period of grace, defying even murder. Anyone who found them

there, so wickedly disfigured, would nevertheless be bound to see that something of their love had survived the death of cells. The corpses were surrendered to the weather and the earth, but they were still a man and wife, quietly resting; flesh on flesh; dead, but not departed yet.

Middlesex Jeffrey Eugenides, 2011-07-18 Spanning eight decades and chronicling the wild ride of a Greek-American family through the vicissitudes of the twentieth century, Jeffrey Eugenides' witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family — blessed and cursed with generous doses of tragedy and high comedy. But there's a provocative twist. Cal, the narrator — also Callie — is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion. Middlesex is a grand, utterly original fable of crossed bloodlines, the intricacies of gender, and the deep, untidy promptings of desire. It's a brilliant exploration of divided people, divided families, divided cities and nations — the connected halves that make up ourselves and our world.

The Great American Novel Philip Roth, 2013-07-02 Philip Roth's richly imagined satiric narrative, The Great American Novel, turns baseball's status as national pastime and myth into an unfettered farce Featuring heroism and perfidy, lively wordplay and a cast of characters that includes the House Un-American Activities Committee. Roth is better than he's ever been before.... The prose is electric. (The Atlantic) Gil Gamesh is the only pitcher who ever tried to kill the umpire, and John Baal, The Babe Ruth of the Big House,

never hit a home run sober. But you've never heard of them -- or of the Ruppert Mundys, the only homeless big-league ball team in American history -- because of the communist plot and the capitalist scandal that expunged the entire Patriot League from baseball memory.

Home Marilynne Robinson, 2009-09-22 Glory Boughton has returned to Gilead to care for her dying father. soon her brother, Jack—the prodigal son of the family, gone for twenty years—comes home too, looking for refuge and trying to make peace with a past littered with torment and pain. A troubled boy from childhood, an alcoholic who cannot hold a job, Jack is one of the great characters in recent literature. He is perpetually at odds with his surroundings and with his traditionalist father, though he remains Reverend Boughton's most beloved child. Brilliant, beguiling, lovable and wayward, Jack forges an intense new bond with Glory and engages painfully with John Ames, his godfather and namesake. Home is a moving and healing book about families, family secrets and the passing of the generations, about love and death and faith. It is arguably Marilynne Robinson's greatest work, an unforgettable embodiment of the deepest and most universal emotions.

Lessons Ian McEwan, 2022-09-13 NEW YORK TIMES BEST SELLER • A NEW YORKER ESSENTIAL READ • From the best-selling author of Atonement and Saturday comes the epic and intimate story of one man's life across generations and historical upheavals. From the Suez Crisis to the Cuban Missile Crisis, the fall of the Berlin Wall to the current pandemic, Roland Baines sometimes rides with the tide of history, but more often struggles against it. A BEST BOOK OF THE YEAR: Vogue • The New Yorker "Masterful... McEwan is a storyteller at the peak of his powers... One of the joys of the novel is the way it weaves history into Roland's biography... The pleasure in reading this novel is letting it wash over you." —Associated Press When the world is still counting the cost of the Second World War and the Iron Curtain has closed, eleven-year-old Roland Baines's life is turned upside down. Two thousand miles from his mother's protective love, stranded at an unusual boarding school, his vulnerability attracts piano teacher Miss Miriam Cornell, leaving scars as well as a memory of love that will never fade. Now, when his wife

vanishes, leaving him alone with his tiny son, Roland is forced to confront the reality of his restless existence. As the radiation from Chernobyl spreads across Europe, he begins a search for answers that looks deep into his family history and will last for the rest of his life. Haunted by lost opportunities, Roland seeks solace through every possible means—music, literature, friends, sex, politics, and, finally, love cut tragically short, then love ultimately redeemed. His journey raises important questions for us all. Can we take full charge of the course of our lives without causing damage to others? How do global events beyond our control shape our lives and our memories? And what can we really learn from the traumas of the past? Epic, mesmerizing, and deeply humane, Lessons is a chronicle for our times—a powerful meditation on history and humanity through the prism of one man's lifetime.

One Richard Bach, 1989-10-02 I gave my life to become the person I am right now. Was it worth it? Would we change if we knew what waits beyond space and time? "With One, the ninth novel from the ever spiritual and imaginative author of Jonathan Livingston Seagull, [Richard] Bach continues his quest for a deeper understanding of human nature. . . Although the elements of a great science fiction novel are present, the plot is secondary to the novel's theme of humanity's ability to control destiny"—The Boston Herald "If you have ever tried to judge a book by its cover . . . One lives up to this question [in the headline] . . . and more . . . Bach gives the reader much to ponder, so much so in some chapters that the thoughtful may be tempted to read no more than a page at a sitting. Not because it's cumbersome reading, but because the ideas are worth savoring."—USA Today "One is a provocative book . . . it gives beautiful, hope-filled answers."—Indianapolis News

"Uplifting . . . Each of the inspirational set pieces preaches the same message: of the power of each individual to choose the ways of peace, brotherhood and love, to live with a reverence for nature and at harmony with the universe. Back again displays an inventive imagination and inspirational zeal."-Publishers Weekly "One presents a number of provocative speculations: What would it be like to meet yourself when you were older or younger? How would your life turn out if you had made different choices, split up with your spouse, been born in a different time and place? . . . With love and hope as their guides and 'what matters most' as their destination, the Bachs touch down in different times and places, where they commune with some of their alternative selves."-The New York Times Book Review "This is a strange and though-provoking fantasy from the man who gave us Jonathan Livingston Seagull and Illusions, one that is imaginative, playful, and, in places, startling in concept."-The Anniston Star "Instead of soaring and diving through space, passengers on this flight must be prepared to cruise slowly, making several stops to look at their motivation and lifestyles as the Bachs look at their own."-Detroit Free Press
